FDLRS Professional Development Alternatives Online Modules

2017-2018 Flyer of Available Courses www.fl-pda.org

High-quality online content and activities. Available statewide and free to Florida educators. Classroom-related assessment tasks. Designed to assist educators with responding to the various instructional and behavioral needs of each individual learner in order to maximize achievement for all students. Facilitated modules provide ongoing collaboration with colleagues and expert facilitators.

Many of the PDA modules support the recertification requirement of 20 hours in teaching students with disabilities (Renewal Credit in Teaching Students with Disabilities 1012.585, F.S.), however, each school district or private school agency determines which modules satisfy the content requirement for their employees. FDLRS reports inservice credits to school districts and private school agencies through their approved Master Inservice Plan (MIP) or its equivalent. It is the responsibility of educators who are not employed to ensure, prior to registration, that a district or agency will submit their inservice credits to FDOE.

Facilitated Modules 60 inservice credits

- Assessment & Evaluation
- Foundations of Exceptional Education
- Instructional Practices
- Language Development & Communication Skills
