The Superintendent, or their designee, and the aggrieved employee, and their representative(s) shall meet within a reasonable time, not to exceed five (5) workdays in an attempt to resolve the matter. The Superintendent shall communicate their decision, in writing, to the aggrieved employee and the Association within five (5) workdays after the hearing.

Step Three:

2. When grievance meetings and arbitration proceedings are held during employee work hours, up to ten (10) grievant(s), witness(es) and Association representative(s) whose presence is required shall be excused with pay from their normal duties. If the Association indicates that more than ten (10) witnesses are needed, every effort will be made to schedule the meeting beyond the employee workday.
3. The arbitrator shall have no power to alter, add to, subtract from, disregard, or modify any of the terms of the Agreement.

4. The arbitrator's powers shall be limited to deciding whether the express articles of this Agreement have been violated, misinterpreted, or misapplied.

- b. The maximum amount of annual leave that can be accrued is four hundred and eighty (480) hours. This shall constitute the maximum lump-sum payment of annual leave upon retirement or death of an employee. The four hundred and eighty (480) hours may be accrued by accumulating up to one-half (1/2) of the yearly earned annual leave; the remaining annual leave shall be used by the employee or the annual leave will be forfeited. Provided, however, the Superintendent may defer using or losing one-half (1/2) of the accrued annual leave during a given school fiscal year when circumstances prevent the affected employee from taking annual leave. This deferred leave shall be taken within the subsequent two (2) year period.
- c. Annual leave may be granted by the Superintendent upon written request of the employee and with prior approval of the employee's supervisor. Annual leave shall be scheduled as to cause a minimum disruption of the school or district program and shall not be granted if the employee's absence would cause extreme hardship or interruption of vital services to the school or district. Employees who request a leave thirty (30) days prior to leave date will be notified by principal or director within five (5) working days if request is

denied. Those employees submitting a request thirty (30) days prior to leave, where the leave is for a special circumstance, should attach a brief statement specifying the special circumstances of the leave request. Every effort will be made to accommodate requested leave. If a thirty (30) day prior to leave request is denied, the employee may appeal to the Associate Superintendent for Human Resources. In an attempt to assist employees in scheduling their annual leave, principals and directors will identify any time periods that would cause undue hardship or interrupt vital services, when known.

- d. Upon termination or retirement an employee is entitled to any unused accumulated annual leave as "vacation pay" computed at employee's daily rate of pay as defined in 6(b).
- e. Annual leave shall accrue at the close of each month. Not more than thirty days may be taken in one fiscal year.

7. Employees Working More Than One School District Job

- a. Employees who are working in two or more regular job classifications that equal 25 hours per week or more will earn leave based upon the number of hours worked in the combination of jobs up to a maximum of eight (8) hours per day. If the employee's combined position exceeds eight (8) hours of work per day, the employee may use their accrued leave time for the total number of hours in their workday (example: ten (10) hours) or they may use eight (8) hours of leave time and take the excess daily time without pay (example: ten (10) hour workday: use eight (8) hours of leave time and two (2) hours without pay).
- b. Part Time As Needed positions do not accrue leave.

8. Religious Observance

Employees of any faith who are scheduled to work on religious holidays may request, in writing, and shall be granted, leave (up to 2 days per school year) based on notification of their principal or director and approval by the superintendent. The employee will make up the time as mutually agreed by the principal or director and the employee.

9. Bereavement Leave

Any employee who has utilized all of their regular leave (zero sick leave balance and zero annual leave balance) will be granted three (3) days of bereavement leave per contract year due to a death in their immediate family. Immediate family is defined as father, mother, brother, sister, spouse, child, or their in-law or step relative counterparts or other close relative, or member of their household. This day will not be charged against the employee's sick leave or personal leave and they are non-accruable.

The District may require proof of death within thirty (30) days after Bereavement Leave is taken. A copy of the newspaper or online obituary or the funeral card/program for the deceased are examples of acceptable proof of death.

B. Leave Without Pay

The following leaves without pay may be granted by the Board under the conditions outlined in this Agreement. No leave without pay will be granted until the employee has exhausted all accrued leave time. No leave is granted beyond the school year in which approved by the Board unless specifically approved and extended by the Board:

Medical Leave (not covered under Sick Leave)
Personal (Without Pay)
Child Rearing Leave
Political leave
Military
Educational Leave

When leave without pay is granted for a period in excess of thirty (30) days, an employee granted this extended leave without pay shall be entitled to return to duty when a vacancy exists for which he is qualified. A vacancy is defined as an unfilled position for which applicants are being considered. The employee must submit a written request to the Superintendent for return to duty. The employee will then be entitled to the next available vacancy for which the employee is qualified, provided an individual on medical leave shall be scheduled to return to his normal duty schedule with the Board (when meeting the provisions of medical leave requirements outlined in this Agreement) within 30 days of written request to the Superintendent for termination of medical leave. The Board does not guarantee the same position when returning to work from extended leave.

1. Medical (not covered under Sick Leave)

The Board may grant, at its option, requests for unpaid leave for up to (1) year due to illness, disability, accident or maternity. Leave requests must state the reason and time period to be covered by the requested leave. The Board may request a physician's statement regarding the need for a medical leave. An employee returning from medical leave is required to provide a doctor's release before returning to work.

2. Personal (Without Pay)

Leave requests for unpaid leave for personal reasons may be granted at the option of the Board for a period of up to thirty (30) days. Leave of up to ninety (90) days may be granted at the option of the Board for serious illness of an immediate family member.

If an individual, as a condition of adoption, is required to be with the adopted child beyond the three-month period, extension based on specific requirements would be given up to one year.

4. Political

Political leave may be granted for up to one (1) year and shall be for the purpose to campaign for office or serve in the state legislature, or national congress.

5. Military Leave

Employees going into full-time military service will be granted leave without pay. Military orders must be presented with request for leave.

6. Educational Leave

Educational leave may be granted to an employee for up to one (1) year for the specific purpose of completing an education internship in connection with a college degree working toward certification as a teacher.

