

Virtual High Fives

Students can submit virtual high fives that will be posted on the St. Johns County School District's social media pages. Student can write a message of positive and hope on their hand, take a picture, and send it to the Coordinator of Social Emotional Learning, at David.Barnes@stjohns.k12.fl.us. When you email your virtual high five, include your **name, age, grade, and school**. The virtual high fives will be posted periodically as a collage. We look forward to seeing your supportive high fives over the summer!
