

Continuation of Home Education after 12th Grade Year Information Sheet

Please Don't Forget:

- Home education students do not receive high school diplomas from the St. Johns County School District.
- As long as your child is enrolled as a home education student in St. Johns County they are **still required to submit annual home education evaluations** in order to remain in compliance with home education statutes. Failure to submit required evaluations will trigger the district's policy regarding non-compliance with attendance laws.
- When your child does complete his or her home education program of study, we ask that you notify our office in writing so that we may withdraw your child from home education in our county.
