#### **Executive Summary**

From 2007-08 through 2011-12, the St. Johns County School District saw its amount of funds per student decreased by the Legislature. When funding reductions occur, the District still remains responsible for managing student growth, maintaining constitutional class-size requirements, opening new schools and most recently implementing a new teacher evaluation system.

Although the 2019 Legislature increased funding for St. Johns County schools by approximately \$22.7 million, the financial and economic pressures still facing the District are tremendous. As an example, despite an increase of 9.7 percent in property value this year, the capital outlay millage remains at 1.5 mills rather than the previous levy allowed by law of 2.0 mills. Thus, the ability to raise revenue commensurate with the District's capital needs is severely restricted. Revenues for the Local Capital Improvement Fund are projected to be \$44.4 million, or approximately \$3.9 million more than the prior year; yet in 2007-08 the Local Capital Improvement Funds generated approximately \$46.8 million. This equates to an approximate 5 percent decrease in revenue for capital projects, while at the same time the number of students being served increased by 54 percent from 27,737 students in 2007-08 to 42,768 students in 2019-20. Since 2007-08, the capital outlay budget has lost access to more than \$271 million. This revenue loss will continue to jeopardize our ability to maintain existing schools or build new ones as needed. In addition, the ongoing lack of both operating and capital funding could negatively impact the District's credit rating and its ability to efficiently manage its debt.

On November 3, 2015, in an effort to help alleviate the capital funding problem brought on by the aforementioned decreases, the School Board asked the general electorate of St. Johns County to approve a half-penny sales surtax initiative solely for the purpose of funding new construction, renovation/remodeling projects, technology and safety and security measures. The sales tax referendum was passed with more than 60 percent support. This new revenue stream continues to grow and will add approximately \$22 million in 2019-20. In addition, the sales tax is projected to be in excess of \$221 million during the 10-year period providing funding for necessary capital projects.

The District's revenue and expenditure budgets have changed significantly since July 2018. Highlights of the 2019-20 budget process are as follows:

- State & local funding has increased by approximately \$22,744,516.
- Per-student funding for 2019-20 is \$7,626, or approximately 3.5 percent over the prior year which equates to an additional \$257 per student for this year. However, only \$75 of that increase can be used for flexible spending (such as teacher and other employee salaries) with the balance of \$182 being earmarked for categorical line items required by the Legislature.
- Student population for 2019-20 is projected to grow by 3.9 percent, or 1,593 students.
- As a result of the lack of state funding, loss of the stimulus funding, continued student growth and other downward pressures on the budget, the District is forced to use approximately \$13.5 million from its fund balance to sustain operations during the 2019-20 school year.
- The 2019-20 budget will provide approximately 100 additional instructional staff units.
- Other pressures on the District's operating budget include the proper funding mechanisms and related plan designs for its self-insured medical plan, mandated increases in the Florida Retirement System contributions, the funding of the teacher performance pay system and the continued funding of the digital learning initiative, as well as the continued staffing changes necessary to maintain support of teaching and learning in ourschools.

- In addition, as a result of the 2019 legislative session, the Florida Legislature approved SB 7030 Implementation of Legislative Recommendations of the Public Safety Commission and SB 7070 K-12 Education Bill which are far-reaching bills that impact several different areas of the public education environment. The full financial impact of these bills has yet to be completely identified in all relevant categories for the upcoming fiscal year.
- Finally, 2019-20 will be the fourth year in a row the Legislature has "rolled back" the Required Local Effort in order to not raise local property taxes. This trend is not sustainable and needs to be addressed before its impact becomes distressing to school districts around the state.

Florida continues to be in the lowest tier in the nation in terms of per-student funding for operational needs when compared to other states. As previously mentioned, the funding did increase for 2019-20; however, the state has a long way to go to restore Florida K-12 funding to the 2007-08 level.

It cannot be overstated that the District's capital and maintenance expense budgets continue to be restricted. This is due mainly to the fact that the District student population is growing by 3.9 percent this year and, as stated earlier, has endured several years of declining capital revenue. In fact, the 2007-08 capital fund generated approximately \$46.8 million. The same capital fund will generate only \$44.4 million in 2019-20. As a reminder, the Florida Legislature reduced the allowable millage levy from 2.0 mills to 1.75 mills in 2008-09 and then again to 1.5 mills in 2009-10. It currently remains at 1.5 mills for 2019-20. For the foreseeable future, capital and maintenance projects must be prioritized with a focus on critical needs only. The District continues to be forced to move from being prepared for growth and using preventive maintenance (in order to minimize costs) to only meeting critical needs.

Although the aforementioned new sales tax revenue adds approximately \$22 million to the capital budget, it is only a fraction of what is truly needed to address the backlog of new construction, technology, safety and maintenance demands. This need will only continue to mount over the life of the sales tax revenue stream, which runs through December 2025.

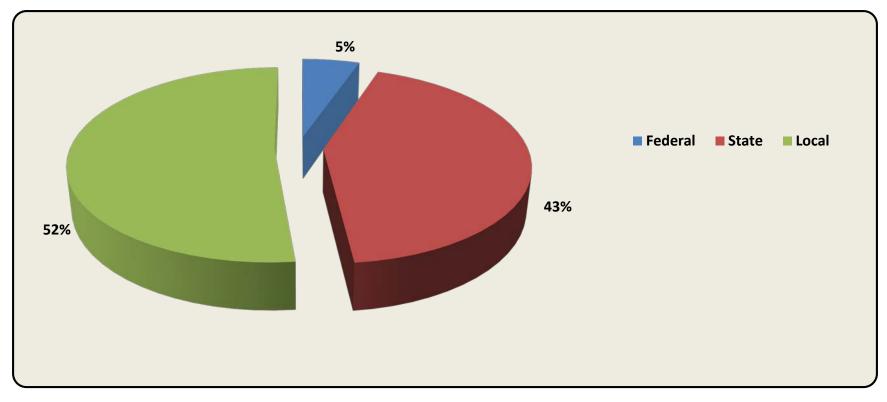

In addition, the sales tax revenue also supports approximately \$5.6 million in principal and interest payments for the construction of an elementary school and a K-8 school. Of course, this is in addition to the approximate \$19.3 million in principal and interest payments for several previously built schools and other projects and is being funded from the 1.5 mill capital outlay levy mentioned above.

Finally, if the District does not see a significant improvement in per-student base funding in the near future, it will be necessary to once again reduce operating and capital expenditure costs so there is not an emergency when our fund balance has been exhausted.

These programs are open to students from across the county and include career academies, accelerated course work and ROTC programs. One high school and one middle school serve as a program of choice for the arts. An application process is required and families must provide transportation to students attending Programs of Choice away from their zoned school.

#### **Charter School Programs**

Currently, three charter schools exist in St. Johns County. They are: Therapeutic Learning Center, providing an Early Childhood program for students with disabilities or developmental delays; St. Johns Community Campus, providing

life skills training and experience to young adults age 18-22 with disabilities or developmental delays; and St. Augustine Public Montessori School, providing a Montessori program to students in grades 1-6. All charter schools operate under the auspices of the district and work closely with district staff.

#### **Department of Juvenile Justice (DJJ Programs)**

The St. Johns County School District, through a contract with TrueCore Behavioral Solutions, provides academic instruction to students at the Department of Juvenile Justice facilities in the community of Hastings and at St. Johns Youth Academy and St. Johns County Jail.

