Student Code of Conduct

INTRODUCTION

With the St. Johns County School District Mission Statement in mind, the Student Code of Conduct was developed to help District students, parents, faculty and staff understand the guidelines for maintaining a safe and orderly learning environment. In addition, all District students and staff are charged with modeling the characteristics of citizenship, character education and literacy. Each school develops its own rules and expectations for student conduct based on the District-wide Student Code of Conduct.

This Code applies to all District students in pre-kindergarten through grade 12, including high school and school-age students attending either a technical center in a dual-enrollment program or a community school program for high school credit. It applies to students:

- While on school grounds
- While being transported by School District transportation
- During school-sponsored events, such as field trips, athletic functions and similar activities.

While students may be disciplined for infractions as provided in this Student Code of Conduct, there also may be law enforcement consequences for acts of misconduct that violate the law.

This Student Code of Conduct is based upon the School Board's rules governing student conduct and discipline. It includes:

- Rules of conduct
- Specific grounds for disciplinary action
- Procedures to be followed in disciplinary actions
- An explanation of the rights and responsibility of students with regard to attendance, respect for person and property, knowledge and observation of rules of conduct, the right to learn, free speech and student publications, assembly, privacy, and participation in school programs and activities.

Required revisions made to the School Board approved 2024-2025 Student Code of Conduct will be made available on the School District's website, at www.stjohns.k12.fl.us

IMPORTANT NOTE: INFORMATION REGARDING FORMS WHICH MUST BE RETURNED BEGINS ON PAGE 56. FORMS **MUST** BE SIGNED BY STUDENT, PARENT OR GUARDIAN AND RETURNED TO STUDENT'S SCHOOL.

10. Student Dress Code

The primary responsibility for a student's attire resides with the student and their parent(s) or guardian(s). The St. Johns County School District expects students to dress in a way that is appropriate for the school day or any school sponsored event. Student dress code requirements reflect fair, equitable, and consistent practices for all students, while contributing to a safe and positive school climate.

In accordance with statutory requirement F.S. 1006.07 (students are prohibited from wearing clothing that exposes underwear or that exposes body parts in an indecent or vulgar manner) enforcement will focus on positive guidance without embarrassment to the student and should not disrupt the educational process.

All Students

- Personal attire may be in the style of the day. Clothing, piercings and accessories displaying profanity, violence, discriminatory messages, sexually suggestive phrases, phrases or symbols of alcohol, tobacco or drugs is unacceptable.
- Gang graffiti will not be drawn or worn on backpacks, notebooks, folders, papers, clothing or any other object or on the body of any student or person on school property.

- Students must wear shoes that are safe and appropriate for the learning environment. Bedroom slippers are prohibited.
- See-through or mesh garments must be worn with opaque clothing over it or underneath that meets the standard for clothing coverage.
- Rips or tears in clothing above the mid-thigh must not expose skin.

Enforcement and Waiver

- Enforcement will focus on positive guidance without embarrassment to the student and should not disrupt the educational process.
- The principals or designees will determine the appropriateness of attire in conjunction with the current dress code policy. Nothing in these guidelines shall be construed to pre-empt the principal's authority to act in specific cases when, in the principal's judgment and discretion, a student's attire threatens to disrupt the educational process or the good order and discipline of the school or is otherwise inappropriate.

- For special events and occasions (spirit weeks, athletic contests, etc.) principals may modify this policy for their particular school.
- The School Advisory Council may recommend, and the Superintendent may grant, an individual school's request to deviate from dress code requirements. Examples include requiring school uniforms, all shirts shall be tucked in, no shorts, pants must have belts, etc.

- The principal or designee may suspend a student from the school bus for up to ten (10) days per occurrence for violating the standards of conduct for student riders aboard a school bus.

Provisional Transportation Services Waivers in accordance with established criteria. Parents may apply for this waiver via the St. Johns County School District webpage under the **Transportation Department Provisional Transportation Department Waiver Program**.

