In 2010, Robert and Michelle Clendening had a vision to open an online Educational store for teachers and parents. The vision began when they saw a desperate need for a high quality teacher supply store in St. Johns County. Michelle had experience searching for quality educational supplies while being a teacher in St. Johns County. Her experience made them realize the importance of having materials easily available to St. Johns County parents, schools, and teachers.

Today, 2 Teach is reaching their goal to provide teachers, parents, and schools in St. Johns County and surrounding counties with products that they need to nurture the children.

2 Teach values customer service and quality products. Their knowledgeable and experienced staff continues to provide excellent customer. 2 Teach's staff consists of teachers and former teachers; that is why they take pride in the fact that they offer their customer's years of teaching experience to help them find the best educational products for their children!