C. Other Leave

1. The district will comply with State and Federal regulations and laws pertaining to Workers Compensation Leave.

2. Family and Medical Leave Act

- a. It is the intent of the School Board and the Association to comply with the provisions of the Family and Medical Leave Act. If any provisions of the contract are in conflict with the Family and Medical Leave Act, they will be void. However, if both parties mutually agree to reopen this section because of the Family and Medical Leave Act, such reopening will occur within thirty days.
- b. This leave provision is not intended to limit or reduce leaves provided under other terms of this contract.
- c. In the event that five or more consecutive sick leave days are necessary, or the employee is out sick on unpaid leave, the employee's leave may be classified under the Family and Medical Leave Act (FMLA) if determined eligible by the Human Resources Department.
- d. If an employee has leave time when FMLA is awarded, the employee must use the leave congruently with FMLA leave.

2. Physical assault upon an employee shall be promptly reported to the Board, or its designated representative(s). To the extent allowable under F.S. 768.28, employees will be advised that the Board will provide legal counsel to advise the employee of their rights and obligations with respect to such assault and shall render available assistance to the employee in connection with handling of the incident by law enforcement and judicial authorities.

ARTICLE XI
Transfers, Reassignments and Vacancies

- A. Transfers: A transfer is a movement of an employee from one school center and/or cost center operation to another.

Voluntary:

1. Requests by an employee for transfer to a different school center and/or cost center may be made to the Superintendent/designee, in the same manner as applying for a vacancy by using the Human Resources web site at any time. Transfer request must be for specific location and positions within the same job classification. In reviewing the employee's request for transfer from one work site to another, qualifications, seniority, past performance and the requirements of the assignment will be considered. The district Human Resources Department will, by scheduled appointment, provide assistance for entering data for on-line application at the district administrative building.

Involuntary:

1. In making involuntary transfers, qualifications, seniority, needs of the school system and ability of individual to fulfill the requirements of the assignment will be considered. When involuntary transfers are necessary, lists of vacant positions in other schools/worksites shall be available to all employees being transferred. In filling such positions, the employee's preference shall be considered.
2. If an employee is involuntarily transferred, he shall have the opportunity to meet with the Superintendent prior to Board action being taken on the transfer. After review by the Superintendent, transfers shall be effective with notice to the employee involved.

- B. Reassignment: A reassignment is the change of an employee's regular assigned duties or major change in responsibility.

1. The parties recognize that in order to meet the staffing needs and legal responsibilities of the district it is necessary, at times, for the Principal or Supervisor to reassign an employee. Any appropriate request for reassignments will be considered first, provided the individual meets the requirements and qualifications of the requested assignment.
2. An employee will be given as much advance notice of a reassignment as possible in keeping with the needs of the specific school or district. The employee may request a meeting with the Superintendent, or their designee, to discuss said reassignment, after which the final outcome of the meeting will be official.

- C. Vacancies: A vacancy shall be defined for purpose of this Agreement as a full-time position previously held by an employee or a new full-time position to be filled by an employee.

1. Vacancies shall also be posted on the school district's Internet through the school district's web page. Each position, where proper notice of termination is given (10 working days written notice prior to termination), shall be posted and remain open for applicants for seven (7) calendar days following posting of vacancies. However, all

vacancies shall be posted for at least five (5) calendar days, unless the President of the Association, or designee, and Superintendent, or designee, mutually agree to waive or shorten the posting period.

2. Employees may apply for any known vacancy within the school district during the posting period by submitting an application on the school district on-line application system. At least the first four (4) presently employed qualified applicants will receive priority interviews by the supervisor, before filling the vacancy. The decision of the Superintendent regarding recommendations to fill the vacancy is final.
 3. Following final action on this recommendation by the Board, all employees who have applied for the vacancy will receive a written notice of board action.
- D. Transfers, Reassignments and Vacancies procedures shall not in any way prohibit the board from making needed staffing changes during the reorganization of school centers or from providing an adequate, qualified, efficient, and/diversified staff, as determined by the Board, in each school.
- E. The Association and the Board recognize the importance and value of employing staff in critical areas (i.e. ESE paraprofessionals, PCM trained paraprofessionals) and minority paraprofessionals in all instructional areas and schools. The intent of this section is to allow the district to hire during the recruitment season in areas which are designated, by the district and recognized by the Association, as critical areas of hiring needs. During the month of May, the board may “early hire” six (6) persons per year, in areas which have been deemed “critical needs” by both the Association and the Board or is a minority candidate. These numbers may be increased by mutual agreement.
- F. When it is necessary to transfer employees due to the opening of a new school(s), or impact of a new school(s), written procedures shall be established by the Board with input by the SJESPA President. All procedures shall be agreed upon and signed by the District and SJESPA no later than four (4) months prior to the commencement of the process.

The procedure will include the following:

1. All active and qualified employees, regardless of contract status will be eligible to apply.
 2. The length of time for each posting will be determined by SJCSO, but will be no less than 3 days. The District will notify the President of the decided # of days.
 3. To be considered for a vacancy, current employees must have completed an online updated application, select and submit for the vacancy online and must be qualified on the specific posting.
 4. Multiple hires may be made from each posting where possible.
- G. Part time support staff (less than 25 hours per week) may move from part time status to full time status without the benefits of a posting. The part time instructional employee may only move to full time status in the position they are currently assigned, at the same school or department. E. Eligibility

An employee is not eligible to apply for sick leave benefits under the provisions of the Sick Leave Bank on any preexisting condition for one year from the date of joining the Sick Leave Bank.

In the event of a catastrophic illness (which is to be considered a terminal condition) of which the employee has no control causing a participating employee to be absent from work for an extended period of time, the employee may receive paid leave as follows:

1. All accumulated sick, annual and compensatory leave of the employee must first be expended. Effective January 20, 2022, no unpaid leave is required prior to eligibility.
2. Applications must be made to the Department for Human Resources, including statements from two doctors attesting to the member's extended illness or accident. The statement must certify:
 - a. The nature of the illness or accident.
 - b. The probable date the member would be able to return to work.
 - c. Application must also provide for both committees permission to investigate medical records and other information needed for review or appeal.
3. A participating member shall not be eligible to use sick leave from the Bank if the employee is receiving short term or long term disability benefits or is on leave for injury or illness in the line of duty, worker's compensation, eligible for medical or on other approved leaves except sick leave.
4. In the event a member draws from the Sick Leave Bank, that individual membership shall be suspended after drawing all days authorized from the Bank. Such individuals may reinstate membership by meeting qualifications in section (I) above.