SECTION 2

STUDENT ATTENDANCE

1. Attendance

Regular school attendance is a necessary part of a student's education. Excessive absences impair a student's educational progress, impacts whether the student passes or fails a grade, and may result in court proceedings and/or the loss of driving privileges. Students will be considered absent when they miss 50% of their school day. Absences shall be classified and treated as follows:

Excused Absences

Students must be in school unless the absence has been excused for one of the reasons listed below. Excused absences include the following:

- Personal Illness.
- Illness of an immediate family member.
- Death in the family.
- Religious holidays of the student's religious faith.
- Required court appearance or subpoena by a law enforcement agency.
- Special events, including, but not limited to, important public functions, student conferences, student state/national competitions that are school-sponsored, administrative approved post-secondary educational institution visitation, as well as exceptional cases of family need. Students must get permission from the principal at least five days in advance.
- Scheduled doctor or dentist appointments.
- Students having or suspected of having a communicable disease or infestation that can be transmitted are to be excluded from school and are not allowed to return to school until they no longer present a health hazard (Florida Statute 1003.22). Examples of communicable diseases and infestations include, but are not limited to, fleas, head lice, ringworm, impetigo, and scabies. Students are allowed a maximum of three (3) days excused absence for an infestation of head lice.

Unexcused Absences

Unexcused absences include, but are not limited to, the following:

- Shopping trips
- Pleasure trips
- Suspension from school
- Appointments without prior approval except in case of emergency
- Truancy
- Other avoidable absences.

2. Reporting Absences

Any student who has been absent from school shall provide a note from a parent or guardian within forty-eight (48) hours of returning to school stating the cause of the absence. Failure to provide a note will result in an automatic unexcused absence. However, the fact that the student provides a note does not require the school administration to excuse the absence. The principal or designee will decide whether the absence meets the criteria for an excused absence, and that decision will be final. The administration may request additional

documentation, such as a doctor's note. The excuse must state specific dates of absence, and must be signed by the treating, licensed physician. After fifteen (15) days of absence, whether excused or unexcused, a student must present verification from a licensed doctor for all subsequent absences due to illness. Special circumstances may justify a review by the School District's Health Services personnel.

3. Planned Absences

In case of a planned absence, the parent or guardian shall provide written notice at least five (5) days prior to the absence. The fact that such notice is provided does not require the administration to treat the absence as excused. Rather, the principal or designee will determine whether such absence meets the criteria for an excused absence as listed in paragraph 1.

4. Make-Up Work

Excused Absences

When a student is absent from school with an excused absence, the student shall be responsible for all work and assignments missed during the student's absence. The student shall make arrangements with teachers for "make-up" work and will complete it within a reasonable time frame, as determined by the school, upon the student's return to school. Coursework, tests and quizzes can be made up at 100% credit.

Unexcused Absences

When a student has an unexcused absence, it is the responsibility of the student to complete all coursework, test and quizzes and turn them in to the appropriate teacher. A student shall have one day to complete and turn in the work for each day the student is absent (i.e., in the event of three days unexcused absences; the student has three days to complete and turn in assignments) and may only earn 50% credit. Test and quizzes can be made up at 100% credit. Coursework, tests, and quizzes not completed and turned in within the allotted time frame will earn no credit. There is no expectation that the child's teacher or teachers recreate lessons, lectures, or labs for unexcused absences.

Unexcused absence without parental knowledge or consent, or absence from class without a written excuse from a teacher or administrator, will result in no credit for coursework, tests and quizzes missed during the absence.

5. Truancy

If the school determines that a student subject to compulsory school attendance has had at least five (5) unexcused absences, or absences for which the reason is unknown, within a calendar month or ten (10) unexcused absences, or absences for which the reasons are unknown, within a 90 calendar day period pursuant to s. 1003.26(1)(b), or has had more than fifteen (15) unexcused absences in a 90 calendar day period, the superintendent of schools or his designee may file a truancy petition

Students are subject to the following actions for preventing and correcting truancy:

- When a student may be exhibiting a pattern of non-attendance, the principal shall refer the student to the school's attendance team to determine if a pattern of truancy is developing.

- The school's attendance team shall meet with the student and parent or guardian to determine if a pattern of truancy is developing and to identify and implement potential remedies.
- If the school-based efforts to resolve non-attendance are unsuccessful, the student shall be referred to the Superintendent or his designee for truancy.
- If no valid reason is found for the student's absences, the Superintendent or his designee may send the parent or guardian written notice requiring enrollment or attendance within three (3) days after the date of the notice.
- If the student does not return to school after the three (3) day notice, the Superintendent or his designee may refer the student and the parent or guardian to truancy court before the Circuit Court of St. Johns County. A criminal prosecution for truancy may also be initiated against the parent/guardian.

6. Tardiness

Tardiness is disruptive to the learning environment and can have a negative impact on student achievement. Excessive tardiness (more than 1 time per week) will be addressed on a case-by-case basis. Disciplinary action for unexcused tardiness shall be progressive, may include Level 1 consequences, and will be specifically defined in each individual school's discipline plan.

