DISTRICT ENGLISH LANGUAGE LEARNERS PLAN ASSURANCES AND CERTIFICATION

School districts are required to abide by a set of assurances when developing and implementing programs and services to students classified as English Language Learners (ELLs), and are required to ensure school- and district-level personnel comply with all the requirements and provisions set forth in the laws, rules, regulations, and federal court orders listed below:

- The requirements set forth in Section 1003.56, Florida Statutes;
- The requirements set forth in Rules 6A-6.0902; 6A-6.09022; 6A-6.09091; 6A-6.0903; 6A-6.0907; 6A-1.0503, Florida Administrative Code (F.A.C.), and other applicable State Board of Education Rules;
- The requirements of the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act of 2015;
- The requirements of the Consent Decree in the League of United Latin American Citizens et al. v. the State Board of Education, 1990;
- The requirements of the Florida Educational Equity Act, 1984;
- The requirements based on the Fifth Circuit Court decision in Castañeda v. Pickard, 1981;
- The requirements based on the Supreme Court decision in Plyler v. DOE, 1982;
- The requirements based on the Supreme Court decision in Lau v. Nichols, 1974;
- The requirements of the Equal Educational Opportunities Act of 1974;
- The Requirements of Section 504 Rehabilitation Act of 1973;
- The requirements of the Office for Civil Rights Memorandum of May 25, 1970;
- The requirements of the Title VI and VII Civil Rights Act of 1964; and
- The requirements of the Office for Civil Rights Standards for the Title VI Compliance.

By signature below, I, James Forson, do hereby certify that procedures, processes and services that are described herein shall be implemented in a manner consistent with the requirements and provisions of the requirements set forth above.

Section 1: Identification (Rule 6A-6.0902, F.A.C.)

Enrollment Procedures and Administration of the Home Language Survey (HLS).

Describe the Local Education Agency (LEA) registration procedures to register English Language Learners (ELLs). Responses should include the following:

How do LEA procedures compare to those followed for non-ELLs?

At the time of registration all parents/guardians complete a Student Enrollment/Registration form at their child's school which contains the Home Language Survey:

- (a) Is a language other than English used in the home?
- (b) Did the student have a first language other than English?
- (c) Does the student most frequently speak a language other than English?

If any of the three questions are answered "Yes", the computer operator flags the student as an LP in the student information system and the school's counselor is notified by the registrar, who then administers a language proficiency assessment by Ballard & Tighe known as the Initial Placement Test (IPT).

Registration procedures are the same for all students. All parents must complete the Student Enrollment/Registration form online and the Home Language Survey is part of that, as well as other pertinent student data and information. English Language Learner parents may receive access to these forms in their home language.

Into what languages are the HLS translated?

The HLS is translated into: Arabic, Chinese, Hmong, Japanese, Korean, Portuguese, Russian, Spanish, and Vietnamese. Additionally, with the help of Microsoft Translate used throughout the district many more languages are now possible.

How does the LEA assist parents and students who do not speak English in the registration process?

ELL families are given assistance from bilingual school staff when available for registration. Registrars also use iPads loaded with Microsoft Translator for simple conversations; Language Line Translation Services or live community language facilitators from local companies can also assist with translating/interpreting registration documents. Translators also help disseminate transportation, student schedules and other pertinent school information.

How do you identify immigrant students?

Immigrant student information, along with the DEUSS is also captured on the Student Enrollment/Registration form. The term immigrant children and youth identify individuals who:

(A) are ages 3 through 21; and

(B) were not born in any State, the District of Columbia or Puerto Rico; and
(C) have not been attending one or more schools in any one or more States for more than 3 full academic years.

Based on this definition, the student's immigrant code is Y and data element number is 131785.

How is Date Entered US School (DEUSS) obtained in the registration process?

At the time of registration, parents complete the Home Language Survey, as well as questions regarding birthdate of student, country of birth, and the DEUSS date--the month, day and year the student entered school in the United States (any of the 50 states and the District of Columbia, excluding U.S. territories and possessions) If a student is entering our schools from another district in Florida or state within the U.S., records are requested from the previous school, and the original DEUSS date is entered into our student information system-data element 197237.

Please include a link to your HLS.

Section 2: English Language Proficiency Assessment (Rule 6A-6.0902, F.A.C.)

1. English Language Proficiency (ELP) Assessment

What is the title of the person(s) responsible for administering the ELP assessment of potential ELLs in the LEA? (Check all that apply.)

- ☐ Registrar
- ☒ ESOL Coordinator/Administrator/Staff (when necessary)
- ☒ Other (Specify) - School Counselor/Testing Coordinator

2. Listening and Speaking Proficiency Assessment

List the Listening and Speaking (Aural/Oral) assessment(s) used in the LEA and procedures followed to determine if a K-12 student is an ELL.

Ballard & Tighe Initial Placement Test (IPT). Pre-IPT for PK students at the end of their PK year (assessed after May 1st), IPT Oral Test for KG – 12th grade.

Describe the procedures to ensure that the Listening and Speaking assessment(s) are administered within 20 school days of the student's initial enrollment.

If the parent answers "Yes" on the HLS, the registrar places the HLS data in the school's counselor mailbox. District created audit reports are generated as email alerts when they are nearing the 20-day window to test. In addition, SJCSD State Reporting office in conjunction with the District Federal Programs ESOL Dept constantly review the email audits and notify necessary school personnel of any discrepancy.

The school's counselor will review forms and schedule the assessment after they have done their due diligence of researching the possible new ELL's history. ELL records may need to be requested from any previous schools attended. Otherwise, IPT is administered, and test results are documented on the state reporting MIS form and entered online. The school counselor then emails both the teacher and registrar of completed testing to ensure that the listening and speaking test is conducted within 20 days of initial enrollment.