F. Benefits

Upon approval of application, a member will be allowed to draw up to a maximum of one hundred (100) continuous paid sick leave days (except as described in F(1) below) from the Bank, provided there remains sufficient leave days in the Bank.

1. All cases will be reviewed by the Sick Leave Bank Approval Committee when each twenty-fifth (25th) continuous day of benefits has been reached up to the maximum amount allowable. At this time the committee may request additional medical certification. Also, at this time, any sick leave which may have been accrued by the participant must then be used before resumption of drawing from the Sick Leave Bank.

2. The employee shall not have to pay back in any manner the number of days used from the Sick Leave Bank except as outlined in section (VII) below.

G. Participation Abuse

Alleged abuse of the Sick Leave Bank shall be investigated by the Sick Leave Approval Committee. If an employee is found to have abused the use of the Sick Leave Bank, the employee shall repay all sick leave credit (in dollars) drawn from the Sick Leave Bank and after review by the Appeals Committee be subject to such other disciplinary action as determined by the School Board.

H. Withdrawal from Participation

A participating employee who wishes to withdraw from participation in the Sick Leave Bank may do so, and withdrawal will be effective immediately upon receipt by the Department for Human Resources of written notification of the employee's intent to withdraw. Any previously contributed sick leave will become the property of the Sick Leave Bank.

- I. When a member has been paid all accumulated sick leave due to entrance into the DROP Program, this member will be considered a new employee in regard to the Sick Leave Bank and may re-enroll after one year of continuous service as outlined above. Members, who choose to receive percentage payouts during DROP enrollment, will remain a member of the Sick Leave Bank until all remaining leave time has been paid.

J. Discontinuance of Sick Leave Bank

If it becomes necessary to terminate the Sick Leave Bank per section (II) above, unused sick leave in the Bank will be distributed in the following manner:

1. If the number of unused sick leave days in the bank equals or exceeds the number of members in the bank, each member will receive one (1) of the unused days to be credited to their personal accumulated sick leave account. Those days exceeding the number of members in the bank will be dispensed of at the sole discretion of the Board.
2. If the number of unused sick leave days in the bank is less than the number of members in the bank, each member will receive an equal share of the unused days to be credited to their personal accumulated sick leave account. Unused days will be credited in hours.
3. Any balance left will be disposed of at the sole discretion of the Board.
4. In no instance will the days credited back to members be greater than the number remaining in the bank.
5. Any member joining this Sick Leave Bank acknowledges that the limits of liability for any challenge to the Appeals Committee's decision is limited to the number of days the individual contributed to the bank.

K. Voluntary Sick Leave Pool

The intent of the “Voluntary Sick Leave Pool” (VSLP) is to allow St. Johns County School District employees to voluntarily donate their earned hours of leave for use by another employee as specified by the donor. Employees who have been employed one (1) year, in which they have earned sick leave, will qualify to donate leave hours. This program will be in addition to the “Sick Leave Bank” outlined in the negotiated agreements, which is intended for terminal conditions. Qualifying for this program is not predicated on membership in the “Sick Leave Bank.”

An employee wishing to donate sick leave hours to an individual:

- Must have been consecutively employed for more than one (1) year in a position which earns sick leave.
- Must have a minimum of 160 hours of sick leave available at the time of donation.
- May donate up to 24 hours per contract year.

An employee who is in need of paid donated sick leave hours:

- Will not be allowed more than 100 days per year of approved leave.
- Must have been employee for one (1) full contract year.
- Effective January 20, 2022, no leave without pay is required.
- Must be on approved FMLA leave or Board approved medical leave of absence.
- Must be in a position which earns sick leave.
- Will not accrue sick leave days while being paid through the Voluntary Sick Leave Pool leave.

Miscellaneous:

- Donated hours which are not used, by the receiving employee will be transferred to the “Sick Leave Bank” for use in terminal conditions of members.
- Employees who have been paid out (through retirement or separation from employment with the District) all sick leave, must be in unpaid status equal to the number of hours they were previously paid out.
- The donated hours may only be used by the original recipient.
- The Pool will be managed by the HR Department.
- Proper forms will be developed by the District and used for the donated hours.
- The donation of hours will remain anonymous, notwithstanding the Florida Sunshine Laws which may apply.

“Critical Temporary Support Positions”

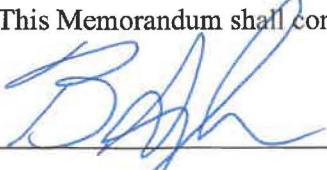

This memorandum is written to serve as an agreement between the St. Johns County School District and the St. Johns Educational Support Professional Association to be referred to as “Critical Temporary Support Positions” beginning July 1, 2023 through June 30, 2024. Both parties agree that the need to fill posted vacancies with internal staff on a temporary basis is still a need as we approach the summer months when it is critical time to deep clean our facilities without students present and maintain services during the 2023-2024 school year. These temporary positions may be temporary filled with a “Temporary Regular Part Time” basis (working a consistent schedule with identified days and hours until the vacancy is filled).

Both parties agree to the items below:

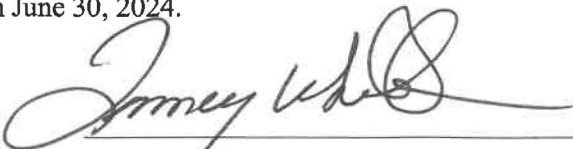

1. This memorandum only applies to these positions: Bus Attendant, Clerk, Custodian, Extended Day Aide, Food Service Worker, Paraprofessional and ESE Paraprofessional.
2. These temporary positions will be paid at \$15.00 per hour. (ESE Paraprofessionals will receive \$15.75).
3. Payments will be made in accordance with the Fair Labor Standards Act rules when overtime applies and overtime compensation will be at the blended rate.
4. The district will continue to post vacancies for which these temporary positions are assisting (both internally and externally) and actively interview to fill open slots with non-temporary hires.
5. Once a vacancy is filled with a non-temporary hire, that specific “critical temporary support position” will immediately end.
6. Critical Temporary Support Positions that become available shall be posted and filled under the following procedures:
 - a. Emailed and posted*, first, in the school where the vacancy exists for a period of two (2) days. Priority consideration will be given to qualified support staff first, followed by instructional then administrative personnel from within the school where the vacancy exists.
 - b. If no staff member is interested and/or qualified after two (2) days, the position will be emailed to the Administrative Assistant in Human Resources for a district email distribution to all employees.
 - c. If interested, District employees should email the designated principal regarding the posted position.
 - d. School Administration with openings will contact individuals expressing interest in posted position(s), giving priority to support staff first. Interviews will occur when more than one staff member expresses interest in a single position. In the event, no support staff applies or qualifies, the school administration will then consider instructional and administrative staff that have expressed interest. The same interviewing process will occur until an employee is selected.
7. All work completed in the “critical temporary support position” must be completed outside of the employee’s work hours of their regularly established position.