#### **Course/Credit Recovery Programs**

Course/Credit Recovery programs are available at middle, high and alternative schools in the district. APEX Learning, an educational software program designed to provide academic support to students who are in need of course/credit assistance is the primary instructional tool used in the credit recovery computer labs.

#### **Virtual Instruction Programs**

St. Johns County Virtual School (SJVS) is designed to provide full-time and part-time on-line standards-based courses to qualified students in grades K-12 who choose this program. Three provider options are available through SJVS; the District Franchise of FLVS, the District Virtual Instruction Program (DVIP) which utilizes FuelEd and provider operated K12, Inc.

#### **Career and Technical Education Programs**

Career and Technical Education courses are offered at the middle school, high school and post-secondary level. Middle school courses may lead to digital tools certification. High school courses may lead to industry certification and may also articulate to college credit. Career academies in our high schools are programs of choice open for application by all high school students in the district. Post-secondary courses designed to meet skilled workforce needs are available at First Coast Technical College.

#### **Adult Education Programs**

First Coast Technical College (FCTC) offers support for high school completion or assistance toward earning a general educational diploma (GED). Both adult and high school students are served at FCTC. Financial aid services are available to those who qualify.

#### **ESOL Program**

The goal of the ESOL Program is to ensure that all students entering St. Johns County School District, with varying levels of English proficiency, receive comparable and comprehensive instruction. This instruction helps students to develop communication and academic skills necessary for meeting national, state, and district educational standards.

All schools with students classified as English Language Learners (ELL) must provide appropriate ESOL services to meet the specific students' needs in language learning, academic achievement, and in cultural integration. Students in the ESOL program are required to meet the same curriculum standards as non-ELL students in English/Language Arts and content area instruction. The content of the curriculum is established by the Florida Standards. ESOL strategies and supplementary materials, as well as an itinerant ESOL teacher, are used to ensure that comprehensive instruction is being provided to ELL students.

#### **Title I Program**

Title I is a supplementary, federally funded educational program. The program is implemented in qualifying schools to provide an enriched and accelerated learning environment for students. Achievement of high academic standards is promoted through the services and resources provided by Title I funds

The purpose of Title I is to improve the academic achievement of economically disadvantaged youth. For the 2019-2020 school year, the following schools have been designated as school-wide programs: Crookshank Elementary, Ketterlinus Elementary, Otis Mason Elementary, Osceola Elementary, South Woods Elementary, The Webster School, Gamble Rogers Middle, Murray Middle, Sebastian Middle, St. Johns Technical H.S., Gaines Alternative and Transition.

#### **Budgetary Process**

Florida Law requires the School Board to adopt a balanced budget each fiscal year for all funds under its jurisdiction: General Fund, Debt Service Funds, Capital Outlay Funds, Special Revenue Funds and Internal Service Funds.

The law is very specific in defining the process and timetables to be followed in adopting the budget and ad valorem property tax millage rates. By law, the School Board must conduct two public hearings on the proposed budget and millage rates. At both public hearings, the public is invited to comment on the budget and millage rates.

Starting in January of each year, the District Budget Committee recommends priorities to the Superintendent for building the budget for the new year. The district is not required to do this, but chooses to do so because we believe that input from everyone has direct impact on our success as a district.

The Legislature normally finalizes the state budget in the May-June time period. Based on funds available, these priorities are included in the tentative budget.

#### **Certification of Assessed Value of Property**

The County Property Appraiser is required to certify to each taxing authority in the county the assessed value of all non-exempt taxable real property in the county. The Property Appraiser, who is independent of the School Board, is required to provide this certification no later than July 1 each year.

#### **Proposed Tax**

Based on the 2019 tax roll provided by the Florida Department of Revenue and certified by the Commissioner of Education on July 1, 2019, the following is a summary of the millages to be levied on the 2019 tax roll for 2019-2020 fiscal year.

Up until 2006-07, St. Johns County had experienced significant growth in taxable value of property. With the passage of Amendment 1 and the downturn of the economy, property assessments and new construction have been on the decline.

Since FY 2000-2001, the Florida Legislature has slowly shifted the majority of the funding for public education to the local property taxes. With the decline in state revenue, the Legislature has begun to reduce millage under local control and increase the Required Local Effort in order to fund basic education. Also, the Legislature has shifted state funded categoricals to the FEFP formula where it to is subject to local tax funding.

In order to continue to fund basic education, the Legislature reduced local controlled millage and moved it to the Required Local Effort. This shift has reduced the Local Capital Improvement Millage from 2.00 mills to 1.50, which reduces the District's ability to fund growth for construction.

This year's proposed tax levy is \$189,060,333.

#### Millage Overview

The Required Local Effort Millage is an appropriated amount set by the Florida Department of Education. The School Board must levy this amount in order to receive state funding.

The Required Local Effort Millage Prior Year Adjustment is an appropriated amount set by the Florida Department of Education. This millage is levied if the prior period Unrealized Required Local Effort funds are greater than zero. The District is required to levy this amount.

Basic Discretionary Millage is used by the School Board to support the general operation of the district. Though this millage is optional, it is an integral part of the Operating Budget.

In FY 2009-10, the Legislature further reduced the Capital Outlay Millage by .25 and added it to the Discretionary Millage. The Discretionary Millage is now set at .748 mills.

For FY 2009-10, the Legislature eliminated the Supplemental .25 Mill Levy, not to exceed \$100 per student. This .25 mills was added to the Required Local Effort Millage.

A (**new**) Supplemental Discretionary Millage was established in FY 2009-10 by the Legislature and gave the school districts the option to levy an additional .25 Supplemental Millage for Critical Operating or Capital Outlay needs. This Supplemental Discretionary Millage was eliminated in FY 2011-12.

The Capital Improvement Millage is an amount levied to support the construction, maintenance and equipping of our schools. Its uses and implementation are set by the School Board. Since FY 1994-95, this millage was capped at 2.00 mills.

For FY 2008-09, the Legislature capped this millage at 1.750. The difference was used to help offset the increase in the Required Local Effort (RLE) to fund the FEFP formula.

In FY 2009-10, the millage was further reduced by .25 mills and added to the Discretionary Millage.

#### **Advertisement of Tentative Budget and Millage Rates**

The Superintendent is responsible for recommending a tentative budget and proposed ad valorem property tax millage rate to the School Board. By law, the School Board must advertise a tentative budget and the proposed millage rate in a daily newspaper of general circulation in the county within 29 days after receiving the certification from the Property Appraiser. The advertisements contain a budget summary, proposed millage rates, notice of budget hearing or notice of proposed tax increase, and a notice of tax for school capital outlay. The advertisements were published in the *St. Augustine Record* on July 27, 2019. **The Tentative Budget Hearing** 

was held on July 30, 2019, at 5:30 p.m. at St Johns County School District Auditorium, 40 Orange Street, St. Augustine, FL 32084

#### The Second (Final) Public Hearing

The second public hearing is required to be held at least 65 days, but not sooner than 60 days, after receiving the tax certification from the Property Appraiser. After this public hearing, the School Board adopts the final budget and a resolution stating the ad valorem property tax millage rates to be levied. The Final Public Hearing is scheduled for September 17, 2019, at 5:30 p.m. at St Johns County School District Auditorium, 40 Orange Street, St. Augustine, FL 32084

#### **Accounting and Auditing System**

Generally, accepted accounting principles are used in the financial accounting and reporting of the Board. These generally accepted accounting principles are promulgated and published by the Governmental Accounting Standards Board (an independent, non-governmental body). The Governmental Accounting Standards Board is the recognized authority on specific application of generally accepted accounting principles to governmental agencies.

