2016-2017 OFFICIAL APPLICATION

School improvement and accountability legislation are built upon the active involvement of parents, guardians, business people and other community members in an effort to improve schools in the state of Florida. The legislative intent is to return the responsibility for education to those closest to the students—schools, teachers and families. The Five Star School Award was established to recognize that community involvement is vital to student success.

This symbol of achievement is presented each year to those schools that have shown evidence of exemplary community involvement. Eligible schools are designated annually and must be renewed each year.

In order to qualify for this award, a school must achieve 100% of the criteria in the categories of Business Partnerships, Family Involvement, Volunteers, Student Community Service, and School Advisory Councils. TUTORING TIPS

1. Before the first session of tutoring, the tutor must have a conference with the student’s teacher.

2. Find a quiet place where you can work with the student.

3. Establish a friendly relationship with the student by chatting briefly about the student him/herself. (Don’t talk about home life unless the student brings it up.)

4. Be sensitive in communicating with your tutee. Be a careful listener.

5. Establish where the student is in his/her work by asking him/her to explain some of the work done previously.

6. If you are going to miss a session, call the school and have a message relayed to the student as soon as possible.

7. Remember that you are acting as a role model for your student and you should dress and act appropriately.

8. Don’t let an unhappy tutoring situation continue for long. Seek help or perhaps ask for a different student. If the situation is not rewarding to both you and the student, it will not help the student anyway.

9. Unless the teacher requests it, avoid having the child just repeat his classroom lessons for you. Devise your own games and materials to supplement classroom assignments and to stimulate new areas of interest.

10. Have a large folder or envelope for each child you tutor. Have the child bring this to each session so that materials worked on under your direction will not be confused with class-assigned papers.

11. Be patient. Some students may work more slowly on academic problems. This is often because they are less secure. Your patience will be an encouragement.

12. Repetition is the name of the game. Devising different ways to get the student to repeat what is being learned will prove most successful.

13. Give the student opportunities to make decisions about your work together, and then carry through.

14. Games are a powerful teaching tool. Use them and talk about them with your student.

15. Each student is an individual and is motivated by different reward systems.

16. Be sincere, but praise an honest effort by your student.
