

4 Year Plan

Student Name: _____ Career Interest: _____

Students, this plan is editable and will likely change as you progress through high school and determine your postsecondary path. This plan will be created between you and your middle school counselor based on your current career interests. In high school, you will work with your school counselor each spring to register for classes the following year. Some courses may or may not be available from this selection once you are in high school, and you will need to meet course eligibility criteria for enrollment in advanced courses and academies.

The number of credits needed in the tables below is indicative of requirements for a 24 credit High School Diploma and does not include requirements for State University Admissions, the Bright Futures Scholarship, graduation test requirements, alternative diploma options, or specific diploma designations. For information on these, please consult the FLDOE Graduation Requirements Flyer: <http://www.fldoe.org/core/fileparse.php/7764/urlt/1415forwardflyer.pdf>

Students, please highlight your intended level box (standard, honors, etc.) for each subject that also aligns with your career interest. Multiple levels can be highlighted for one subject if you intend to take a mixture of course levels.

English (4 credits)				
	9th	10th	11th	12th
Standard	English 1	English 2	English 3	English 4
Honors	English 1 Honors	English 2 Honors	English 3 Honors	English 4 Honors