The Board uses an account classification system specified in <u>Financial and Program Cost Accounting and Reporting for Florida Schools.</u> Staffs within the Financial Management Section of the Florida Department of Education review and the Commissioner of Education approves the School Board's annual budget.

The Florida Department of Education conducts regular financial compliance reviews of the Board to ensure compliance with state regulations. In conjunction with this, the Financial Management Section of the Florida Department of Education reviews the cost reporting system of each district to ensure that the procedures and policies outlined in the <u>Financial and Program Cost Accounting and Reporting for Florida Schools</u> are being properly implemented by the Board.

The Office of the Florida Auditor General or an Independent CPA Firm conducts an audit of the school district on an annual basis. This audit includes all federal and state programs within the district. The Florida Department of Education offers technical assistance to the Board to remedy any problems identified by the auditors.

The Board also contracts with an independent certified public accounting firm to perform its own internal audit functions, and has appointed community members to serve as an audit committee.

#### **State Retirement Program**

The Board does not administer a separate retirement plan for its officers and employees. However, pursuant to law, all employees are, with minor exceptions, members of defined retirement plans of the State of Florida administered by the Florida Department of Administration, Division of Retirement. The retirement plans of the State of Florida consist of contributory and non-contributory benefit plans. The plans' accounting and funding policies, actuarial present value of accumulated plan benefits, net assets available for benefits and other plan-related matters are the responsibility of the Florida Department of Administration, Division of Retirement, and are not computed on an individual agency basis.

Funds provided in Specific Appropriation 114 for Auditory-Oral Education Grants shall only be awarded to Florida public or private nonprofit school programs serving deaf children in multiple counties, from birth to age seven, including rural and underserved areas. These schools must solely offer auditory-oral education programs, as defined in section 1002.391, Florida Statutes, and have a supervisor and faculty members who are credentialed as Certified Listening and Spoken Language Specialists.

The amount of the grants shall be based on the specific needs of each eligible student. Each eligible school that has insufficient public funds to provide the educational and related services specified in the Individual Education Plan (IEP) or Individual Family Service Plan (IFSP) of eligible students aged birth to seven years may submit grant applications to the Department of Education. Applications must include an itemized list of total costs, the amount of public funds available for those students without the grant, and the additional amount needed for the services identified in each students' respective IEP or IFSP. The department shall develop appropriate application, provide instructions and administer this grant program to ensure minimum delay in providing the IEP or IFSP services for all eligible students. Each school shall be accountable for assuring that the public funds received are expended only for services for the eligible student as described in the application and shall provide a report documenting expenditures for the 2019-2020 fiscal year to the Department of Education by September 30, 2020.

This section expires July 1, 2020.

#### Instructional Materials (Section 3)

The bill provides that, notwithstanding ss. 1002.20, 1003.02, 1006.28-1006.42, 1011.62(6)(b)3., and 1011.67, F.S., relating to the expenditure of funds provided for instructional materials, for the 2019-2020 fiscal year, funds provided for instructional materials shall be released and expended as required in the proviso language for Specific Appropriation 93 of the 2019-2020 General Appropriations Act. The provision expires July 1, 2020, and the text of s. 1009.215 F.S., shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted by other legislation shall be preserved and continue to operate.

#### **District Cost Differential** (Section 13)

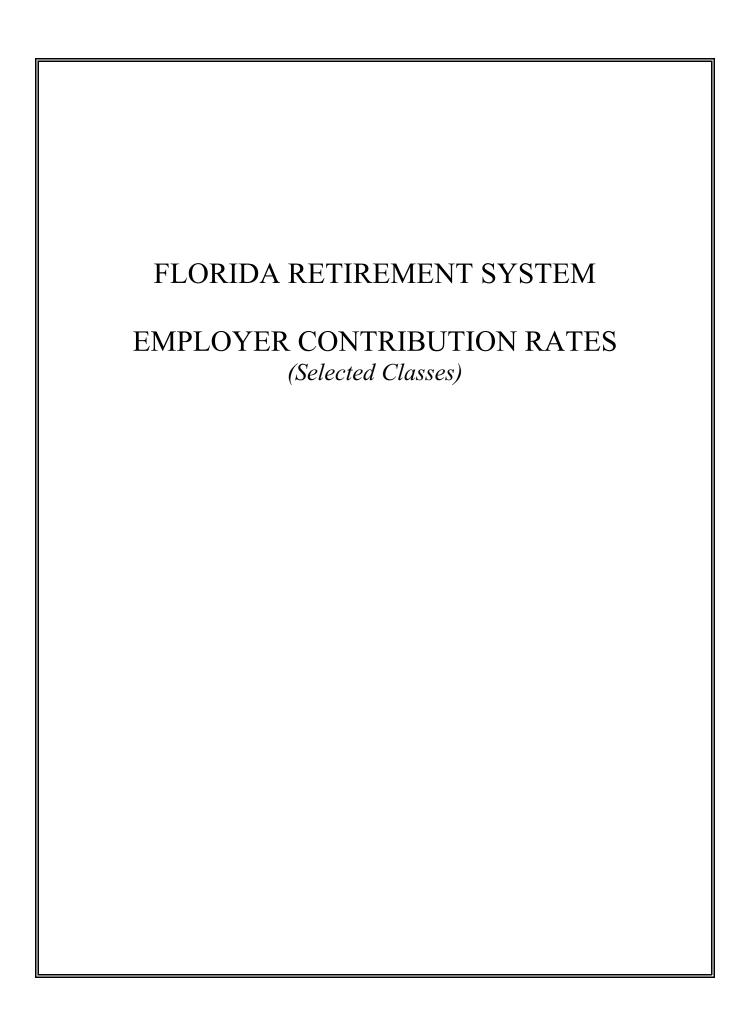

The bill directs the Office of Economic and Demographic Research (EDR) to develop a methodology for calculating each school district's wage level index using appropriate county-level and occupational-level wage data. In developing the methodology, EDR shall seek the input from a broad range of stakeholders, including but not limited to, school districts and the Department of Economic Opportunity, to identify the key factors that result in cost differences among counties and their relative magnitude. To the maximum extent feasible, EDR shall develop a methodology for calculating each school district's wage level index that minimizes the effects of temporary disruptions in the data due to adverse events or disturbances. EDR shall compare the district-level impact of each school district's wage level index versus the Florida Price Level Index used for each school district for the 2019-2020 fiscal year District Cost Differential and provide a transition plan that minimizes any negative impacts for, beginning with the 2020-2021 fiscal year, using the wage level index. EDR shall submit the transition plan to the President of the Senate, the Speaker of the House of Representatives, and the Governor by October 1, 2019. The implementation of the transition plan may not occur unless affirmatively enacted by the Legislature. This section expires July 1, 2020.

#### Other Provisions of Interest

**Section 108.** Provides that the authorized salaries for members of the Legislature for the 2019-2020 fiscal year shall be set at the same level in effect on July 1, 2010. This section expires July 1, 2020.

**Section 111.** Provides that funds appropriated to each state agency for travel by state employees are limited during the 2019-2020 fiscal year to travel for activities that are critical to each state agency's mission. Funds may not be used for travel to foreign countries, other states, conferences, staff training activities, or other administrative functions unless the agency head has approved, in writing, that such activities are critical to the agency's mission. The agency head must consider using teleconferencing and other forms of electronic communication to meet the needs of the proposed activity before approving mission-critical travel. This provision does not apply to travel for certain specified purposes. This section expires July 1, 2020.

