

**Notice to Home Education Families
Regarding Required Annual Evaluation 2018-2019 School Year**

Home education law requires parents or guardians to provide an annual educational evaluation to the district superintendent's office that documents the student's demonstration of educational progress. This required evaluation is due each year on the anniversary date of your child's initial enrollment as a Home Education student. For example: if your child was enrolled in Home Education on August 23, 2018, an annual evaluation is due on or before August 23, 2019. The annual evaluation will be due on or before that date every year that he/she remains a home education student. If you are planning on having your child return to public school, it is advisable that you turn in the annual evaluation over the summer prior to their return.

There are five (5) options for fulfilling the requirement for an annual evaluation:

1. Select a teacher holding a valid regular Florida certificate to review and discuss the contents of the required portfolio with the student, or
2. Have the student take a nationally normed student achievement test administered by a certified teacher, or
3. Have the student take a state student assessment test used by the school district (FSA/EOC) and administered by a certified teacher, or
4. Have the student evaluated by a psychologist holding a valid active license, or
5. Have the student evaluated with any other valid instrument tool that is mutually agreed upon by the parent or guardian and the superintendent. Virtual School transcripts are an acceptable measure IF the transcript shows 1.0 credit earned for each English, Math, Science and Social Studies. Partial transcripts must be supplemented with one of the other four evaluation methods to be accepted.

The documentation can be a report by the evaluator or a copy of test scores. The form is included as a **suggestion** for use by the certified teacher if you choose option 1 of a portfolio review. If you choose to submit test scores, through options 2-5, please complete the student information section of the annual evaluation form and attach it to the test scores.

Annual evaluations/test scores should be sent to the following address:
Home Education Department
St. Johns County School District
40 Orange Street, St. Augustine, FL 32084

Florida Statute 1002.41 states that failure to submit an annual evaluation places the home education program in noncompliance and permits the superintendent, after notice to the parent/guardian, to terminate the program. If this office does not receive the evaluation, your child/children will be required to enroll/re-enroll in public or private school to meet the compulsory attendance law.
