

Plickers

Teacher Task Challenge

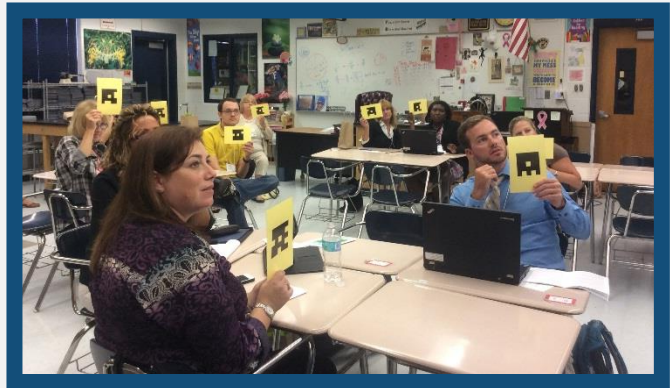

What is Plickers?

Plickers is an alternative to Student Response Systems (Clickers). The teacher uses any mobile device to scan student QR Codes. Students turn their QR Code to indicate their answer (A,B,C,D)

Integration Ideas

- Collect format assessment data from students
- Exit Tickets
- Assess student level on the Marzano Scale
- Poll students to determine their opinion about books/topics
- Create a “Game Show” to review concepts

Task Challenge

1. Create an account at <https://plickers.com/>
2. Add a new class. Type your student names in order. They will be assigned a number.
3. Click **Live View** and create 5-10 questions.
4. Click help and then print your Plickers cards.
5. Download the Plickers app on your phone or tablet and sign in.
6. Select your class.
7. Ask students each question and scan their cards to record their answers. Students turn card so their answer faces up.
8. View reports on Plickers website.