All students who are not proficient on the Listening and Speaking L/S assessment qualify for ESOL services and are then coded as LY. Students enrolled in KG – 2nd grade who score within the fluent English speaking range of the (L/S) assesment are determined as non-ELL and coded (ZZ).

Reading and Writing Proficiency Assessment

List the Reading and Writing assessment(s) used in the LEA and procedures followed to determine if a student is an ELL in grades 3-12.

Online IPT Reading and Writing from Ballard & Tighe. Students in grades 3-12 who score proficient in L/S are then administered a reading and writing assessment that must be completed as soon as possible after initial enrollment, but no later than thirty (30) days after initial enrollment. If they score at or below the 32nd % or are limited English on either reading or writing, they are classified as ELLs. If the student enrolls at another time during the school year, parents must be notified of ESOL placement within two weeks.

3. ELL Committee

Describe the procedures used when the ELL Committee makes an entry (placement) decision. What type of documentation is used to support these decisions?

Upon request of a parent or teacher, or any student determined to be an English Language Learner based solely on one reading or writing assessment may be referred to an ELL Committee. The parents' preference as to whether a student is determined to be an ELL or not to be an ELL shall be considered in the final decision.

The ELL Committee may determine a student to be an English Language Learner or not to be an English Language Learner according to consideration of at least two (2) of the following criteria in addition to the entry assessment results:

- A. Extent and nature of prior educational or academic experience, social experience, and a student interview,
- B. Written recommendation and observation by current and previous instructional and supportive services staff,
- C. Level of mastery of basic competencies or skills in English and heritage language according to local, state or national criterion-referenced standards,
- D. Grades from the current or previous years, or
- E. Test results other than the IPT entry assessments or ACCESS.

Section 3: Programmatic Assessment (Rule 6A-6.0902, F.A.C.)

Academic/Programmatic Assessment

Describe the procedures that have been implemented for determining prior academic experience of ELLs. Also, address the placement of ELLs with limited or no prior school experience(s) or whose prior school records are incomplete or unobtainable. Specify actions taken to obtain prior school records. Include the procedures to determine appropriate grade level placement for ELLs.

A programmatic assessment process is in place to determine appropriate grade placement and academic programs for ELLs. Information on the form is evaluated and a decision for placement is made. The Guidance department makes a records request, and attempts are made to contact the student's previous schools to get as much information as possible regarding educational and testing history. ELLs are then placed accordingly, and academic success is monitored to ensure that accurate placement decisions were made. These procedures are documented and maintained in the student's ELL folder both online in the district's management system, Ellevation and filed in the student CUME.

However, when student's previous records are unattainable, parents are asked to provide contact information regarding prior educational experience. Students may be assessed for skills and school-readiness competencies, in addition, to English language assessments. Students with limited or no prior educational experience will be placed based on the criteria of age and/or parent/student interviews after consultation with District ESOL Coordinator/Counselor, Student Services, and with the school principal as the final authority.

Grade Level and Course Placement Procedures – Grades 9-12

Describe the procedures that have been implemented to determine appropriate grade and course placement. Descriptions must include the process used for awarding credit to ELLs entering high school in 9th-12th grades that have completed credits in countries outside of the United States, specifically addressing those students for which there is no documentation.

Per 6A.6.0902 section 3-part b, "The school district shall award equal credit for courses taken in another country or a language other than English as they would the same courses taken in the United States or taken in English. For foreign-born students, the same district-adopted policies regarding age-appropriate placement shall be followed as are followed for students born in the United States." Student placement is not based solely on English Language Proficiency; an academic skills assessment may be administered in the home language if possible.

A programmatic assessment process is in place to determine appropriate grade placement and academic programs for ELLs. Students must have documentation of completed courses to receive high school credit. Course transfer waivers may be given if documentation is provided. Documentation can be created using the programmatic assessment form in the event the student/parents cannot provide transcripts or

documentation of prior educational experiences. School counselors and administrators review transcripts and award credit for courses completed in a foreign country where the course is similar in scope and sequence but may have a different course name. In the absence of transcripts or prior educational experience, diagnostic/placement tests and interviews may also be used as a guideline.

The age of the student will be taken into consideration as well. Parent/Guardian and student interviews as well as ELL Committee meetings will also be conducted to help determine placement. When feasible, translators/interpreters will be provided to attend these meetings. The school principal or designee, district guidance counselor, teacher, parents, ELL Resource Teacher and/or district administrator may be included to determine appropriate placement. Each student will receive differentiated instruction at the agreed upon grade level placement to facilitate English language acquisition and academic achievement at the appropriate grade placement.

Explain the process for awarding credit to students transferring from other countries for language arts classes taken in the student's native language and for foreign languages the student may have taken (this may include English).

Per our Student Progression Plan approved by the School Board any student transferring from out of the country may be granted credit for English if they took courses in their native language in their home country. They may also be granted credit for world language if they took courses in English in their home country.

What is the title of person(s) responsible for evaluating foreign transcripts? How are they trained? How is documentation maintained?

When school staff have questions or need clarification, they will contact Guidance & Choice and ask our district-based guidance counselors for assistance. SJCS D Guidance Counselors in our office of Guidance & Choice attend professional development educating them on evaluation of foreign transcripts. We now have a few experts throughout our district and as a result, other school counselors receive training periodically throughout the school year on transcript evaluation resources, such as acceptable websites and guides, and this is documented through sign-in sheets.

Re-evaluation of ELLs that Previously Withdrew from the LEA

Describe the procedures used for re-evaluating ELLs who withdraw from the LEA and re-enroll. Specify the length of time between the ELLs' withdrawal and re-enrollment after which a new English language proficiency assessment is to be administered. Include data reporting procedures.

If the time frame for re-entering SJCS D from another school district has been more than a year, students must be reassessed upon re-entry/registration. If recent English language proficiency (ELP) scores are not available, an IPT must be administered. This information will help determine placement and current services, but the original HLS,

entry, classification and DEUSS date remains the same. An ELL committee may be convened to update the student's record and ELL Plan.