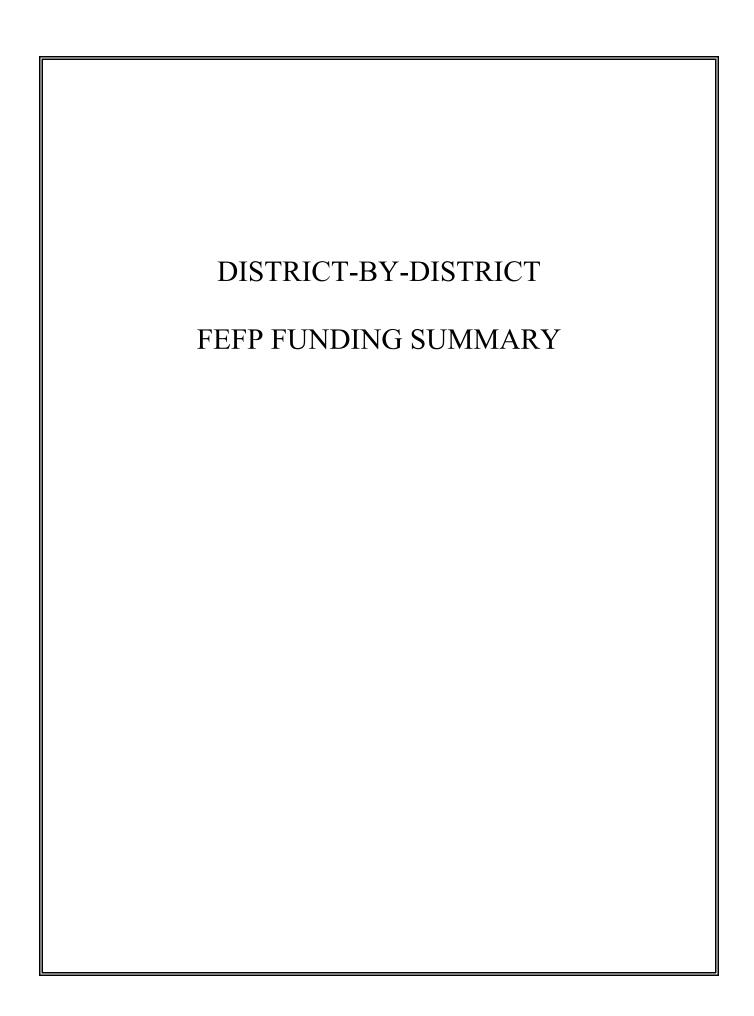

**Section 112.** Provides that, for state employee travel, costs for lodging associated with a meeting, conference, or convention may not exceed \$150 per day. An employee may expend his or her own funds for any lodging expenses in excess of \$150 per day. This provision does not apply lodging associated with travel for certain specified purposes. This section expires July 1, 2020.

#### **HB 5** – Ballot Measures

By Rep. DiCeglie (SB 336 by Sen. Brandes)

**AMENDS:** Sections 97.021, 212.055, 100.371, F.S.

**CREATES:** Sections 104.186, 104.187, F.S.

**EFFECTIVE:** Upon becoming a law except as otherwise expressly provided

This bill has school board policy implications

The bill primarily focuses on requirements and procedures relating to the initiative process for proposing an amendment to the Florida Constitution, including requirements for paid petition signature gatherers. Of particular interest to school districts, the bill also amends s. 212.055, F.S., relating to discretionary sales surtaxes, including the school capital outlay surtax currently levied by 24 school districts. The bill:

- Provides that a referendum to adopt or amend a local discretionary sales surtax must be held at a general election.
- Revises existing provisions relating to the required performance audit that must be conducted by a licensed independent certified public accountant of the program associated with the proposed surtax to provide a timeline for the audit process and add new provisions as follows:
  - At least 180 days before the referendum is held, the county or school district must provide a copy of the final resolution or ordinance to the Office of Program Policy Analysis and Government Accountability (OPPAGA).
  - Within 60 days after receiving the final resolution or ordinance, OPPAGA must procure the
    certified public accountant to conduct the audit and may use carryforward funds to pay for the
    services of the certified public accountant.
  - At least 60 days before the referendum is held, the performance audit must be completed and the audit report, including any findings, recommendations, or other accompanying documents, must be made available on the official website of the county or school district.
  - The county or school district must keep the information on its website for two years from the date it was posted.
  - The failure to comply with the requirements to submit the referendum to OPPAGA and post the audit report renders any referendum held to adopt a discretionary sales surtax void.
  - Retains the current provision that specifies that the provisions relating to the performance audit
    do not apply to a referendum held to adopt the same discretionary surtax that was in place
    during the month of December immediately before the date of the referendum.

#### **HB 107 – Wireless Communications While Driving**

By Reps. Slosberg and Toledo (SB 76 by Sen. Simpson)

AMENDS: Section 316.305, F.S. CREATES: Section 316.306, F.S.

**EFFECTIVE**: July 1, 2019 except as otherwise expressly provided

This bill has school board policy implications

Current law prohibits texting while driving, but it is enforced as a secondary offense when an operator of a motor vehicle has been detained for another traffic offense as the primary offense. The bill revises this provision regarding texting while driving and creates additional provisions relating to the use of wireless communications devices in a handheld manner while driving in specified areas. The bill:

- Amends s. 316.305, F.S., relating to wireless communications devices, to change the current
  enforcement of the ban on texting while driving from a secondary offense to a primary offense,
  which will allow a law enforcement officer to stop a vehicle solely for texting while driving.
- Creates s. 316.306, F.S., to specify that the use of a wireless communications device in a handheld manner while operating a motor vehicle in a designated school crossing, school zone, or active work zone area is a primary offense punishable as a moving violation. In addition, the bill:
  - Provides that, from October 1 through December 31, 2019, enforcement is only by a warning and, beginning January 1, 2020, a violator may be issued a citation.

- Provides that a motor vehicle that is stationary is not being operated and is not subject to the prohibition and provides that the prohibition is not applicable in other specified situations.
- Provides penalties consistent with those for other moving violations and alternatives to these penalties for certain first-time violators.
- For both texting while driving and use of a wireless communications device in a handheld manner while operating a motor vehicle in a designated school crossing, school zone, or work zone the bill:
  - Provides that when a law enforcement officer issues a citation for a violation of these
    provisions, the officer must inform the motor vehicle operator of his or her right to decline a
    search of his or her wireless communications device. The officer may not access or confiscate
    the device without a warrant and may not obtain consent from the motor vehicle operator to
    search the device through coercion or other improper method. Consent to search the device
    must be voluntary and unequivocal.
  - Provides that when a law enforcement officer issues a citation for a violation of these
    provisions, the officer must record the race and ethnicity of the violator. All law enforcement
    agencies must maintain such information and report the information to the Department of
    Highway Safety and Motor Vehicles (DHSM). Beginning February 1, 2020, the DHSM must
    annually report the data to the Governor, the President of the Senate, and the Speaker of the
    House of Representatives.
  - Authorizes the DHSM, in consultation with the Department of Transportation, to implement a
    statewide campaign to raise awareness of and encourage compliance with these provisions
    and may contract with counties, local law enforcement agencies, safety councils, and public
    schools to assist with planning and conducting the statewide campaign.