7. Driver's License

Florida law requires that minors who fail to satisfy attendance requirements will be ineligible for driving privileges. The School District is required to notify the Department of Highway Safety and Motor Vehicles of the following:

- Students ages 14-18 who accumulate fifteen (15) unexcused absences, not including out of school suspensions, in a ninety (90) calendar-day period.
- Students between the ages of 16-18 who have signed a declaration of intent to terminate school enrollment.
- Students ages 14-18 who are expelled.
- Students ages 14-18 who did not enter school and for whom the school has received no indication of transfer to another educational setting.

These students may not be issued a driver's license or learner driver's license. Also, the Department of Motor Vehicles shall suspend any previously issued driver's license or learner driver's license of any such minor pursuant to Florida Statute 322.091. In order to have a driver's license reinstated, the student must attend school regularly for thirty (30) days with no unexcused absences and pay the appropriate reinstatement fee.

8. Releasing Students from School

School staff shall definitively establish the identity and authority of any person who requests the release of a student from school prior to regularly scheduled dismissal. If the person requesting the release of the student is a person other than a parent or guardian listed on the emergency contact form, the principal or teacher concerned shall not release the student without the consent of the parent or guardian who is listed on the emergency contact form. It is the responsibility of the enrolling parent or guardian at the time of registration, to make sure the emergency contact information is accurate and complete. If a non-enrolling parent contends that he or she has been improperly omitted, it is that parent's responsibility to resolve the issue with the enrolling parent or seek a court order if the parties cannot resolve the issue.

9. Granting Permission to Leave School Grounds

No student shall be sent off the school grounds to perform an errand or to act as a messenger except with the approval of the principal, provided that approval shall be granted only for urgent and necessary school business and with the consent of the student's parent or guardian.

10. Exemption from Regular School Attendance

A student of compulsory attendance age shall be required to attend school as provided by the law unless issued an exemption certificate by the Superintendent. Students who have reached age 16 must file a "Declaration of Intent to Terminate School Enrollment" if they wish to discontinue their education. Upon filing the intent, the student must allow the school to conduct an "Exit Interview" and "Exit Survey" to determine the reasons for the decision to terminate school enrollment and the actions that could be taken to prevent termination.

SECTION 3

SCHOOL HEALTH

1. Illness in School

A student with a temperature above normal or who is exhibiting other signs of illness shall be evaluated by the school nurse and sent home. The specific guidelines and recommendations for exclusion from school due to illness are referenced in each of the St. Johns County School District's Health Manuals, on file at each school.

2. School-entry health examinations and immunizations

Florida Statute 1003.22 states that each child who is entitled to admittance to kindergarten or entitled to any other initial entrance into a Florida public school, must present certification of a school-entry health examination performed within one year before enrollment in school and a completed DH Form 680 Certification of Immunization record for the prevention of those communicable diseases for which immunization is required by the Department of Health.

3. Prescription and Non-Prescription Medicine

Administration of medications during school hours is discouraged. The term "medication" includes both prescription and non-prescription ("over-the-counter") medication. All prescription and non-prescription medication to be administered by the school at the elementary, middle and high school level must be directed by a physician who has determined that a student's health and well-being requires medication during school hours. All non-prescription medication in the possession of students at the middle and high school not administered by the school requires written permission from the parent to the school.

The disciplinary consequences of unauthorized possession or use of prescription and non-prescription medication are addressed in Sections 4 and 5.

4. Administration of Narcotics for Pain Management

Every effort should be made to discourage the use of narcotics in school. Many are known to cause drowsiness and decreased coordination, thus presenting impaired learning and safety issues for the student. In the event of a student is prescribed narcotics for an acute condition (recent surgery, kidney stone, etc.) requiring administration during the school day, a written physician's order for the prescribed narcotic medication must be on file with the nurse and medication kept locked in the clinic.

SECTION 4

STUDENT DISCIPLINE

1. Overview

Students are charged with modeling the six pillars of character. Students are also subject to state and federal law, State Board of Education rules and School Board rules and policies while:

- Being transported to or from school, or is presumed by law to be attending school
- Attending school or a school-sponsored activity
- Present on school premises

Student disciplinary infractions and the responses to them are divided into four levels. Each level represents progressively more serious infractions, and responses to them become progressively more severe. Both infractions and responses are outlined later in this section. The procedures relating to disciplinary action are explained in Section 5.

