**6. CLOSING COMMENTS BY SCHOOL BOARD MEMBERS AND SUPERINTENDENT OF SCHOOLS**

Mr. Canan, Mrs. Slough, and Mrs. Barrera thanked everyone who presented, and acknowledged how complex and challenging facilities planning can be.

Mr. Forson mentioned the importance of moving the Workshop time that was originally scheduled for 3 p.m. to 1 p.m. It takes time to hear and absorb all the information that was presented. We're going to do perfect things for the kids.

Mr. Allen spoke about comments he receives from the public regarding the lack of cursive writing in the 3rd grade. He noticed it was not on the schedule for 3rd graders for state testing and is concerned about that.

Mr. Mignon stated that he felt we need to do more planning ahead as it relates to half cent sales tax in the future. We can't afford to lose that kind of revenue. The state needs to do something about recognizing rapidly growing counties and supporting them

in some way to cover the cost of new construction.