# **SB 182** – Medical Use of Marijuana

By Sen. Brandes (HB 7015 by House Health & Human Services Committee)

**AMENDS:** Sections 381.986, 381.987, 1004.4351, F.S.

**EFFECTIVE:** Upon becoming a law

This bill has school board policy implications

In 2016, Florida voters approved an amendment to the Florida Constitution that authorized the production, possession, and use of medical marijuana. During Special Session 2017-A, legislation to implement the provisions of the amendment (SB 8-A), the "possession, use, or administration of marijuana in a form for smoking" was specifically excluded as an allowable medical use of marijuana. This bill focuses on eliminating this prohibition against the smoking of medical marijuana. Of particular interest to school districts, the bill:

- Prohibits the certification of marijuana for medical use by smoking to patients under the age of 18 unless such patient is diagnosed with a terminal condition.
  - For terminal patients under the age of 18, the bill requires a qualified physician to certify that smoking is the most effective means of administering medical marijuana to the patient, and a second physician, who is a board-certified pediatrician, must concur with this determination.
  - The certifying physician must also obtain written informed consent from the patient's parent or legal guardian and must use a standardized consent form adopted in rule by the applicable board.
- Requires a physician who certifies a patient to use smokable marijuana to submit specified documentation to the Board of Medicine or the Board of Osteopathic Medicine, as applicable. Each board must review the documentation submitted and establish practice standards for the certification of smokable marijuana in rule by July 1, 2021.
- Requires that the risks specifically associated with smoking marijuana must be included in the informed consent each patient must sign prior to being certified to receive medical marijuana.
- Specifies that low-THC cannabis may not be smoked in public and prohibits the medical use of marijuana by smoking in an enclosed indoor workplace, as defined in the Florida Clean Indoor Air Act.

#### SB 186 - Public Records/Victim of Mass Violence

By Sen. Lee (HB 7017 by House Oversight, Transparency & Public Management Subcommittee)

**AMENDS:** Sections 119.071, 406.136, F.S.

**EFFECTIVE**: Upon becoming a law

This bill has school board policy implications

In the wake of the mass killings perpetrated at the Pulse nightclub in Orlando, at the Fort Lauderdale-Hollywood International Airport, and at Marjory Stoneman Douglas High School, the bill amends an existing exemption from public records requirements contained in s. 406.136, F.S., and transfers the section to s. 119.071, F.S. The bill creates a new public records exemption which provides that a photograph or video or audio recording that depicts or records the killing of a victim of mass violence is confidential and exempt from public disclosure. These exemptions only apply to photographs and video and audio recordings held by an agency. The bill:

- Defines the term "killing of a victim of mass violence" as events that depict either a victim being killed or the body of a victim killed in an incident in which three or more persons, not including the perpetrator, are killed by the perpetrator of an intentional act of violence;
- Specifies who may obtain such photograph or video or audio recording, the process of obtaining them when good cause is shown, and factors a court must consider in determining good cause;
- Provides that it is a third degree felony for any custodian of such photograph or video or audio recording to willfully and knowingly violate exemption requirements;
- Specifies that the exemption is retroactive and applies to all such photographs or video or audio recordings;
- Provides that the exemption does not overturn or abrogate or alter any existing orders duly entered
  into by any court of this state, as of the effective date of this act, which restrict or limit access to
  such photographs or video or audio recordings; and
- Specifies that a surviving spouse, parent, or adult child of the victim is not precluded from sharing or publicly releasing such photograph or video or audio recording.

**CREATES:** Sections 365.177, 365.179, F.S.

**EFFECTIVE**: July 1, 2019

This bill has school board policy implications

The bill implements recommendations made by the Marjory Stoneman Douglas High School Public Safety Commission to improve Florida's Enhanced 911 (E911) emergency communications services and to communications among and between dispatchers and first responders. The bill:

- Amends s. 365.172, F.S., relating to emergency communications number "E911", to require each
  county to develop a countywide implementation plan addressing text-to-911 services and, by
  January 1, 2022, enact a system to allow text-to-911 services that allow individuals to type a
  message on a wireless phone and send it to a 911 operator.
- Creates s. 365.177, F.S., relating to the transfer of E911 calls between systems, to require the Technology Program within the Department of Management Services to develop a plan, by February 1, 2020, to upgrade 911 public safety answering points within the state to allow the transfer of an emergency call from one local, multi-jurisdictional, or regional E911 system to another local, multi-jurisdictional, or regional E911 system in the state.

Each agreement must establish protocols and contain specified elements.
  - Requires each PSAP to be capable of immediately broadcasting 911 communications or public safety information over the primary radio dispatch channels of each first responder agency in the county it serves, except in those first responders service areas where the PSAP cannot reasonably receive 911 calls. If a county or jurisdiction has multiple PSAPs, each PSAP must have this capability.

- Unless technologically precluded due to radio incompatibility, upon written request from a law
  enforcement agency head, a law enforcement agency head in the same county or in an

  dispatch center, or mobile or portable radios.
- Requires each primary first responder agency, PSAP, and dispatch center within each county to train all applicable duty personnel for which the PSAP does not provide primary dispatch functions.
- By January 1, 2020, each sheriff must provide to the FDLE a copy of each interlocal agreement made between the primary first responder agencies within his or her county and written certification that all PSAPs in his or her county are in compliance with these provisions.

#### **HB** 563 – Unemployment Compensation

**By Rep. Joseph** (SB 990 by Sen. Gibson) **AMENDS:** Sections 443.101, 443.131, F.S.

EFFECTIVE: July 1, 2019

This bill has school board policy implications

The Florida Department of Economic Opportunity operates the Reemployment Assistance program, (formerly known as unemployment compensation). The program provides temporary, partial wage replacement to eligible workers who are unemployed through no fault of their own. The bill:

- Amends s. 443.101, F.S., relating to disqualification for benefits under this program, to provide that
  an individual is not disqualified for voluntarily leaving work if he or she proves that his or her
  discontinued employment is a direct result of circumstances related to domestic violence. An
  individual who voluntarily leaves work under this provision must:

  - Provide evidence which reasonably proves that domestic violence has occurred; and
  - Reasonably believe that he or she is likely to be the victim of a future act of domestic violence
    at, in transit to, or departing from his or her place of employment. An individual who is otherwise
    eligible for benefits under this provision is ineligible for each week that he or she no longer

In addition, services may include models that develop a culture that encourages students to complete high school and to attend college or career training, set high academic expectations, and inspire character development.
  - A school district may enter into a formal agreement with a nonprofit organization that has taxexempt status under s. 501(c)(3) of the Internal Revenue Code to implement an integrated
    student support service model that provides students and families with access to wrap-around
    services, including, but not limited to, health services, after-school programs, drug prevention
    programs, college and career readiness programs, and food and clothing banks.

If the calculated funds for the statewide allocation exceed the funds appropriated, the allocation of funds to each school district must be prorated based on each school district's share of the total unweighted FTE student enrollment for the eligible schools.

- Subject to legislative appropriation, each school shall remain eligible for the allocation for a
  maximum of 4 continuous fiscal years while implementing a turnaround option pursuant to s.

    program courses to fulfill this requirement.

Each district school board must incorporate the CTE pathway option to graduation in the student progression plan required under s. 1008.25, F.S. Adjunct educators certified pursuant to s. 1012.57, F.S., may teach courses in the CTE pathway option.

    degree program for students who graduate from a career center with a career or technical
    certificate and meet specified requirements in accordance with the terms of the agreement.
    Regional agreements may not award less credit than the amount guaranteed through existing
    statewide articulation agreements.