For LYs transferring from one school district to another *within* a calendar school year, with documentation - no new assessment is necessary and ESOL services continue as indicated by previous school records. All original reporting data stays the same. For out of state LYs new to FL, DEUSS date stays the same, but HLS, entry, classification date is changed to reflect Florida services. For students new to the country DEUSS date is the date of enrollment, and the appropriate HLS, classification and entry date must be reported accordingly. DEUSS date can never be after the classification and entry dates.

ELL Student Plan Development

Describe the procedures for developing the Student ELL Plan. Include the title(s) of the person(s) responsible for developing the plan, and updating the ELL data reporting elements. Also, include a description of when and how the plan is updated to reflect the student's current services.

An ELL student plan is developed with input from the guidance counselor, classroom teacher(s), and administrator (or designee) and other interested participants. The guidance counselor or designated ELL contact, along with the classroom teacher(s), is responsible for completing the student ELL plan and documenting it on our ELL management system, Ellevation.

The plan will reflect the student's instructional program or schedule designated by the Program 130 code with will include programs other than ESOL and documentation of the use of appropriate ELL strategies and services. The ELL plan can include specific accommodation procedures for state assessment programs as well as classroom assessments. Additional information such as initial IPT/IRW scores and current state assessment data is included on the ELL plan.

The plan will be updated annually at the beginning of each school year and when services change and must reflect the most current ELL plan and services. It will be updated annually and maintained in the student information system and/or cumulative record folder.

Describe the elements of the plan (e.g., home-school communication, student schedules and classes, progress monitoring, interventions, assessments and other evaluations). What is the teacher's role in development of the plan?

The elements of the student plan will include the student's name, date of entry, and current ACCESS for ELL scores and state assessment data. The plan will reflect the student's instructional program of 130, amount of instructional time or instructional schedule, documentation of the use of appropriate ESOL strategies, and a description of all provided services. The teacher is notified of the aural/oral and reading/writing competencies assessed on the IPT. The student's academic progress may be reviewed, and records from previous schools are examined, if available. Student plan information

Section 4: Comprehensive Program Requirements and Student Instruction

Instructional Models

In addition to using required English for Speakers of Other Languages (ESOL) strategies by teachers who teach ELLs, what instructional model(s) or approach(es) are used to ensure comprehensible instruction? Descriptions of each model can be found in the current Florida Department of Education (FDOE) database manuals on the FDOE website. *(Check all that apply)*

- ☐ Sheltered English Language Arts
- ☐ Sheltered Core/Basic Subject Areas
- ☒ Mainstream-Inclusion English Language Arts
- ☒ Mainstream-Inclusion Core/Basic Subject Areas
- ☐ Maintenance and Developmental Bilingual Education
- ☐ Dual Language (two-way) Developmental Bilingual Education

Describe how the instructional models are used in the LEA. Address how the LEA will monitor schools to ensure that instructional models are implemented with fidelity.

ELLs in mainstream-inclusion Language Arts and core subject areas receive comprehensive instruction through ESOL strategies, supplemental materials, and language support in classes with both ELLs and non-ELLs. SJCS D teachers in both instructional models must have the appropriate training requirements, document ESOL strategies and monitor ELL's language acquisition progress. WIDA ELD Standards Framework is used to ensure comprehensible instruction for ELLs. Professional development is offered throughout the year to reinforce this.

In addition, itinerant ELL teachers and paraprofessionals assign digital resources and work one-on-one or in small groups with our ELLs at our different schools to insure fidelity. They are in constant communication with the general education teachers and ELL families as well as all stakeholders. Professional development is also provided for them throughout the school year.

Describe the process to verify that instruction provided to ELLs is equal in amount, sequence, quality, and scope to that provided to non-ELLs.

To ensure equal access to instruction, ELLs in grades K-12, class schedules are maintained on the student record system and on teacher schedules. In accordance with State Board rules, teachers who provide instruction to ELLs have/will be trained to provide appropriate and comprehensible instruction using ESOL methodologies and strategies. ELLs receive instruction that is aligned to state standards, is comprehensible,

equal, and comparable in amount, sequence, quality, and scope as their non-ELL peers. Equal access evidence will be observed by school site administrators through classroom visits, lesson plans and teacher interviews.

Although supplemental instructional materials can be used, textbooks for ELLs are the same as those used for non-ELLs. However, iPads loaded with Microsoft Translator and/or translated versions of texts are shared when available. ELLs in grades 9-12 must have access to and receive credit towards graduation in core subject areas of English language arts, mathematics, science, social studies, and computer literacy.

ELLs should not be retained if appropriate instructional strategies, materials, and assessments have not been provided to meet their needs. Furthermore, ELLs cannot be retained based solely on his/her language proficiency. This determination must be based (in part) on proficiency in reading, writing and math. Teachers can use alternative assessments, portfolios, and native language assessments to determine if content standards have been met. School based administrators, guidance counselor and district staff are responsible for monitoring and ensuring comprehensible instruction.

How does the LEA determine if the instructional models are positively affecting student performance?

ELLs academic performance is monitored by ELL staff and Office of Assessment and Accountability throughout the year to disaggregate data of ELLs. Administration and support staff review instructional models' success through teacher observations, ELL participation, attendance, grades, both district and statewide assessments, specifically ACCESS for ELLs found on Ellevation and Performance Matters. Teacher input is also requested. If the instructional model does not show that positive student performance goals are being met, then a different model may be considered.

How are ELLs assured equal access to all programs, services and facilities that are available to non-ELLs?

