There were 1715 schools studied. **Those items with a check mark indicate where your school makes the grade. Areas in red are not intended to be punitive, but to assist you in planning for next year.**

### Scheduling of Media Center

The District Media Handbook (pages 5.4 & 5.5) states that the district procedure for elementary schools is to have a flexible access schedule. The Illinois Study indicates that reading scores were 10% higher in schools where the media center functions on a flexible access schedule and the media specialist actively collaborates with the classroom teacher. For more information about flexible access see the American Library Association weblink listed below.
