

Using Home Access Center

Home Access Center (HAC) is a browser-based student information system that allows you to view student registration, report card, attendance, discipline, transcript, success plan, course request, classwork, and scheduling information as it is entered in the school district's database.

Home Access Center Menu

The menu options in the Home Access Center banner provide access to HAC's main pages. Clicking an icon displays a page with related tabs, each of which is a self-contained page of information on your student. For example, the  Grades option displays a page with tabs on IPRs, Report Cards, and other subjects associated with grading. Clicking a tab displays the page indicated. Most HAC pages also include links that when clicked, display a window with additional details.

The following pages can be accessed using the menu options in the HAC banner.