School-based administrators and counselors are responsible for ensuring that ELLs have equal access to all school programs, services, and facilities as per our district's pupil progression plans. ELLs are afforded the same rights as their non-ELL peers. In addition, the district ELL instructional specialist, ELL counselor, itinerant ELL teachers and ELL paraprofessionals also serve as advocates for ELLs and their families to ensure equal access and are responsible for providing information and training to school-based personnel. The District Parent Leadership Council also works closely with the schools to ensure equal access for ELLs. Furthermore, SJCSD's School Board Rule 5:02: Non-Discriminatory Admission of Students states that "The School Board shall admit students to District schools and programs without regard to race, color, religion, sex, age, national or ethnic origin, political beliefs, marital status, handicapping condition if otherwise qualified, or social and family background."

Describe the method(s) used in the LEA to document the use of ESOL instructional strategies and how this is monitored.

Teachers' lesson plans document instructional strategies for ELL students and are monitored by school administrators. Teachers are encouraged to receive additional training in the areas of differentiated instruction and ESOL strategies offered by the district for free throughout the year. Students are given support either individually or in small groups, based on student need, to target specific weaknesses identified by the ACCESS for ELLs, IPT, iReady, or EOCs. Instructional strategies are further monitored by ELL teachers/paraprofessionals on Powerschool where classwork/grades are displayed/updated regularly. Detailed notes on classroom observations and teacher notes during ELL committee meetings, and individualized student support and data from their ELL Plan, Imagine Learning, iReady and/or Achieve 3000 can all be gathered from student snapshot on ELL management program, Ellevation or district program of Performance Matters.

How does the LEA and school(s) verify the delivery of comprehensible instruction to ELLs?

Identification of ELLs and WIDA Performance Definitions are shared annually (or more as deemed necessary) with ELL committee members and Gen Ed teachers of ELLs when reviewing their ACCESS scores and ELL's "Can Do List". Each classroom teacher (per WIDA ELD Standards) is responsible for incorporating ESOL strategies into daily lessons and must provide evidence in lesson plans of differentiation, scaffolding, frontloading of academic vocabulary and more which are checked by school administrators during ongoing classroom walk-throughs and documented on formal and informal teacher evaluations. ELL grading guidelines are shared with teachers who are in turn, evaluated by school administration using the Marzano Teacher Evaluation System several times during the school year. A part of that system includes providing evidence of planning and preparing for the needs of English Language Learners (Domain 2, Element 47).

School administrators, counselors and ESOL staff will meet with the Gen Ed teacher(s) of ELL students to conduct reviews for monitoring the appropriateness of the student's program. Such reviews may include the following:

- A. evidence of accommodated assignments and how it is reflected in the ELL's grades in all subject areas
- B. continuous monitoring of the student's level of performance in core curriculum course areas such as Reading and Mathematics using state approved Progress Monitoring tools
- C. monitoring of the student's performance on Statewide Assessments or norm-referenced tests
- D. classroom observations.

What safeguards are in place to ensure that all ELLs are being provided equal access to programs and receiving comprehensible instruction? Include the school and LEA personnel responsible for ensuring comprehensible instruction.

District ELL Staff and School administrators continuously contact/meet with the Gen Ed teacher(s) of ELL students to ensure equal access. Any discrepancies are reported to District ELL Program Specialist/Counselor. As a result, classroom observations and teacher meetings are conducted, as well as a complete evaluation of the instructional material to monitor the appropriateness of the student's program and ensure that comprehensible instruction is achieved. District ESOL staff conduct daily monitoring visits throughout our schools and if necessary, provide modeling and curriculum development support for methods such as differentiation, scaffolding, frontloading of academic vocabulary, resharing of WIDA Can Do's, performance definitions and WIDA ELD Standards.

What progress monitoring tools are being used to ensure all ELLs are mastering grade level academic content standards, and benchmarks and the English Language Development (ELD) standards? *(Check all that apply)*

Student Progression

Have the LEA's standards and procedures for promotion, placement, and retention of ELLs been incorporated into the LEA's Student Progression Plan (SPP)? If no, where can this information be found?

☒ Yes Please provide a link to the LEA's SPP with specifics to ELLs highlighted.

☐ No (Specify) _____

<https://www.stjohns.k12.fl.us/cs/spp/>

Describe how the Good Cause Policy is implemented in your LEA when ELLs who have been enrolled for less than two years (based on DEUSS) are exempted from mandatory third grade retention. Include how parents or guardians are notified of LEA good cause decisions.

As indicated in the district's Student Progression Plan, the Superintendent may exempt students in grade 3 from mandatory retention for good cause if ELLs have received less than 2 years of instruction (based on DEUSS) in an ESOL program (not including Pre-K). Decisions must be made by an ELL committee recommendation, including input from parents, teachers, and support staff. Good Cause Exemptions for ELLs are communicated to the parents in their native language.

Describe what role the ELL Committee has in the decision to recommend the retention or promotion of any ELL and what documentation is used to support these decisions.

An ELL committee is convened to review documentation and data prior to making a promotion/retention recommendation for an ELL. When determining promotion/retention for ELLs, information and documentation may include, but not be limited to classroom performance, benchmark testing results, statewide assessment data, progress towards English Language acquisition, progress monitoring tools, such as Student Data Dashboard and I-Ready and parent/student interview. The committee makes a recommendation to the principal. The principal sends the final decision to the Superintendent.

Section 5: Statewide Assessment (Rule 6A-6.09091, F.A.C.)

Statewide Assessment

Describe the process to ensure that all ELLs participate in Florida statewide assessment programs. Include how responsible staff is trained to administer assessments and maintain documentation of the following:

The Dept of Assessment and Accountability and the ESOL Dept work with the FL statewide assessment programs to generate digital rosters of all ELLs to be tested at the school sites. Guidelines and materials that school based testing supervisors use to cross reference and ensure that all ELLs are appropriately assessed are shared. The ESOL Dept trains and provides workshops for testing supervisors administering WIDA, who, in turn train all school-based personnel. Information is shared on ELLs testing accommodations. The Office of Assessment provide recording documents for schools to maintain and document ELL accommodations, as well as procedural policies and accountability data.