***Posted** shall include but not be limited to an email to all employees and a hard copy of the email displayed near employee mailboxes, in faculty lounge, on union bulletin board, etc.

This Memorandum shall commence effective July 1, 2023 through June 30, 2024.

Definitions:

- A. **Field trips:** the term field trip is a general term used to describe any use of a district school bus outside of normal daily route operations during the school year or summer school. Field trips include field studies, community-based initiatives (CBI), school athletic trips, marine science camp, and the like.
- B. **Long Trips:** Long trips are any trip more than one hundred (100) miles in one direction. Any trip which employs an operator past 11:00 PM originating from 100 miles or more from the bus compounding location is also defined as a long trip.
- C. **Risk Assessment:** A proven method to identify and assess the probability and consequence of risks, determine an overall risk, and establish risk mitigation measures to reduce risks to acceptable levels when possible.
- D. **School Bus Operator:** A school bus operator is someone who possesses a Commercial Driver's License with Passenger and School Bus endorsements and a current DOT physical and dexterity test.
- E. **Field Trip Route:** A field trip route is the safest route as decided by the assigned operator for the field trip. School based personnel may recommend but not prescribe routes to and from field trips.
- F. **Transportation Department:** The Transportation Department is defined as any personnel who are assigned to the administrative and/or managerial functions of the Transportation Department to include personnel assigned to Dispatch and Routing.
- G. **Safe Operator Points:** Safe operator points are assigned by the Safe Operator Committee to adjudicate safe school bus operation and services provided to student riders. The committee assesses positive points to reward exceptionally safe bus operation and extraordinary service to student riders. The committee assigns negative points to adjudicate unsafe bus operation and shortcomings in services provided to student riders.
- H. **Field Trip Order of Merit List (OML):** The field trip order of merit list is the ranking of operators based on eligibility for field trips. At the start of each school year, operators performing field trips are arranged in an OML for each board based on seniority.

Participation

- A. **Eligibility:** All personnel assigned to full time bus operator positions are eligible to participate in field trips.
- B. **Other Licensed Operators:** Part Time as Needed (PTAN) bus operators and other personnel authorized to operate district school buses (mechanics) but not assigned to full time bus operator positions are not eligible for field trips.
- C. **Voluntary:** Participation by full time operators in field trips is voluntary.
- D. **Boards:** The Transportation Department divides field trips into multiple field trip boards by time and/or location as appropriate.
- E. **Number of Boards:** Full time school bus operators may elect to participate in any or all field trip boards. Transportation limits school bus operators to one (1) day, one (1) night, and one (1) weekend board.
- F. **OML:** At the beginning of each school year, the Transportation Department will arrange school bus operators on each field trip board in seniority order establishing an initial OML for initial field trip issuance.
- G. **Late Entry:** For school bus operators joining a field trip board after school start, the Transportation Department will assign them to their place in the OML based on seniority for the respective board(s).
- H. **Performance:** St Johns County School District school bus operators are expected to set the highest standards in safe bus operation and exceptional services to student riders always. Accordingly, the Director of Transportation will suspend field trip eligibility for operators in accordance with points assigned by the Safe Operator Committee in keeping with the Safe Operator Plan. Suspension is based on the number of Safe Operator points assigned to an operator in the past twelve (12) months. For operators who appeal points assessed by the Safe Operator Committee, if the subsequent committee revokes or reduces assessed points such that an operator does not exceed the limits noted in the table below, the Transportation Department will adjust their status and reinstate the operator to the respective field trip board(s) as appropriate.
- I. **Safe Operator Plan:** In keeping with the Safe Operator Plan, the Fleet Operations Manager will refer operators to the Safe Operator Committee for reports of unsafe operation of a school bus or inappropriate service to children while on a field trip.
- J. **Restriction:** The Transportation Director may indefinitely restrict an operator from performing field trips for specific schools if evidence shows that such a restriction is in the interest of the children, school, and operator.

- K. **Crosswalk:** Crosswalk from Safe Operator Committee Points to Field Trip Board Assignments:

Safe Operator Committee Points	Field Trip Board Assignment Actions
6-10 Points	30-Day Suspension from Field Trip Boards
11-15 Points	90-Day Suspension from Field Trip Boards
16-20 Points	365-Day Suspension from Field Trip Boards
31 Points or more in two years	Indefinite Suspension from Field Trip Boards

- L. **Early Trips:** Operators performing early trips in lieu of their high school runs will receive a minimum of two (2) hours compensation for the trip at the flat rate payment of \$16.01/hour. The purpose for this minimum compensation is to not disadvantage operators performing early trips in lieu of their normally scheduled high school runs.

- 1st offense in a school year: thirty (30) day suspension from all field trip boards
- 2nd offense in a school year: ninety (90) day suspension from all field trip boards
- 3rd offense: suspension from all field trip boards for the remainder of the school year.
- N. **Notification:** The Transportation will not penalize operators for failing to report for a scheduled trip if the operator was not notified by email, phone, and/or school messenger by the Transportation Department of the field trip.
- O. **Reinstatement:** When an operator is reinstated to field trip board(s) after suspension or voluntary removal, the Transportation Department will assign the operator to the bottom of the respective filed trip board(s).
- P. **Recurring School Activity Runs:** Recurring activity trips from schools for after school enrichment programs to include tutoring, Boys and Girls Club St Augustine, and the like are not governed under field trips. Recurring activity runs are an extension of normal school bus routes for dismissal operations. The intent is to have school bus operators establish habitual association with the children, schools, and routes associated with recurring activity runs hence management of this program through normal school bus routing activities.

