

# SOCRATIVE

## Teacher Task Challenge

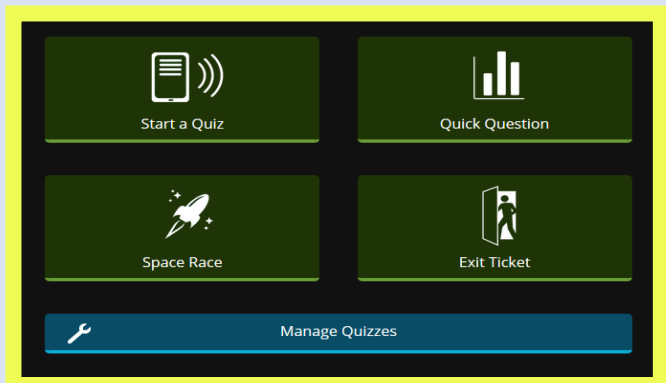

### What is Socrative?

Socrative is a Feedback tool that allows teachers to create multiple choice, true/false, short answer, and exit ticket assessments.

### Integration Ideas

- Create Pre and Post - tests to help differentiate instruction
- Create Exit Tickets
- Poll students about their current level on the Marzano Scale
- Create review games using the Space Race Feature
- Use the short answer feature by having students make predictions or summarize content

### Task Challenge

1. Visit the [Socrative](https://www.socrative.com) website and create an account.
2. Click manage quizzes, then create quiz.
3. Create 2 multiple choice, 2 true false, and 1 short answer question.
4. Click save and exit. Then click dashboard.
5. Click Start a Quiz.
6. Select your quiz, then choose your preferred settings.
7. Ask students to take your quiz. Click finished and choose a type of report.
8. Tip: Under My Profile, you can change your room number to a word.