2. Progressive Discipline

When deciding what disciplinary action should be taken, the principal or designee shall consider the student's age, exceptionality, previous conduct, probability of a recurring violation, intent, attitude, and severity of the offense and, whenever possible, shall impose disciplinary action in a progressive manner. For all levels, any incident that is hate-related and/or gang-related should be coded in the appropriate "related" category AND should be grounds to increase disciplinary actions.

3. Student Athletes

It is recognized that some of the expectations for athletes may exceed the expectations for the general student body. Student athletes must remain aware that being a part of interscholastic athletics is a privilege and not a right. As a condition of participation in interscholastic athletics, students and their parents are required to enter into a Pursuing Victory with Honor Contract and abide by the Student-Athlete Code of Conduct, and the Student Code of Conduct. Therefore, it requires observance of all aspects of the codes of conduct whether or not the student-athlete is at school, and whether or not the student-athlete is participating in school-related activities. It is also the intent of the Student-Athlete Code of Conduct to provide a clearly defined course for student-athletes to follow at school and in the community. Please refer to Section 8 (Student-Athlete Code of Conduct) for more information.

A student not currently suspended from interscholastic or intrascholastic extracurricular activities, or suspended or expelled from school, pursuant to a District School Board's suspension or expulsion powers provided in law, including Florida Statutes 1006.07, 1006.08, and 1006.09, is immediately eligible to participate in interscholastic and intrascholastic extracurricular activities. A student may not participate in a sport if the student participated in that same sport at another school during that school year, unless the student meets the criteria in Florida Statute 1006.15(3)(i). A student's eligibility to participate in any interscholastic or intrascholastic extracurricular activity may not be affected by any alleged recruiting violation until final disposition of the allegation pursuant to Florida Statute 1006.20(2)(b). Students who participate in interscholastic and intrascholastic extracurricular activities for, but are not enrolled in, a public school pursuant to Florida Statute 1006.15(3)(c)-(e) and (8), are subject to this Code of Conduct for the limited purpose of establishing and maintaining the student's eligibility to participate at the school. Students who meet the standards for participation are subject to all provisions of Florida House Bill 225 (2023).

4. Possession of Alcohol, Tobacco and Drugs

The use, possession, delivery, or sale of alcohol, tobacco or other drugs including counterfeit or synthetic drugs, whether on school property or at a school function, will not be tolerated.

Tobacco

It is unlawful for anyone under the age of 18 to smoke tobacco in, on or within 1,000 feet of a public or private elementary, middle or secondary school between the hours of 6:00 a.m. and midnight. If a student is found to have violated this provision, the parents or guardian and law enforcement will be notified and civil penalties may be imposed. Florida Statute 569.11.

All use of tobacco products and e-cigarettes in any form are prohibited in school buildings, on school property, or at any school sponsored activity by persons of any age. A student under the age of 18 who commits non-criminal tobacco violations (possessing or using tobacco in any form) and fails to comply with corresponding sanctions is subject to mandatory revocation or suspension of, or delay of eligibility for driver's license. Tobacco-like nicotine or other smoking devices are addressed under Search and Seizure, and Contraband in Section 4.

Alcohol

Students are prohibited from using, possessing, delivering, selling or being under the influence of alcoholic beverages on school property, on a school bus or school-approved transportation, or at any school-related function or activity. Violation of this rule is a Level IV offense.

Drugs

"Drugs" shall include any unlawful drug, narcotic or controlled substance (including prescription medications, except as provided in Section 4, paragraph 5), and any substance (including household products) represented to be such a drug, narcotic or controlled substance. Students are prohibited from using, possessing, delivering, receiving, selling, intending to sell, or being under the influence of drugs on school property, on a school bus or school-approved transportation, or at any school-related function or activity. They are likewise prohibited from possession of drug paraphernalia, which includes devices, products and things used or intended to be used for the ingestion of drugs.

Students are also prohibited from possessing, using, delivering, receiving, selling, or intending to sell any counterfeit drug which is a substance that (i) is represented to be, (ii) is represented to contain, or (iii) appears to be (looks like) a narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, stimulant, depressant, intoxicant or controlled substance of any kind, on school property, on a school bus or school approved transportation, or at any school-related function or activity. A violation of these rules is a Level IV offense and may subject a student to arrest and prosecution.

While on school property, school bus, or school-approved transportation, or at any school-related function or activity, students are prohibited from planning, intending or committing any act in furtherance of the possession, use, delivery, receiving, purchase, or sale of drugs, counterfeit drugs or drug paraphernalia.