ELL students who are receiving services in an ELL program operating in accordance with an approved ELL plan, and who take the state mandated tests may be offered the accommodations. However, the exact combination of accommodations to be offered to any student shall be individually determined, considering the needs of the student and recommendations of the student's team. Accommodations for ELLs in the administration of FSA, EOC and ACCESS for ELLs must follow the guidelines as specified in the respective assessment manuals.

Statewide content area assessments:

All ELLs will participate in statewide assessments. The ESOL Coordinator works with the District Assessment Coordinator, school-based assessment coordinators and teachers to ensure that all ELLs participate in the Statewide Assessment program and are provided appropriate testing accommodations.

The testing coordinator assures that the accommodations for statewide assessment which are indicated in the TAM and include flexible setting, flexible scheduling, flexible timing, assistance in the Heritage Language, and the use of the English-to-Heritage language dictionaries.

ACCESS for ELLs assessment programs:

Students coded LY by the first day of the ACCESS for ELL test administration are tested for language proficiency. ACCESS for ELLs is a paper-based assessment for Grades 1–12: Students are administered the Speaking section of the test one-on-one with a teacher; the Listening, Reading, and Writing sections may be administered in a group setting. Kindergarten ACCESS for ELLs is a paper-based assessment for Kindergarten where students are administered all sections of the test, one-on-one with a

teacher. Alternate ACCESS for ELLs is a paper-based assessment for students in Grades 1–12 who have significant cognitive disabilities where students are administered all sections of the test, one-on-one with a teacher.

What is/are the title(s) of the school-level person responsible for ensuring and documenting that ELLs are provided appropriate testing accommodations (per test administration requirements)?

All Ells will participate in statewide assessments. The ESOL Coordinator works with the District Assessment Coordinator, school-based testing coordinators to ensure that all ELLs participate in the Statewide Assessment program and are provided appropriate testing accommodations.

Describe how parents of ELLs are notified of assessments and testing accommodations. How does the LEA ensure that parents understand Florida's statewide assessments policies, mandates and student outcomes? Please provide links to communications in parents' languages.

The parents of LYs are notified of the different testing accommodations in a letter sent by the school. Parents may choose if flexible setting is the best testing option for their child. Letters are translated in their native languages when feasible.

Section 6: English Language Proficiency Annual Assessment (Rule 6A-6.0903, F.A.C.)

Describe the procedures to determine if ELLs are ready to exit the LEA's ESOL program. Include exiting procedures for all language domains (listening, speaking, reading and writing), grade-specific academic criteria and data reporting of status change.

Exit criteria is based on assessment scores per 6A-6.0903. For students taking any administration of the Kindergarten ACCESS for ELLs, the English language proficiency level shall be a 4.0 composite score or greater and at least 4.0 in the domain of reading. The exit code is H.

For students in grades 3-10 taking any administration of the ACCESS for ELLs, the English language proficiency level shall be a 4.0 composite score or greater and at least 4.0 in the domain of reading and an achievement level of at least 3 on the FSA ELA assessment. The exit code is I.

For students in grades 10-12 taking any administration of the ACCESS for ELLs, the English language proficiency level shall be a 4.0 composite score or greater and at least 4.0 in the domain of reading and a score on the FSA ELA of 3 or higher or passing concordant score on the SAT or ACT. The exit code is J.

For students with significant cognitive disabilities taking any administration of the Alternate ACCESS for ELLs assessment, the proficiency level shall be a P1 composite score or greater and will be exited by an ELL/IEP committee.

Once the student meets exit criteria, the ESOL specialist notifies the data specialist of exit data, and the student code is changed from LY to LF and is monitored for two years. Parents are notified of exit through a letter in the child's native language, unless clearly not feasible.

What is the title of person(s) responsible for conducting the exit assessments described above? (Check all that apply.)

- ☒ School/LEA based testing administrator
- ☒ ESOL Teacher/Coordinator
- ☒ Other (Specify) School Counselor

When is an ELL Committee involved in making exit decisions? What criteria are used by the Committee to determine language and academic proficiency?

If assessment results do not fully capture the student's academic or linguistic needs, an ELL committee may be convened where input from parents, teachers and support staff is discussed and placement decisions made. An ELL Committee may recommend that the student be exited from the program with consideration of other data than statewide assessment such as student portfolios or alternative evaluations. An ELL committee can also meet to exit a student from the ESOL program if there is enough evidence to indicate that English Language Proficiency is not the issue interfering with the student achieving proficiency either on the Statewide English Language Proficiency exam or the Statewide Academic Assessment. The student may have another documented disability that is being met through an IEP or other student plan. Regardless of reason for exit, an ELL committee would review the student's academic and English language proficiency record and document at least two of the five criteria listed below to exit a student:

- a. Extent and nature of prior educational or academic experience, social experience, and a student interview,
- b. Written recommendation and observation by current and previous instructional and supportive services staff,
- c. Level of mastery of basic competencies or skills in English and heritage language according to local, state or national criterion-referenced standards,
- d. Grades from the current or previous years, or
- e. Test results other than the entry assessments.

Describe the procedures if an ELL meets exit qualifications in the middle of a grading period.

Although Ells usually exit the ESOL program when exit criteria is met through assessment, Ells can be referred for exit at any time during the school year. Since

ACCESS for ELLs and FSA ELA data are normally used as the instruments to make the exit decisions, and this data is typically received during the summer, any exit decisions made in the middle of a grading period or school year would require an ELL committee decision based on a current data analysis and student evaluations. A current listening, speaking reading and writing English proficiency assessment will be given, as well as review of report card grades, benchmark test scores and portfolio data. Stakeholder input from parents, teachers and support staff will also be requested. The exit code will be L, and the student code will change from LY to LF.

Section 7: Monitoring Procedures (Rule 6A-6.0903, F.A.C.)