    These records must be submitted to FDOE in accordance with rules of the State Board of
    Education.
  - Other than expenditures for continuing workforce education programs provided by school districts or FCS institutions that are supported by fees, state funding shall be calculated based on a weighted enrollment and program cost minus fee revenues generated to offset program operational costs, including any supplemental cost factors recommended by the District Workforce Education Funding Steering Committee (reference to funding based on 75 percent of the average cost of instruction and 25 percent based on student fees are removed). Fees for courses within a program shall not vary according to the cost of the individual program, but instead shall be as provided in s. 1009.22, F.S., relating to workforce education post-secondary student fees (reference to funding based on a uniform fee calculated and set at the state level is removed).
- Creates s. 1011.802, F.S., to create the Florida Pathways to Career Opportunities Grant Program to provide:
  - Subject to appropriations, the Program provides grants to high schools, career centers, charter technical career centers, Florida Colleges, and other entities authorized to sponsor an apprenticeship or pre-apprenticeship program on a competitive basis to establish new apprenticeship or pre-apprenticeship programs and expand existing apprenticeship or preapprenticeship programs. FDOE shall administer the grant program.

State universities must identify each student who has completed requirements for the associate in arts degree and, upon consent of the student, transfer credits earned at the state university back to the FCS institution so that the associate in arts degree may be awarded by the FCS institution.
- Amends s. 1007.25, F.S., relating to general education courses, common prerequisites, and other
  degree requirements, to require universities to notify students of the criteria and process for
  requesting an associate in arts certificate and to notify any student who has not graduated from the
  university of the option and process to request an associate in arts certificate if that student has

By Rep. Fischer (SB 1730 by Sen. Lee)

**AMENDS:** Sections 125.01055, 125.022, 163.3167, 163.3180, 163.31801, 163.3202, 163.3215,

166.033, 166.04151, 252.363, 420.502, 420.503, 420.5095, 553.791, 718.112,

718.1085, F.S.

EFFECTIVE: Upon becoming a law

This bill has school board policy implications

The bill addresses a variety of issues relating to property development and community planning. Of particular interest to school districts, the bill:

• Amends 163.3180, F.S. relating to concurrency, to revise provisions relating to proportionate share mitigation as it relates to school facilities. Current law provides that a local government must credit a contribution, construction, expansion, or payment toward any other impact fee or exaction imposed by local ordinance for the same need on a dollar-for-dollar basis at fair market value. The bill revises this provision so that the credit must be given for public educational facilities (rather than the same need), on a dollar-for-dollar basis at fair market value and adds that the credit must be based on the total impact fee assessed and not on the impact fee for any particular type of school.

- Amends s. 163.31801, F.S. relating to impact fees, to:
  - Incorporate the "dual rational nexus" language (also included in HB 207) as follows:
    - Provides that the local government may not require payment of the impact fee before the date of issuance of the building permit for the property that is subject to the fee.
    - Provides that the impact fee must be reasonably connected to, or have a rational nexus with, the need for additional capital facilities and the increased impact generated by the new residential or commercial construction.
    - Provides that the impact fee must be reasonably connected to, or have a rational nexus with, the expenditures of the revenues generated and the benefits accruing to the new residential or commercial construction.
    - Provides that the local government must specifically earmark revenues generated by the impact fee to acquire, construct, or improve capital facilities to benefit new users.
    - Provides that the local government may not use revenues generated by the impact fee to pay existing debt or for previously approved projects unless the expenditure is reasonably connected to, or has a rational nexus with, the increased impact generated by the new residential or commercial construction.
  - Provide that the local government must credit against the collection of the impact fee any
    contribution, whether identified in a proportionate share agreement or other form of exaction,
    related to public education facilities, including land dedication, site planning and design, or
    construction. Any contribution must be applied to reduce any education-based impact fees on
    a dollar-for-dollar basis at fair market value.
  - Provide that, if a local government increases its impact fee rates, the holder of any impact fee
    credits which were in existence before the increase, is entitled to the full benefit of the intensity
    or density prepaid by the credit balance as of the date it was first established. This subsection
    shall operate prospectively and not retrospectively.
  - Provide that, in any action challenging an impact fee or the government's failure to provide required dollar-for-dollar credits for the payment of impact fees, the government has the burden of proving by a preponderance of the evidence that the imposition or amount of the fee or credit meets the requirements of state legal precedent and (rather than "or") the provisions of this section of law. The court may not use a deferential standard for the benefit of the government.

#### **HB 7123** – Taxation

By Rep. Avila (SB 1413 by Sens. Gruters and Stargel)

**AMENDS:** Sections 28.241, 195.096, 201.02, 212.031, 212.08, 218.131, 318.14, 318.15, 337.401,

624.51055, 741.01, 1002.395, 1011.71, F.S.

This bill has school board policy implications

The bill contains a number of provisions for tax relief and changes to tax policy. Of particular interest to school boards, the bill:

- Amends s. 1011.71, relating to district school tax, to add provisions applicable to any school district that levies, by local referendum or in a general election, additional millage for school operational purposes as follows:
  - The term "school operational purposes" includes charter schools sponsored by a school district.
  - Funds levied under this subsection must be shared with charter schools based on each charter school's proportionate share of the district's total unweighted full-time equivalent student enrollment and used in a manner consistent with the purposes of the levy.
  - The referendum must contain an explanation of the distribution methodology consistent with these requirements.
  - These provisions apply to levies authorized by a vote of the electors on or after July 1, 2019.

- Creates an unnumbered section of law to establish the "Back-to-School" sales tax holiday. The bill provdes that the tax levied under chapter 212, F.S., may not be collected during the period from 12:01 a.m. on August 2, 2019, through 11:59 p.m. on August 6, 2019, on the retail sale of specified clothing and footwear, wallets, or bags (including handbags, backpacks, and fanny packs) having a sales price of \$60 or less per item and on school supplies having a sales price of \$15 or less per item. The bill appropriates \$237,000 to the Department of Revenue to implement this sales tax holiday.
- Amends s. 1002.395, F.S., relating to the Florida Tax Credit Scholarship Program, to allow an
  insurance company to contribute to a Scholarship Funding Organization after the end of its taxable
  year and before its tax return is due.

#### Other Bills of Interest

#### SB 212 – Interstate Compact on Educational Opportunity for Military Children

The Interstate Compact on Educational Opportunity for Military Children (Compact) enables member states to address educational transition issues faced by military families as they transfer from various states and school districts in accordance with official military orders. Florida law requires automatic repeal of the Compact on July 1, 2019, unless reauthorized by the Legislature. The bill reauthorizes the Compact and provides for future legislative review and repeal of the Compact on July 1, 2022. By reauthorizing the Compact, the Legislature also adopts changes to Compact Rules that include an increase annual dues from \$1.00 to \$1.15 per military child.

#### HB 281 – Public Records/Voters and Voter Registration

Current law contains several public records exemptions for voter registration information, including all declinations to register to vote, information relating to the location a person registered to vote, and the person's social security number, driver's license number, and Florida identification number. The bill amends these provisions to clarify that information held by an agency and obtained for the purpose of voter registration is confidential and exempt. The bill also adds a public records exemption for, among other things, all information concerning preregistered voter registration applicants who are 16 or 17 years of age. The exemption applies to information held by an agency before, on, or after the effective date of this exemption.

A local government may display the flag at any local government building at which the United States flag is displayed and at any other local government location it deems appropriate. The flag must be made in the United States and may be displayed with no more than two other flags on the same flag pole.

