

WORLD BOOK ONLINE: TIMELINES

Teacher Task Challenge

What is World Book?

World Book Online is a research database students and teachers can use to find out more about topics, and research information. The site also contains atlases, current events articles, and a timeline and citation builder.

Integration Ideas

- Use the featured video as a writing prompt during literacy centers.
- Use the atlas feature to explore political maps, climate and vegetation, industry and more.
- Use the atlas feature for real-world math story problems.
- Create a timeline of learning goals and standards for each content area.

Task Challenge

1. Visit World Book Online at www.worldbookonline.com.
2. Click timelines icon. Then click *create a timeline*.
3. Choose a background or upload an image. Create a title and description.
4. You can either create events or search events for your timeline.
5. Add 8 or more events to your timeline.
6. Explore the plus and minus keys, left/right arrows, and switch view feature.
7. Save your timeline and create a World Book login.