During the required two-year monitoring period, what is the title of person(s) responsible for:

Conducting the follow-up performance of former ELLs?
Updating the student ELL plan?
Reclassification of ELL status in data reporting systems?

What documentation is used to monitor the student's progress? (Check all that apply)

- ☒ Report Cards
- ☒ Test Scores
- ☒ Classroom Performance
- ☒ Teacher Input
- ☒ Other (Specify) Ellevation & Performance Matters

What are the procedure(s), including possible reclassification, that are implemented when the academic performance of former ELLs is not on grade level?

The performance of former Ells (LF) will be reviewed to ensure academic progress.

Per Consent Decree guidelines, reviews will occur as specified below:

1st report card after exiting the ESOL program;
at the end of the 1st semester;
at the end of the first year; and
at the end to the second year.

The procedures followed when the academic performance of former ELLs is not on grade level is:

- a) Student is referred to the ELL Committee.
- b) ELL Committee reviews report cards, student portfolios, attainment of Florida Standards, performance on district/state assessments, parent/teacher input, number of years the student has been enrolled in ESOL Program and language acquisition proficiency.
- c) ELL Committee may determine that the student continues in the regular program.
- d) ELL Committee may determine that the student needs to be reclassified as an ELL, coded LY and re-entered into the program or be referred for further evaluation.
- e) Student may be referred for increased support through the MTSS process.

The school counselor is responsible for initiating a new Student ELL Plan, providing the Data Processor with the student data to enter the mainframe and ensuring the

appropriate placement after the student has been assessed. Original student data stays the same. The student may be reported in the ELL program for an additional year or extended annually for a period not to exceed a total of six years based on an annual evaluation of the student's status. Lack of ELL funding eligibility does not relieve the district beyond the six years of state ELL program funding.

Compliance of ELL Plan and Student Performance

Describe LEA internal procedures for monitoring the ESOL program for compliance and student academic performance.

At each FTE survey, ESOL Coordinator/contact at each school checks to ensure all plan dates, reevaluations, parent notifications and other areas are in compliance. The registrar and school site contact person (school counselor) are in continuous communication to ensure all necessary compliance is updated and maintained. Assessment results and targeted skills are both online and kept in the ESOL folder and monitored throughout the course of the school year to demonstrate mastery of key English language acquisition concepts. Persons responsible for maintaining these records are the ESOL Coordinator, ELL teacher or school counselor.

Teacher training records are monitored for compliance with ESOL requirements by the district-level personnel or certification specialist. Student ELL plans, and schedules are updated annually and monitored by the ESOL administrator to ensure that ELLs are being provided the appropriate program 130.

Comprehensible instruction is monitored through classroom observations and review of teacher lesson plans to ensure use of WIDA ELD Standards and strategies. MTSS data is monitored and any discrepancies are reported to principals.

How do school sites, parents and stakeholders have access to the approved District ELL Plan?

The District ELL plan is available on the district's website. All schools provide the link to parents in the welcome back to school letter, as well as provided during PLC meetings. Parents can request copies of the plan at any time. Although the District ELL plan is in English, bilingual school staff will help translate components of the plan.

How does the LEA ensure that schools are implementing the District ELL Plan?

District ESOL Dept is responsible for implementation of the District ELL Plan and meets with school-based administrators at each school to make certain that appropriate instructional practices and procedures are in place. Teacher training is encouraged, classroom walk-throughs, observations and documentation of compliance items are reviewed to ensure that schools are implementing the district plan. Also, the district plan is discussed during PLC meetings with translators available, and parent input and feedback is encouraged so that there is successful implementation.

Section 8: Parent, Guardian, Student Notification and Rights

Describe the procedures used and provide a link to the notice to parents of an ELL identified for participation in a language instruction educational program. Per the Every Student Succeeds Act and per state board rule, this notice must delineate:

1. the reasons for the identification of their child as an ELL and the need for the child's placement in a language instruction educational program;
2. the child's level of English proficiency, how such level was assessed, and the status of the child's academic achievement;
3. the methods of instruction used in the program in which their child is, or will be, participating and the methods of instruction used in other available programs, including how such programs differ in content, instructional goals, and the use of English and a native language in instruction;
4. how the program in which their child is, or will be, participating will meet the educational strengths and needs of their child;
5. how such program will specifically help their child learn English and meet age-appropriate academic achievement standards for grade promotion and graduation;
6. the specific exit requirements for the program, including the expected rate of transition from such program into classrooms that are not tailored for ELLs, and the expected rate of graduation from high school (for students in high schools);
7. in the case of a student with a disability, how such program meets the objectives of the individualized education program of the student; and
8. information pertaining to parental rights that includes written guidance—
 - a. detailing the right that parents have to have their child immediately removed from such program upon their request;
 - b. detailing the options that parents have to decline to enroll their child in such program or to choose another program or method of instruction, if available; and
 - c. assisting parents in selecting among various programs and methods of instruction, if more than one program or method is offered.

Describe the procedures used by school personnel to provide assistance to parents or guardians of ELLs in their home language.

To meet ESSA compliance, districts are required to notify parents of ELLs identified for participation in the program no later than 30 days after the beginning of the school year. For those children identified as ELLs during the school year, the district shall notify the parents during the first 2 weeks of the child being placed in ESOL. Parents will be notified by letters, maintained in student folders, and monitored. All letters, as well as all home-school communication must be provided to parents in a language that they can understand unless clearly not feasible. The District ESOL Counselor, itinerant ELL teachers and paraprofessionals also aid in family communication.

Describe parent outreach activities that inform parents of how they can be involved in their children's education and how they can assist their children to learn English and meet state academic standards.

All verbal and written communication is provided to parents/guardians in their home language, whenever feasible. Our district site is utilizing Microsoft Translate. Language assistance is also provided via school and district personnel fluent in the parents/guardians' home language, i.e. pre-recorded messages with time sensitive information sent directly to the parents/guardians' phones, information posted on district website and interpreted at school functions and community venues. Translation services, specifically in less commonly spoken languages are also provided through bilingual staff, university personnel, community volunteers which help builds relationships with our parents. ESOL Parent Leadership Council meetings are held throughout the county at least once every semester.