Scheduling

- A. The Transportation Department will assign field trips in the order they are received from the schools based on the OML.

B. The Transportation Department will assign field trips to the first eligible operator at the top of the OML.

1. **Day Boards** – Day boards are between arrival and dismissal operations only. Transportation will only assign an operator to one (1) day board. Day boards are established based on an operator's regional assignment. Transportation assigns operators to day boards based on where the last morning run ends. Operators of ESE buses are not eligible for day trips. Regional day boards follow:
 - i. **Northeast**
 - ii. **Northwest**
 - iii. **South**
 - iv. **Central**
2. **Community Based Initiative (CBI) Boards**: The community-based initiative boards are limited to ESE operators and attendants only based on regional assignment. Regional CBI boards follow:
 - i. **South**
 - ii. **North**
3. **Night Boards**- Night boards are following dismissal operations, Monday through Friday. Transportation will only assign an operator to one (1) night board. Night boards are established based on an operator's regional assignment. Transportation assigns operators to night boards based on where the last afternoon run ends. Regional night boards follow:
 - i. **Northeast**
 - ii. **Northwest**
 - iii. **South**
 - iv. **Central**

Note: If the Transportation Department is required to cover an operator's high school run to support a night board trip, the operator will receive a minimum of two (2) hours for the trip to not disadvantage the operator from not completing their high school run.
4. **Weekend Board** – The weekend board is countywide regardless of an operator's regional assignment. Weekend boards are available to all eligible field trip operators.
5. **Summer Board** – Transportation will solicit all full-time operators in March of each school year regarding interest in summer work. Transportation will assign available work based on operator interest, abilities, and demonstrated performance.

C. **Effects on Daily Runs**: If a field trip is scheduled between morning or afternoon runs, or if a field trip impacts a regularly assigned route, then the Transportation

Department will consider factors such as schools served, bus compounding locations, and route coverage to assign the field trip.

- D. **By Name Requests:** Schools may not request specific operators for field trips.
- E. **Contact:** The Transportation Department will contact operators by email, phone and/or school messenger to confirm or deny assignment of a field trips. Transportation will not address field trip work with operators by radio unless a need arises to cover a field trip with limited notice.
- F. **Multiple Attempts to Communicate:** The Transportation Department will make two (2) attempts to contact an operator by email, phone, and/or school messenger before assigning a field trip to the next eligible operator on the respective board orders.
- G. **Refusal:** If a trip is refused by an operator for reasons other than a previously recorded appointment with the Transportation Department or the operator fails to report for the accepted field trip, the operator will move to the bottom of the OML.
- H. **Post Acceptance:** Once an operator accepts a trip, the Transportation Department will only make exceptions for emergencies with regards to moving an operator to the bottom of the OML for failing to perform the trip.
- I. **Independent Boards:** Each field trip board will operate independent of other field trip boards.
- J. **Board Coordination:** An operator accepting or denying a trip on one (1) board will not affect the operator's placement on other field trip boards.
- K. **Trip Cancelled:** The Transportation Department will not move an operator to the bottom of the OML if a field trip is cancelled by a school or the school district. If some but not all buses are cancelled for the trip, Operations will cancel buses based on the OML.
- L. **Compensation for Cancelled Trip:** In the event of an operator arriving at a school for an assigned field trip and the field trip is cancelled, the Transportation Department will pay the operator a minimum of one (1) hour or more if appropriate for their driving time from the compound location to the respective school and back.
- M. **Operator Cancellation:** If an operator cancels a trip after accepting a trip and within twenty-four (24)-hours of the start time, the Transportation Department will move the operator to the bottom of the OML.
- N. **AM Run:** If an operator is not present for their morning route, he/she is not eligible for a trip until after their afternoon route.

- O. **PM Run:** If an operator is not present for their afternoon route, he/she is not eligible for a trip that afternoon/night.
- P. **Last School Day of the Week:** If any operator calls out on the last school day of the week, the operator is not eligible for a weekend trip. This restriction does not apply if an operator was previously scheduled to be off duty the last school day of the week.
- Q. **Accident or Incident:** If an operator experiences an accident or incident during the school day, the Director of Transportation may suspend the operator from their field trip for the day or longer without penalty. The intent is to afford the operator sufficient time to recover from the incident/accident and conduct remedial training as appropriate.
- R. **Switching Trips:** Operators are not authorized to switch trips with other operators. The Transportation Department is the only entity authorized to reassign trips.
- S. **Short Notice:** A short-notice trip is defined as a field trip that is scheduled within twenty-four (24) hours of the start time. As time allows, the Transportation Department will use the corresponding field trip board to identify the next eligible operator for the trip. If an operator accepts a short-notice trip, the Transportation Department will move the operator to the bottom of the OML on the corresponding board for that trip. If an operator denies a short-notice trip, the Transportation Department will not move the operator to the bottom of the OML on the corresponding board.
- T. **Immediate Trips:** An immediate trip is a trip requiring immediate transportation support. The circumstances leading to an immediate trip may include the school forgetting to submit trip, Transportation forgetting to assign the trip, etc. Dispatch will make immediate trip assignments using GPS to determine which bus is closest to the school pickup location. Full time operators not assigned to trip boards are eligible to perform immediate trips.

Communication

- A. **Radio:** The Transportation Department will not notify operators of upcoming field trips via the 800 MHz radio system. The 800 MHz radio system is intended for time sensitive communications between base and operators relevant to ongoing school bus operations only.
- B. **Methods of Communication:** The Transportation Department will notify operators of field trips via an email alert triggered by the field trip program. All operators are required to have district email accounts and check them regularly throughout the school year. The Transportation Department will contact operators by email, phone, and/or school messenger alerting them of an upcoming field trip. The operator has until close of business of the next business day to accept or decline

the trip with the Transportation Department. If the operator does not reply, the Transportation Department will send the operator a reminder notification. The operator has until close of business the next business day to respond to the reminder notification, accepting or declining the field trip. If the operator does not respond by the suspense for the reminder notification, the Transportation Department will decline the field trip on behalf of the said operator and move the operator to the bottom of the order of merit list and subsequently offer the trip to the next operator on the board order. Once the next operator completes the trip, Transportation will move that operator to the bottom of the order of merit list.

