**Practical
Support**

2

**Resilience
&
Care**

3

**Relational
Engagement**

4

**Collaboration
&
Communication**

Desired Outcomes

For Schools:

- A clear pathway to serve schools in alignment with district needs and guidelines.
- Opportunities to live out their faith through service, compassion, and generosity.
- Greater unity among faith organizations working for the good of the county.

For Faith Partners:

- Stronger partnerships that reduce gaps in resources and support.
- Increased sense of care among staff, students, and families.
- Reliable volunteers and community partners who show up consistently.

Expectations of Attendees

At a Faith level:

- Come with a posture of service, not agenda.
- Collaborate with other organizations in unity, not competition.
- Commit to showing up consistently for schools in practical and relational ways.

At A School District Level

- Respect boundaries set by the district (no Religious solicitation or imposition of beliefs in schools, we focus on service).
- Communicate clearly and follow through on commitments.
- Work as a trusted partner - reliable, consistent, and solutions -orientated.