Check the school-to-home communications that are sent by the LEA or school to parents or guardians of ELLs that are in a language the parents or guardians can understand. (Check all that apply. Please provide links to all boxes checked.):

Section 9: The Parent Leadership Council (Rule 6A-6.0904, F.A.C.)

What type(s) of Parent Leadership Council (PLCs) exist in the LEA? (Check all that apply. Please provide links to agenda membership and meetings.)

- ☒ LEA Level
- ☐ School Level

Please address the functions and composition of the PLC:

The goals of the PLC are to acquaint parents of Ells with school personnel and services available at the individual school sites; provide parents of Ells with an opportunity to take an active role in the decisions that affect the education of their children and to consult with school personnel and give input on goals related to the program. The District PLC is composed of parents of current and former Ells, as well as classroom teachers, curriculum specialists and ESOL resource teachers. Community leaders and ELL advocates are also invited to participate as members. The primary function of the PLC is to make recommendations for the District ELL plan, and review policies which are instrumental in the approval process.

The PLC is "composed in the majority of parents of limited English proficient students." If the PLCs in the LEA do not meet this condition, explain why and when compliance with the rule is expected.

How does the LEA involve the PLC in other LEA committees?

The PLC develops a school environment that encourages two-way communication between the home and the school and meets at minimum bi-annually, but as needed. Bilingual personnel are also available to discuss issues that promote school involvement and provide parents of Ells with leadership training and opportunities to be represented on existing school and district advisory councils. PLC members are actively involved in School Advisory Committees, Textbook Adoption Committees, ELL District Plan Committee, Parent Teacher Association as well as, ad hoc school

based committee. The PLC Task Force make recommendations for the development of the District ELL Plan. The officers also review and approve the District ELL Plan prior to it being submitted for School Board and State DOE approval.

How is the LEA PLC involved in the development of the District ELL Plan?

The District PLC reviews and makes recommendations for any changes and improvements to the District ELL Plan.

Does the LEA PLC approve of the District ELL Plan? ☒ Yes ☐ No

If no, please provide explanation for PLC's non-approval.

Section 10: Personnel Training (Rules 6A-6.0907 and 6A-1.0503, F.A.C.)

Describe how Category I teachers responsible for the English Language Arts and intensive reading instruction of ELLs who are required to obtain the ESOL endorsement/certification are notified of training requirements and opportunities. Include title of person(s) responsible for issuing the notifications and how the process is documented.

Personnel who will be the primary providers of English or Language Arts and reading courses to an ELL must be appropriately certified for the ESOL teaching assignment. Teachers can be in compliance through an infused ESOL endorsement in conjunction with a DOE-approved teacher preparation program, which is usually completed before employment. Teachers can also complete a DOE-approved district in-service add-on endorsement program by taking the 300-hour in-service of: a) Methods of Teaching ESOL, b) ESOL Curriculum and Materials Development, c) Cross Cultural Communication and Understanding, d) Applied Linguistics, and e) ESOL Testing and Evaluation. Teachers can also pass the ESOL subject area exam and complete 120 hours of ESOL training within three years. Prior ESOL training can be used, and documentation is maintained in the teacher's personnel file. Staff members in the Office of Educator Certification will assist personnel who have completed the requirements for the ESOL Endorsement, through preservice, to file for the ESOL Endorsement through the Bureau of Educator Certification. Staff who has passed the ESOL K-12 subject area exam will assist individuals who possess degree majors in ESOL to file for the ESOL coverage with the Bureau of Teacher Certification.

The Office of Educator Certification will be responsible for notifying personnel of their certification requirements and for monitoring them for compliance. The Office of Professional Development will be responsible for providing personnel with information concerning inservice training, advertising and scheduling of classes. The Office of Professional Development will schedule, monitor, coordinate, and deliver the inservice training. Weighted FTE 130 may be claimed for these teachers.

Describe how content area teachers of math, science, social studies and computer literacy are notified of ESOL training requirements (60 hours) and opportunities. Include title of person(s) responsible for issuing the notifications and how the process is documented.

The Office of Educator Certification will be responsible for notifying personnel of their certification requirements and for monitoring them for compliance. The Office of Professional Development will be responsible for providing personnel with information concerning inservice training, advertising and scheduling of classes. The Office of Professional Development will schedule, monitor, coordinate, and deliver the inservice training. Weighted FTE 130 may be claimed for these teachers.

Describe how all other instructional staff are notified of ESOL training requirements (18 hours) and opportunities. Include title of person(s) responsible for issuing the notifications and how the process is documented.

All other instructional staff is notified of training requirements and opportunities by posting the ESOL training schedule on the District's Professional Learning Performance website and by sending the ESOL training schedule, Plan of Study, and the Timeline for Required ESOL Training to administrators by email who, in turn notify teachers. The district ESOL certification specialist is responsible for coordinating, issuing, and monitoring the notifications of all training presented on the District and school levels. The process is documented through FOCUS electronic files and maintained in the teacher's personnel file.

Describe the procedures used when Category I teachers are reported out of field. Include compliance procedures when claiming weighted FTE 130 for core courses. The principal reports Category I teachers who are out of field to the Certification Office of the Human Resources Department who are then reported to the School Board for approval. A letter notifying parents of out of field status is sent to ELL parents in native language, unless clearly not feasible. Category I teachers are considered out of field until the ESOL endorsement or certification requirements are met. Once assigned an ELL, Category I teachers must complete 60 hours of ESOL training within two years and at least 60 hours of ESOL training each consecutive year until the ESOL endorsement is complete regardless of ELL assignment. The ESOL endorsement must be added to existing teaching certificate. Teachers following these guidelines are considered in compliance, and weighted FTE 130 can be claimed. Although weighted FTE 130 may be claimed for teachers responsible for teaching Category II, core courses of Math, Science, Social Studies and Computer Literacy, teachers are not considered out of field and no notification letter or school board approval is necessary. All teacher must document that ESOL strategies are being used to ensure comprehensible instruction.