- C. **Field Trip Committee:** The Transportation Department will establish a field trip committee consisting of three (3) representatives from SJESPSA and three (3) managers from the Transportation Department. The committee will meet once per school quarter to review, assess, and refine the field trip MOU and program.

Compensation

- A. The Transportation Department will pay operators for field trips at a flat rate. The Transportation Department will calculate the flat rate for the upcoming school year at the beginning of each fiscal year (01 July). The Transportation Department will only calculate the rate one (1) time per year at the start of the fiscal year, 01 July. Any changes in step rates, minimum wage, or other relevant factors post 01 July will apply to the flat rate for the following fiscal year.
- B. The flat rate accounts for historical averages in drive and wait times for field trips.
- C. The Transportation Department will calculate the flat rate using the following formula:

$$\begin{aligned} & \text{[(0.47) (Step 14 Operator Pay Schedule)] + [(0.53) (Minimum Wage)] =} \\ & \text{Flat Rate Trip} \\ & \text{Flat Rate Trip for the 2022-2023 SY} \\ & (0.47) (25.98) + (0.53) (15.00) = \text{\$20.16} \end{aligned}$$

- D. The Transportation Department will pay operators for field trips from the time they leave their last school or bus compound location until the time they return to their compound location based on the established flat rate.

Risk Assessment

- A. **School Board Employees and Chaperones:** Every trip requires a school board employee on board at least one (1) of the buses for the trip. All other buses must have at least one (1) vetted and approved chaperone aboard each bus. If a single bus is used, a school board employee must be aboard that bus. School board employees and chaperones are responsible for all student riders while aboard the bus. _
- B. **Trip Route:** Bus operators are responsible for determining the safest and most appropriate route for the bus to and from destination. School board employees and

chaperones may recommend routes however operators are ultimately responsible for determining the safest route. Weather and traffic are route considerations.

- C. Long Trips:** Long trips requiring operators to travel beyond 100 miles one way and/or return to the compound later than midnight require a risk management review meeting by the Director of Transportation, Assistant Director of Transportation, Fleet Operations Manager and Fleet Maintenance Manager at least one (1) week prior to execution.

D. Risk Mitigation Measures:

- I. Assign multiple operators to the trip
- II. Require a prescribed rest period for the assigned operator before, during, or after the trip
- III. Select and assign a specific bus for the trip (Fleet Maintenance Manager)
- IV. Inspect the bus before the trip (technical inspection by mechanic)
- V. Adjust the departure and/or return times for the bus or buses
- VI. Send additional bus or buses with operators on the trip
- VII. Send a service truck with mechanic on the trip

E. Decision Matrix:

ITEM	QUESTION	YES	NO
1	Is the trip more than 100 miles one way?	Go to Item 2 below	Go to Item 2 below
2	Will the trip return to the school later than 11:00 PM?	Apply effective risk mitigation during the weekly operations meeting or disapprove the trip	Go to item 3 below
3	Will the trip return to the bus compound later than midnight?	Apply effective risk mitigation during the weekly operations meeting or disapprove the trip	Approve the trip

- F. Buses/Operators added for Risk Mitigation Reasons:** If Transportation adds extra buses and/or operators to a trip due to risk mitigation reasons, Transportation will not charge the school for the extra buses and/or operators. Additionally, schools may use the extra buses to distribute students/chaperons/school officials attending the trip. Under no circumstances will anyone other than the Director of Transportation decide to not use extra buses and/or operators assigned to a trip. In the event of an emergency (bus breaks down, operator becomes sick, etc.), school officials will make use of the extra buses/operators leaving the disabled bus (mechanically or due to lack of operator) behind for recovery by Transportation later/time. Officials will take measures to secure and safeguard the bus before leaving it behind.

SECTION I - INTRODUCTION

The mission of the St. Johns County School District Transportation Department is to provide safe, efficient, effective, and professional transportation services to the children of St. Johns County School District. The Transportation department aspires to create a calm, respectful, welcoming, and supportive environment for every child.

The objectives of the Safe Operator Plan are as follows:

1. **Intent:** The Safe Operator Plan is intended to establish and sustain an environment and organizational climate in which extraordinary safe bus operations and exceptional professional services are paramount. The plan is intended to address achievements, accidents, incidents, and behaviors in a consistent, objective, and fair manner.
2. **Risk:** The foundation of the safe operator plan is risk management and risk mitigation. The plan recognizes the increasingly dynamic environment in which school bus operators operate buses in St Johns County in support of children. It is not possible to eliminate all known and unknown risks. Nor is it possible to control all the risk factors associated with student transportation operations. However, through effective risk management, the transportation team can visualize the situation, recognize individual and collective risk behaviors and trends, and positively affect conditions and behaviors to mitigate risks and operate buses safely. Based on individual operator's history and experiences, the plan will identify individual and collective risk behaviors, probabilities of occurrences, consequences of occurrences, and methods to mitigate risks.
3. **Statutes and Guidelines:** Ensure compliance with Florida statutes and DOE Guidelines. The statutes establish requirements for hiring guidelines, training, and monitoring of school bus operators during employment.
4. **Hiring Actions:** Establish hiring guidelines for school bus operators, Transportation Department mechanics and office employees to ensure only qualified applicants are accepted.
5. **Achievements and Challenges:** Adjudicate achievements and challenges via remedial training, disciplinary/corrective actions, recognition, and rewards in accordance with the guidelines and criteria established in this Safe Operator Plan.
6. **Remedial Training:** Recommend tailored, comprehensive or remedial training for operators as appropriate.

The provisions of this plan do not replace the procedures in place through the established bargaining process between the St. Johns School District and the St. Johns

Education Support Professional Organization. The provisions of the plan also do not replace established St. Johns County School Board employment practices or policies.

The provisions of this plan are not necessarily binding. There are circumstances which warrant actions beyond the scope of this plan.