#### **HB 593** – Post-Secondary Fee Waivers

The bill authorizes Florida College System (FCS) institution that serves counties directly impacted by a hurricane, and whose enrollment decreases by more than 10% as a result of such impact, to waive out-of-state fees for students for a period of three years, beginning 180 days after the date on which the hurricane directly impacted the counties served by the FCS institution. A student who qualifies for the hurricane-related out-of-state fee waiver is eligible to receive the waiver for up to 110% of the number of credit hours required for the degree or certificate program in which the student is enrolled. The student may not disenroll from the FCS institution for more than one semester. Each FCS institution must report the number and value of all hurricane-related out-of-state fee waivers granted annually but these students must not be included in the FCS institutions' enrollment totals by the Education Estimating Conference on Florida College System Enrollment.

#### **SB 620** – Military Friendly Initiatives

The bill provides a number of benefits to servicemembers and their families and additional protections and benefits for military organizations, land interests and uses. If the hazing results in a permanent injury to the victim, the crime is a third degree felony. The bill provides that a person who provides aid, before medical assistance, law enforcement, or campus security arrive on the scene or if an individual is the first to call 911 seeking medical attention for a hazing victim, and who otherwise cooperates with and assists first responders may not be prosecuted for the crime of hazing.

# **MILLAGE**

#### MILLAGE OVERVIEW

Annually, property owners in St. Johns County pay property taxes. Part of their property taxes is levied by the School Board to support the St. Johns County School District.

This year, the proposed tentative levy is **6.136** and is composed of the following:

| Required Local Effort | 3.888        |
|-----------------------|--------------|
| Basic Discretionary   | 0.748        |
| Capital Improvement   | <u>1.500</u> |
| Total Millage         | 6.136        |

The Required Local Effort Millage is an appropriated amount set by the Florida Department of Education. The School Board must levy this amount in order to receive state funding. The Required Local Effort Millage (Prior Year Adjustment) is an appropriated amount set by the Florida Department of Education. This millage is levied if the prior period Unrealized Required Local Effort funds are greater than zero. The district is required to levy this amount.

Basic Discretionary Millage is used by the School Board to support the general operation of the district. Though this millage is optional, it is an integral part of the Operating Budget. Since FY1991-1992, this millage had been set at .510 mills. For FY 2008-09, the Legislature capped this millage at .498.

For FY 2009-10, the Legislature further reduced the Capital Outlay Millage by .25 and added it to the Discretionary Millage. The Discretionary Millage is now set at .748 mills.

The Capital Improvement Millage is an amount levied to support the construction, maintenance and equipping of our schools. Its uses and implementation are set by the School Board. Since FY 1994-95, this millage was capped at 2.00 mills.

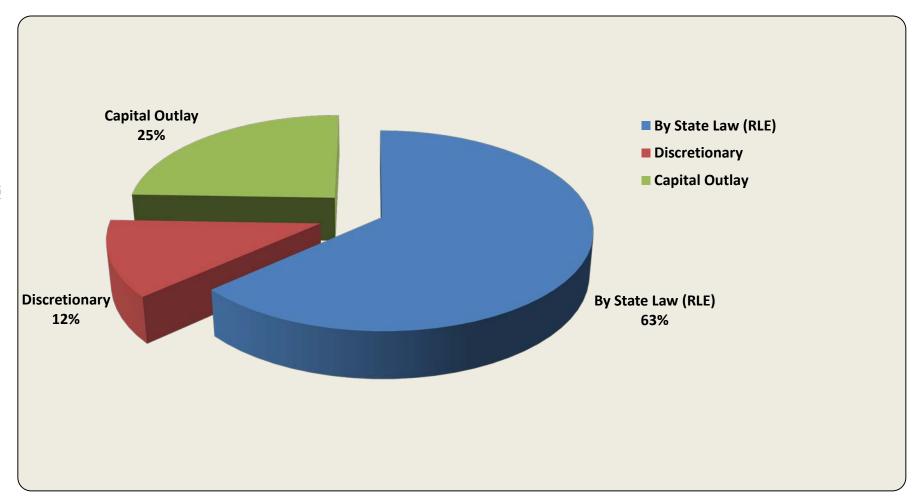

For FY 2008-09, the Legislature capped this millage at 1.750. The difference was used to help offset the increase in the Required Local Effort (RLE) to fund the FEFP formula. For FY 2009-10, the millage was further reduced by .25 mills and moved to the Discretionary Millage.

## GENERAL FUND

K-12 and Post-Secondary (FCTC)

# GENERAL OPERATING FUND OVERVIEW 2019-20

The St. Johns County School District's General Fund or Operating Fund is the largest fund in the District's budget. Beginning with 2016-17 the General Fund absorbed the Post-Secondary programs for the First Coast Technical College (FCTC).

The General Operating Fund is used to pay the salaries and benefits of employees such as classroom teachers, school principals, school secretaries, and school custodians. The funds also are used to buy items such as textbooks, library books, classroom supplies, equipment, etc. In addition, these monies provide for such expenses as the schools' utility and communications bills.

The K-12 General Fund is supported mainly through the Florida Education Finance Program (FEFP). The funding source for the FEFP comes from two primary sources, state sales tax and local millage. The local millage is, of course, the property taxes collected in St. Johns County.

From 2007-08 through 2011-12, the St. Johns County School District saw its amount of funds per student decreased by the Legislature. When budget reductions occur, the District remains responsible for managing student growth, maintaining constitutional class-size requirements, opening new schools and most recently implementing a new teacher evaluation system. For example, since 2007-08, the Base Student Allocation (BSA) has grown from \$4,163.47 per FTE to \$4,279.49. This is a \$116.02 increase over 12 years or approximately 2.8 percent. The BSA increased approximately \$75 per student over last year's BSA of \$4,204.42. The per student funding for 2019-20 is \$7,631, or approximately 4.1 percent over last year. The increase is due primarily to the increase in categorical funding including both state-wide student growth and the Best and Brightest Teacher/Principal Allocation.

Although the 2019 Legislature increased funding for St. Johns County schools by \$22.7 million, the financial and economic pressures still facing the District are tremendous.

As this year's Operating Budget (including post-secondary) will total approximately \$404 million, Florida continues to be in the lowest tiers in terms of per-student funding for operational needs when compared to other states. As previously mentioned, the funding did increase for 2019-20; however, the state has a long way to go to restore Florida K-12 funding to the 2007-08 level when accounting for inflation and student growth.

# CALCULATION OF THE 2019-2020 FLORIDA EDUCATION FINANCE PROGRAM

In 1973, the Florida Legislature enacted the Florida Education Finance Program (FEFP), which offers as its purpose:

To guarantee to each student in the Florida public educational system the availability of programs and services appropriate to his (or her) educational needs which are substantially equal to those available to any similar student notwithstanding geographical differences and varying local economic factors.

