The video courses available in Safeschools are organized in general categories. We have identified specific courses that apply to your area of work and have developed “Modules” comprised of multiple courses. Each Module is worth a specific number of inservice credits. Most of the courses in each Module are located in a single category on Safeschools; however, there may be a few that you will need to access from a different category (this will be noted).

As you complete the Modules below, please fill out the SafeSchools Verification Form and return it to the Executive Secretary or PD Contact (this individual will be noted on the Verification Form) in your Department. Credits will be entered on your Professional Development Transcript in BusinessPlus. For those who hold a valid Florida Teacher Certification, these credits will count towards your 5-Year Renewal.
