

**Preventive Maintenance Teams:** The Maintenance Department has three preventive maintenance teams and each team consists of fifteen (15) skilled tradesmen such as carpenters, electricians, equipment operators, HVAC mechanics, masons, painters, plumbers, roofers and helpers. Each team is responsible for maintaining and servicing fourteen (14) schools and administrative facilities. Each team also performs preventive maintenance work at the facilities for a period of two weeks at elementary schools, middle schools, academies and administrative facilities and three weeks at high schools. The preventive maintenance schedule begins in August and the teams will rotate from school to school and conclude their visits in April.