Describe how the LEA provides the 60-hour ESOL training requirement for school-based administrators and the LEA's tracking system that will be implemented.

The LEA provides the 60-hour ESOL training requirements for school administrators by providing the appropriate training opportunities through blended learning training model once every two years and based on need as determined by the Principal's Pool Coordinator. The office of Professional Development is responsible for coordinating, issuing, and monitoring the notifications of the training for school-based administrators. Administrators, including principals, assistant or vice principals, school-based curriculum and behavior supervisors have three years from school leadership assignment to complete the 60 hours, but prior ESOL coursework can be used. The process is documented through in-service electronic records and maintained in the personnel file.

Describe how the LEA provides the 60-hour ESOL training requirements for Guidance Counselors, and the LEA's tracking system.

The LEA provides the 60-hour ESOL training requirements for school counselors by providing the appropriate training opportunities through blended learning training model once every two years and based on need as determined by the Coordinator of Guidance Counselors. The Office of Professional Development is responsible for coordinating, issuing, and monitoring the notifications of the training for school-based counselors who have three years from assignment to complete the 60 hours, but prior ESOL coursework can be used. The process is documented through Sungard in-service electronic files and maintained in the personnel file.

Describe the supplemental professional development offered by the LEA to ensure that instructional staff are informed of English Language Development standards and best practices.

ELL and content area teachers, as well as school administrators and bilingual paras are informed of supplemental ESOL training through the Office of Professional Development. Staff can sign up for courses or activities that are provided by the school district, DOE or WIDA facilitators. Although these courses cannot be used towards the required ESOL training mandates, teachers can receive in-service points when coursework is completed.

If instruction is provided in a language other than English, describe the procedures that are used to assess teachers' proficiency in the other language and in English.

A bilingual paraprofessional or teacher is required at schools having 15 or more ELLs who speak the same language. Specify the eligibility qualifications required by the LEA for bilingual paraprofessionals. Explain the bilingual paraprofessional's job description and primary assignment.

Bilingual paraprofessional applicants must have an AA/AS degree or pass the ParaPro test. They must be fluent in English and appropriate native language as determined by interview, district screening and/or an oral and written exam. The job description will include but is not limited to: participation in inservice activities involving program procedures, curricular and assessment modifications and tutoring strategies; assisting in administering individual and group student tests in appropriate native language or in English; becoming a member of the ELL Committee and actively participate in developing the student plan; assisting the ELL Committee chairperson and the ESOL Resource Teacher with native language support; working with small groups of students, under the direction of the classroom teacher; acquainting parents with program personnel and services available at the individual school site.

Describe LEA procedures for training bilingual paraprofessionals in ESOL or home language strategies. Include how documentation of training is maintained.

Bilingual Education Paraprofessionals are provided with inservice on an ongoing basis during pre-planning, orientation, early release days, Professional Study Day, summer institutes, small group area meetings, that focus on topics such as the ESOL Consent Decree, student identification and assessment procedures, cross-cultural differences and similarities, parent involvement, tutoring techniques, curriculum development and accommodation, and strategies for working with ELLs. The process is documented through Sungard in-service electronic files and maintained in the personnel file.

Describe the procedures to determine the bilingual paraprofessional's proficiency in English and in the heritage language of the students served.

The bilingual paraprofessionals are interviewed by bilingual staff and asked to translate a sample letter communicating to ELL parents.

Please provide an assurance letter from the district superintendent that the district is in compliance with all ESOL training requirements.

Section 11: Extension of Services (Rule 6A-6.09022, F.A.C.)

Describe LEA procedures used to determine extension of services, including appropriate timeline based on DEUSS. Explain the role of the ELL Committee and what supporting documentation is used in determining if continued ESOL services are necessary.

Three (3) years after the date of an ELL's initial enrollment in a school in the United States (DEUSS), an ELL Committee shall be convened annually to re-evaluate the student's progress towards English language proficiency. The ELL Committee shall be convened no earlier than thirty (30) school days prior to the third anniversary of the student's initial enrollment date in a school in the United States, (DEUSS) and no later than the anniversary date, unless the student's anniversary date falls within the first two (2) weeks of any school year. Then, the ELL committee may convene no later than October 1. This process shall be completed annually thereafter. Any student being considered for extension of services shall be assessed on at least one (1) Department-approved assessment instrument. The assessment shall be administered no earlier than thirty (30) school days prior to the student's anniversary date. The assessment may be any Department-approved assessment that covers all four (4) domains of listening, speaking, reading, and writing. If the student's anniversary date falls between the release of the statewide English Language Proficiency assessment and applicable statewide standardized assessment scores in a given school year and October 1 of the following school year, the student's statewide English Language Proficiency assessment and applicable statewide standardized assessment scores will suffice, and a more recent assessment is not required.

The procedures followed when determining extension of services is:

- a) Student is referred to the ELL Committee.
- b) ELL Committee reviews report cards, student portfolios, attainment of Florida Standards, performance on district/state assessments, parent/teacher input, number of years the student has been enrolled in the ESOL Program and language acquisition proficiency.
- c) ELL Committee may determine that the student continues in the regular program.
- d) ELL Committee may determine that the student be referred for further evaluation.
- e) ELL Committee may determine that the student needs extension of services

The ESOL Resource Teacher and ELL Chairperson are responsible for initiating a new Student ELL Plan, providing the Data Processor with the student data to enter into the mainframe and ensuring the appropriate placement after the student has been assessed. Original student data, including DEUSS and entry date stay the same.