SECTION II - APPLICANT ELIGIBILITY

The Transportation Department will review the driving history of all applicants for a school bus operator position (DHSMV Transcript of Driver Records) with the Florida Department of Highway Safety and Motor Vehicles (DHSMV). The Fleet Operations Coordinator will review the records twice per year as appropriate. Further, the Fleet Operations Coordinator reviews the *Change Report* from DHSMV every Wednesday. Determinations on applicant eligibility will be made in accordance with federal, state, and local laws, federal and state administrative code, and school board rules.

The Transportation Department will screen each applicant's Transcript of Driver's Record in accordance with the guidelines and criteria established by the document. The Transportation Department will review the entire driving record with particular emphasis placed on entries for five (5) years preceding the date of the records check. Although this plan is applicable to all current and prospective employees, the Transportation Department will not terminate employment of an employee based on their driving record prior to the original effective date of the plan. SECTION IV- CURRENT EMPLOYEE REQUIREMENTS

All Transportation Department employees will comply with the provisions of the Safe Operator Plan. The employees described in the paragraph below are referred to and considered "covered employees" under the Safe Operator Plan. Based upon points assessed (Appendix A) by the Safe Operator Committee, operators will receive appropriate disciplinary actions. Appendix B provides the guidelines for disciplinary actions.

Florida Department of Education Requirements:

The Transportation Department will accomplish a complete check of driving records of all Bus Operators before the start of the school year in August and again in January of each year. The driving history of all covered employees is reviewed through a check of driving records with the Florida Department of Highway Safety and Motor Vehicles (DHSMV) to verify a satisfactory driving history. The Transportation Department will obtain a copy of each applicant's DHSMV Transcript of Operator Record from the Florida Department of Education School Bus Operator Records Check System (which accesses the driving records system maintained by DHSMV). The Fleet Operations Coordinator or designated representative will review the driving records.

1. The Transportation Department will also obtain a weekly update of new activity posted to bus operators' driving records via the Weekly Exception Report from the Florida Department of Education School Bus Driver.
2. Records Check System. The Fleet Operations Coordinator will review the record.
3. If the Weekly Exception Report indicates an operator's license is suspended, revoked, or canceled, the Director of Transportation will take immediate action to prohibit the operator from operating a school bus or any other School Board owned/leased vehicle.
4. The Transportation Department will participate in and administer the Random Drug and Alcohol Testing Program. All School District employees with a CDL used in the context of their employment, are subject to the requirements of the program.
5. All school bus operators are required to complete a drug and alcohol test following any incident or accident, on or off school board property, at the direction of the Fleet Operations Coordinator.

Employee Responsibilities:

1. **Driver's License:** All employees covered under the Safe Operator Plan are required to always possess the appropriate Commercial Driver License (CDL) at all times while employed with St. Johns County School District. Covered employees will ensure information on their driver's license is always kept current. Knowingly operating a school bus with a suspended or revoked license is grounds for dismissal by the School Board.
2. **Reporting of Vehicle Accidents:**
 - a) **School Bus or Other School Board Owned/Leased Vehicles:**
Covered employees will immediately report any accident involving a school bus or other School Board owned/leased vehicle to a Transportation Department supervisor or dispatcher. If the accident occurs after normal working hours, the employee will immediately notify a Transportation Department supervisor using the emergency numbers on the Emergency Blue Card.
 - b) **Other Vehicles Not Owned or Leased by the School Board:**
Covered employees are responsible to report any accident in which the employee was the vehicle operator, regardless of ownership or fault. Covered employees will report accidents to the Fleet Operations Coordinator or Director of Transportation on the first duty day after the accident.

3. **Reporting of Citation for a Moving Violation:** Covered employees will report the receipt of any citation for a moving violation to the Fleet Operations Coordinator or Director of Transportation. This requirement is a St. Johns School District and Federal Government requirement, statute 6A-3.017. If operating a School Board owned/leased vehicle, covered employees must report the citation immediately. If the citation is received while operating a privately owned vehicle, the covered employee must report the citation on the first duty day after the receipt of the citation.
4. **Disposition of Citations for Moving Violations:** Covered employees who receive a citation for a moving violation will ensure they comply with the requirements for disposition of the citation. Generally, persons have three (3) options available to them:
 1. Pay the fine
 2. Pay the fine and request attendance in a safe driving course
 3. Use of the Traffic Court System

Points: Points assessed remain on a CDL holder's license for life. Attending schools or defensive driving courses will not remove the assessed points.

Violations: Violations noted as "adjudication withheld" may result in assessment of Safe Operator Points by the Safe Operator Committee.

Compliance: Failure to comply with deposition requirements within specified time limits will result in the suspension of the driver's license by the Florida Department of Highway Safety and Motor Vehicles. It is of the utmost importance that covered employees act promptly to resolve matters pertaining to a citation for a moving violation.

Safe Operator Points:

1. The Safe Operator Committee will assess Safe Operator Points for all at-fault/preventable vehicle accidents, incidents, and achievements involving employees covered under this Safe Operator Plan.
2. The Safe Operator Committee will assess Safe Operator Points for all moving violations appearing on a covered employee's Transcript of Driver Record, as obtained through the Florida Department of Education School Bus Driver Records Check System (see Appendix A).
3. The Fleet Operations Coordinator will assess Safe Operator Points for other violations though these violations may not appear on the Transcript of Driver Record.
4. The Safe Operator Committee will assess Safe Operator Points only once for each accident, incident, or achievement. If the Safe Operator Committee assesses Safe Operator Points for an accident involving a school bus or

other School Board owned/leased vehicles, the committee will not assess Safe Operator Points later when a moving violation citation received in connection with the accident is posted to the employee's Transcript of Driver Record.

5. The Safe Operator Committee will assess Safe Operator Points for Operators who render exceptional professional services and safe operation of school busses as appropriate.

Serious Offenses:

Serious offenses are defined as an offense that involve gross or simple negligence possessing high probability and high consequence of associated risks. Serious offenses are often caused by reckless behaviors. Serious offenses violate the key tenets of safe school bus operations. Serious offenses are listed in Appendix A under items IG of the safe operator plan. For serious offenses, the points listed in the guide are minimum required points.

Appeal of Safe Operator Points: Employees may appeal the points assessed by any Safe Operator Committee to the Fleet Operations Coordinator. The Fleet Operations Coordinator will refer appeals to an upcoming Safe Operator Committee after rotating members as prescribed.