The FEFP provides a formula that substantially determines the amount of money that will be available to the St. Johns County School District within its General Fund for the 2019-2020 fiscal year. The formula considers the varying local non-exempt assessed valuations for property taxing purposes, the costs of varying educational programs, the varying costs of providing education services within the vast geographic area of the state, and the costs of education within a given school district. The actual formula for the 2019-2020 school year appears as follows:

| PROJECTED<br>WEIGHTED<br>FTE | BASE<br>STUDENT<br>ALLOCATION   | DISTRICT<br>COST<br>DIFFERENTIAL     |   | SAFE<br>SCHOOLS<br>ALLOCATION            |   | SUPPLEMENT<br>ACADEMIC<br>INSTRUCTION |

| BEST AND<br>BRIGHTEST        | GROSS STATE<br>AND LOCAL FEFP   |                                      |   |  |   |                                       |
| <b>\$4,334,416</b> =         | \$253,966,115                   |                                      |   |  |   |                                       |

Approximately 64 percent of the available operating revenues are generated through the Florida Education Finance Program (FEFP). This formula now determines both categorical and non-categorical amounts of dollars to be generated by the district and is composed of both state and local funds. The Legislature sets the Base Student Allocation (BSA), the District Cost Differential (DCD) and the program weights to be used as factors in the formula. The funded BSA for FY 2019-2020 is \$4,305.59 (BSA x District Cost Differential). This is an increase of \$95.70 as compared to the FY 2018-2019 funded BSA of \$4,209.89.

Projected revenues, transfers, and fund balances for the K-12 General Operating Fund total \$396,744,961. State sources amount to \$189,517,049. This represents 48 percent of the total operating budget. It includes \$97,575,531 categorical/mandated funding (Transportation, Instructional Materials, Lead Teacher, School Recognition, Class Size Reduction, ESE Guarantee, DJJ Supplement, Digital Classroom Allocation, Safe Schools, Reading Allocation, SAI, Mental Health Allocation, and Best and Brightest) which are restricted to certain uses as determined by the Legislature and represents 25 percent of the total operating budget. Total local sources are projected at \$139,512,114. They are made up of taxes, interest earnings, and other miscellaneous revenues. Local sources make up approximately 35 percent of the total operating budget.

# FLORIDA EDUCATION FINANCE PROGRAM DEFINITIONS/TERMS

## FLORIDA EDUCATION FINANCE PROGRAM (FEFP):

The funding formula established by the Legislature in 1973 for funding public schools.

### **FULL TIME EQUIVALENT STUDENT (FTE):**

A definition utilized in the state funding formula for identifying the student count for each district for the programs offered. Often referred to as unweighted FTE, it is student membership within the programs offered.

### **PROGRAM COST FACTORS:**

Program cost factors serve to assure that each program receives its equitable share of funds in relation to its relative cost per student. The cost factors help recognize the varying costs among programs based on a three-year average.

#### **WEIGHTED FTE:**

This is derived by multiplying the unweighted FTE by the program cost factors.

## **BASE STUDENT ALLOCATION (BSA):**

This is set annually by the Legislature. This is the amount a full-time equivalent student (FTE) will generate in a program with a cost factor of 1.00. For 2019-2020, the BSA is **\$4,279.49**.

## **DISTRICT COST DIFFERENTIAL (DCD):**

This is used to adjust funding to reflect the differing costs of living in the various districts within the state. The DCD is based on the average of each district's three most recent years of the Florida Price Level Index. For St. Johns County, this figure for 2019-2020 is **1.0061**.

### **BASE FUNDING:**

This is derived by the following formula: (Unweighted FTE x program cost factors x BSA x DCD)

### **SUPPLEMENTAL FUNDING:**

Additional funding within the formula allocated for a specific purpose.

# CAPITAL OUTLAY BUDGET FY 2019-2020

The Capital Outlay Budget for 2019-2020 is designed to support the St. Johns County School District Strategic Plan, provide for the continued implementation of the District's Building Program, provide necessary resources for maintenance, and support an increasing demand for technology.

The 2019-2020 Capital Outlay Budget demonstrates the commitment and trust shown by St. Johns County voters to support our school district. The November 2015 approval of a half-cent sales surtax for school capital needs is projected to raise more than \$150 million over ten (10) years. These funds are earmarked for new construction, maintenance and renovation of existing facilities, technology enhancements, and school safety and security improvements. Specifically included in the 2019-2020 Capital Outlay Budget are sales tax funds for the following: roof replacement at Gamble Rogers Middle School and Sebastian Middle School; savings for future school construction; technology infrastructure improvements; wireless school bus video management system upgrades; security improvements to include door access systems; security cameras, camera monitoring systems, fences, electronic gates, and miscellaneous security improvements.

The 2019-2020 Capital Outlay Budget is comprised of four parts:

Part I Summary Budget, including estimated revenue and appropriations, identifies new and continuing projects which includes the local millage and how it will be allocated

Part II Summary spreadsheet by facility including Continuing Projects, New Projects, Equipment Purchases, Maintenance, Existing Conditions, and Facility Total

Part III Distribution of Capital Outlay Equipment Allocation to schools

Part IV Details of Capital Outlay Maintenance and Existing Conditions by facility

The 2019-2020 Capital Outlay Budget is built on the legislatively capped 1.5 millage rate, funds generated through the half-cent sales surtax and school impact fees. Likewise, the Five-Year Work Plan is also based on 1.5 mills and the sales surtax revenue over the next five years.

The Fund Balance/Continuing Projects were adjusted based on the final closeout of the 2018-2019 budget. Unencumbered funds from previous capital projects were reallocated to high priority current and future projects. Other adjustments, including additional revenues and allocations of the Fund Balance, were made prior to submittal of the Final Budget for approval.

# SPECIAL REVENUE FUND

# FOOD SERVICE

#### FOOD SERVICE BUDGET OVERVIEW FY

#### 2019-2020

The school district's Food Service Program is self-sustaining and is funded through the National School Lunch Program, which provides federal reimbursement for meals served.

Other funding sources include the sale of breakfast and lunch meals and a la carte food items, which is a local source of revenue.

Approximately 8,543 students in the school district are approved to receive free or reduced price meals each day. School cafeterias will serve more than 74,670 breakfasts and lunches each week.

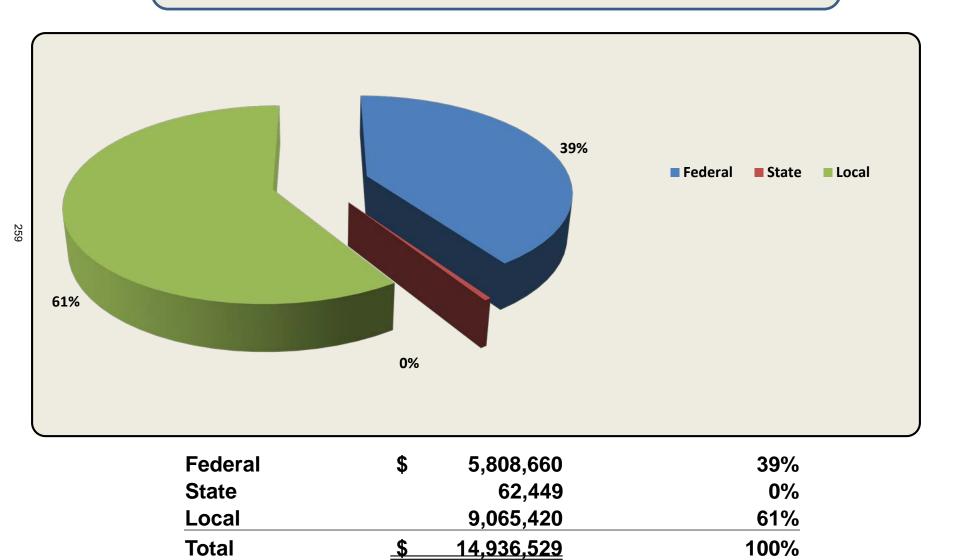

Local sales also generate approximately 57,790 a la carte meals each week.
