Meeting	Apr 14, 2020 - REGULAR SCHOOL BOARD MEETING
Category	S. Operational Services - Consent
Subject	3. Acceptance of the Energy Conservation Program Quarterly Status Report April 2020
Access	Public
Type	Action (Consent)
Recommended Action	Acceptance of the Energy Conservation Program Quarterly Status Report April 2020
Goals	GO-3 Energy Consumption Strategies GM-1 Mission Statement

Public Content

Background Information:

The School District, through an agreement with Cenergistic - The Energy Conservation Company, implemented an Energy Conservation Program in 2008. Principals, Maintenance Coordinators, and the District Energy Manager work together to monitor and conserve energy consumption at each school site and facility. Quarterly Energy Conservation Program Status Reports have been presented to the School Board since April 2009.

The April 2020 Energy Conservation Program Quarterly Status Report summarizes the performance results of the Energy Conservation Program for the quarterly period of October 2019 - December 2019. The report reveals data on energy consumption by the District during this period. Also provided is cost avoidance data for each district facility. The information is presented to show actual energy consumed and cost avoidance to the District as a result of the implementation of energy conservation strategies.

Educational Impact:

The program is intended to reduce operational costs related to utilities, therefore increasing dollars available for other District related operational expenses.

Strategic Plan Impact:

Supports the District's Mission by providing appropriate facilities to help inspire good character and a passion for life long learning in all students, creating educated and caring contributors to the world.

Fiscal Impact:

During the quarterly period October 2019 - December 2019 the Energy Conservation Program has resulted in additional costs avoidance for the School

District of \$1,264,459. The current rate of energy savings significantly exceeds the projected performance of the program. Since inception, the District has realized a total cumulative cost avoidance of \$56,088,796.

Recommendation:

Acceptance of the Energy Conservation Program Quarterly Status Report for April 2020.

Action Required:

Approval of Superintendent's recommendation.

Drafted, reviewed and submitted by:

Al Crutchfield, Energy Manager

Paul Rose, Executive Director for Facilities and Operations

Cathy Mittelstadt, Deputy Superintendent for Operations

Sincerely,

Tim Forson

Superintendent of Schools

Administrative Content

Our adopted rules of Parliamentary Procedure, Robert's Rules, provide for a consent agenda listing several items for approval of the Board by a single motion. Most of the items listed under the consent agenda have gone through Board subcommittee review and recommendation. Documentation concerning these items has been provided to all Board members and the public in advance to assure an extensive and thorough review. Items may be removed from the consent agenda at the request of any board member.

**ENERGY CONSERVATION PROGRAM
QUARTERLY STATUS REPORT
October 2019 – December 2019**

EXECUTIVE SUMMARY

The April 2020 Energy Conservation Program Quarterly Status Report summarizes the performance results for the quarterly period of October 2019 – December 2019 and is comprised of the following:

- Cost Avoidance Summary by Site (October 2019 – December 2019): The District realized a total cost avoidance for this quarterly period of \$1,264,459 (or a 46.7% cost avoidance from the baseline period).
- Greenhouse Gas Reduction: Greenhouse Gas Reduction for this quarterly period reduced CO² by 5,861 metric tons.
- Year to Date Monthly Cost Avoidance Summary (January 2019 – December 2019): This reflects the monthly summary of total cost avoidance for the period January 2019 – December 2019.
- Energy Consumption Summary (Cumulative Year to date): Summary breakdown for electricity, water & sewer, and irrigation for January 2019 – December 2019.
- Total cost avoidance for the district from program inception (July 2008 – December 2019): This reflects the total cost avoidance since the implementation of the program. Total cumulative cost avoidance of \$56,088,796.

During the period of October 2019 – December 2019 there were 150 energy audits performed at District facilities. The results of these audits demonstrate continued efforts by employees to reduce energy use.

Our district continues to show a high regard in reducing the overall energy consumption. Many thanks to principals and our facilities staff district-wide for a very successful summer energy savings program.

St. Johns County School Board

Cumulative Cost Savings

December 2019

Expected Energy Cost	\$2,704,799
Actual Energy Cost	\$1,440,340
<hr/>	
Program Savings	\$1,264,459
Percent Savings	46.7%
<hr/>	
Other Savings	\$0
Total Savings	\$1,264,459

Expected Energy Cost	Actual Energy Cost	Program Savings
Anticipated expense without energy management. Base year usage after adjustments for such variables as changes in weather, equipment, schedules, occupancy and prices.	Actual utility costs for electricity, gas, water, sewer, etc. obtained directly from bills.	The difference between Expected and Actual Cost, calculated in accordance with the International Performance Measurement & Verification Protocol. Does not include savings attributable to reduced equipment maintenance and replacement costs and other collateral benefits. These savings can increase the program savings up to 20%.
Other Savings	Additional documented savings attributable to Program activities but not the direct result of usage reductions, such as rebates, refunds, tariff changes, etc.	

Cumulative Energy Savings

Cumulative Greenhouse Gas Reduction

Energy Reduction Impact:	38,684,983 KBTU	5,861 equiv. metric tons of CO2
This is equivalent to the following:		
Passenger cars not driven for one year:	1,221	
Tree seedlings grown for 10 years:	150,277