See Section III for confirming employment training, license checks, and medical requirements. Section IV discusses Safe Operator Points and Procedures.

Suspension, Revocation, Cancellation of Driver's License

1. **CDL:** All covered employees are required to always possess the appropriate Commercial Driver License (CDL) B with endorsements while employed with the St. Johns County School District and to maintain their license in good standing. Any operator who receives notification of a driver's license suspension, revocation, or cancellation is required to notify a Fleet Operations Coordinator, or dispatcher immediately during normal working hours. After normal working hours, or any other time the Transportation Department offices are closed, the employee will immediately notify the Fleet Operations Coordinator or Director of Transportation using the emergency numbers on the Emergency Blue Card.
2. **Operator Conference:** The Director of Transportation, or designee, will hold a conference with the operator to determine the circumstances of the license suspension, revocation, or cancellation. If it is determined an operator knowingly operated a school bus or other School Board owned/leased vehicle with a suspended, revoked, or canceled driver's license, said driver is subject to dismissal by the School Board.

3. **Terms of Dismissal:** Any operator who fails to affect the reinstatements of their suspended/revoked/canceled driver's license within ten (10) working days is subject to dismissal by the School Board.
4. **Repeat Offenses:** The procedures detailed above will apply only to the first time a school bus operator's license is suspended/revoked/canceled. Additional occurrences can result in disciplinary actions in accordance with guidelines in Appendix B.
5. **Notice of Suspension of the Driver's License due to Cancellation of Required Insurance:** The Florida Department of Highway Safety and Motor Vehicles (DHSMV) will suspend the driver's license of any individual who fails to maintain required insurance on a vehicle registered in their name. When DHSMV receives notification from an insurance company of cancellation of an insurance policy, they will automatically mail a notice to the driver, advising them of the pending suspension of their driver's license, unless corrective action is taken. Employees covered under this Safe Operator Plan cannot operate a school board owned/leased vehicle if their license was suspended. Employees covered under this Safe Operator Plan have the responsibility to maintain a valid driver's license, in good standing, at all times. Covered employees who receive notice from DHSMV of pending suspension of their driver's license due to cancellation of required insurance are responsible to make sure corrective action is taken to avoid such suspension and advise the Fleet Operations Coordinator or Director of Transportation. Employees must ensure insurance requirements are fulfilled and provide proof of compliance to DHSMV.

Bus Operator Validation Program

After the first year of driving and after each five (5) years of school bus operation, each operator will undergo a minimum of two (2) hours of refresher training and recertification which will include:

1. Conducting a successful school bus stop including a simulated student crossing of a road.
2. Conducting a successful railroad crossing.
3. Completing a successful parallel parking exercise.

The Safe Operator Committee will review the circumstances of all ticketed and non-ticketed accidents/incidents and violations involving an employee operating a school bus or other School Board owned/leased vehicle. Additionally, other accidents/incidents may result in assessment of Safe Operator Points even if the Law Enforcement report does not cite the operator; Examples include hitting a mailbox, light pole, or other comparable incidents. The committee will assess Safe Operator Points for all preventable/at fault accidents and exceptional professional services and extraordinary safe operating which occurred while operating a school bus or other School Board owned/leased vehicle using the point schedule set forth in Appendix A of this document. Affected employees will receive written notification of Safe Operator Committee actions within ten (10) working days after the date of the meeting at which the action was taken.

Attendance at the Safe Operator Committee: All Transportation employees who are referred to the Safe Operator Committee for matters involving the Transportation Department, are required to appear in person before the committee. Employees with previously scheduled appointments that conflict with appearance before the committee are required to speak with the Fleet Operations Coordinator, to make alternative arrangements.

Appeal of Safe Operator Actions: All covered employees have the right to appeal Safe Operator Points assessed by the Safe Operator Committee. Appeals are to be directed to the Fleet Operations Coordinator for review at the next Safe Operator Committee meeting. For employees within the bargaining unit, established procedures within the negotiated agreement between the District School Board of St. Johns County and the St. Johns Support Association are applicable for appeals. For other employees, St. Johns School Board general employment practices and procedures are applicable for appeals.

Confidentiality: It is imperative that members of the Safe Operator Committee exercise confidentiality regarding specific personnel details pertaining to accidents/incidents/achievements adjudicated by the committee. Outside discussion about trends, incidents, accidents, achievements, and observations are appropriate if details regarding the individual(s) involved are not discussed.

SECTION VII - DISTRIBUTION OF THE SAFE OPERATOR PLAN

Each year, the Transportation Department will distribute the Safe Operator Plan, which is contained in the employee handbook to all Transportation employees at the beginning of the school year (annual rehearsal), or upon initial employment (upon successful completion of the operator/attendant training class), or after any changes in the plan were approved by the Safe Operator Committee.

APPENDIX A - Assessment of Safe Operator Points

The Safe Operator Committee will assess Safe Operator Points for all at-fault/preventable vehicle accidents, incidents, and achievements involving employees covered under this Safe Operator Plan, operating a school bus or other School Board owned/leased vehicles as set forth in Section V (Safe Operator Committee) and in accordance with the guidelines and criteria established by this document.

The Safe Operator Committee will assess Safe Operator Points for all moving violations appearing on a covered employee's Transcript of Driver Record, as obtained through the Florida Department of Education School Bus Driver Records Check System.

The Safe Operator Committee will assess Safe Operator Points for other violations though these violations may not appear on the Transcript of Driver Record.

The Safe Operator Committee will assess Safe Operator Points only once for each moving violation or vehicle accident. If the Safe Operator Committee assesses Safe Operator Points for an accident involving a school bus or other School Board owned/leased vehicles, the committee will not assess Safe Operator Points at a later date when a moving violation citation received in connection with the accident is posted to the employee's Transcript of Driver Record.

The Safe Operator Committee will assess Safe Operator Points for Operators who render exceptional professional services and safe operation of school busses as appropriate.

Former Transportation Department School Bus Operators: Former school bus operators of the Transportation Department, St. Johns County School District returning within six (6) months (180 days) of their resignation date will retain points accumulated through the Safe Operator Committee/Plan prior to their resignation. Personnel returning after six months (180 days) will restart at zero (0) points.