Use of Alcohol and Drugs

A student who is under the influence of alcohol or drugs on school property, on a school bus or school-approved transportation, or at any school-related function or activity shall

be deemed to have used and possessed alcohol or drugs. Evidence of such use of alcohol or drugs includes but is not limited to a student's admission of use of alcohol or drugs on or off campus; witness statements; a positive Portable Breath Test result indicating use of alcohol (see paragraph 7); red and/or glassy eyes; drooping eyelids; odor of alcohol or drugs; difficulty communicating, walking or standing; difficulty with other motor skills; or other impaired faculties.

Students who violate the District's alcohol and drug policies are subject to the penalties provided for Level IV offenses. In addition, the principal may revoke the student's privilege of participating in non-academic school activities including, but not limited to, extracurricular activities, athletics, school trips, prom, and graduation exercise, and/or the revocation of school privileges, including, but not limited to, driving privileges.

Delivery, receipt, or sale of alcohol or drugs, or intent to deliver, receive or sell alcohol or drugs, is a more serious offense than use and possession of drugs or alcohol and shall result in a more serious penalty.

5. Prescription and Non-Prescription Medicine

Students are prohibited from possessing prescription medication on school property, on a school bus or school-approved transportation, or at any school-related function or activity, unless such medication is prescribed by a current prescription and the prescription is documented by a note from the prescribing physician filed with the school before the student brings the medication on campus. Unauthorized possession of prescription medication without a valid, current prescription constitutes possession of a drug and is a Level IV offense. If the student has a valid, current prescription for the medication, but fails to file the physician's note with the school before bringing it on campus, the possession is a Level II violation.

Students are prohibited from possessing any non-prescription medication at school, on a school bus or school-approved transportation, or at any school-related function or activity without the written permission from the parent or guardian, documented with the appropriate form on file with the school, prior to the medication being brought on campus. Unauthorized possession or use of any non-prescription medication is a Level II offense.

Misuse of non-prescription medication is a Level III offense. Misuse of non-prescription medication includes (i) the delivery of non-prescription medication or (ii) any use inconsistent with the manufacturer's directions or generally accepted guidelines.

Aggravated misuse of non-prescription medication is a Level IV offense. Aggravated misuse of non-prescription medication is the sale of non-prescription medication for any purpose or its delivery with the intended or actual effect of modifying mood or behavior, or inducing physical, emotional or behavioral changes, rather than for its intended purpose.

6. Contraband

For purpose of this Code, "Contraband" is any item or substance that is prohibited by federal and/or state law, School Board rule or this Code from being used or possessed on School Board property, a school bus or school-approved transportation, or at any school-related function or activity. Contraband includes, but is not limited to, stolen property, drugs, drug paraphernalia, alcohol, unauthorized non-prescription medications, tobacco, weapons, ammunition, matches, lighters, laser beam devices, firecrackers and fireworks, pornography, and gang-

related signs or symbols, e-cigarettes, vapes, hookahs, and any other nicotine-dispensing device. Contraband also includes any instruments or objects in any vehicle brought onto school property or to a school-sponsored activity, which could be used to inflict harm on or intimidate another person, but which are not designed or ordinarily intended for use as a weapon (i.e. Leatherman, multi-tools, key chain tools).

7. Search and Seizure

Students, their lockers, vehicles, and other possessions are subject to search upon reasonable suspicion that they may possess drugs, other prohibited substances, objects or Contraband, while on school property or wherever students are under school supervision, such as on field trips, at extracurricular activities, or while being transported by school bus or school-approved transportation.

School staff may search students reasonably suspected of being in possession of Contraband or other prohibited items. They may search students' possessions when reasonable suspicion exists that such possessions may conceal or contain Contraband or other prohibited items. Students' possessions subject to search include, but are not limited to, book bags, back packs, athletic bags, notebooks, purses, coats, jackets, telecommunication devices, computers, devices capable of storing or communicating information, lockers, and vehicles. Students do not have any expectation of privacy in or around vehicles on school property. Students are responsible for the contents of any vehicle they possess on school grounds and shall be deemed to be in possession of any Contraband contained within their vehicle. School personnel are encouraged to seek consent from a student before the search but may proceed without consent if reasonable suspicion is present.

8. Canine Inspections and Metal Detectors

In order to assist in the maintenance of drug and alcohol-free schools, school officials may enlist the assistance of law enforcement, including canine units. Canine inspections will be conducted in compliance with applicable law. Reasonable suspicion is not required for random canine inspections conducted in school classrooms, hallways, parking lots, and elsewhere on school premises.

Schools may utilize metal detectors in the interest of security and student safety.

9. Portable Breath Test

When there is a reasonable suspicion that a student may be under the influence of alcohol, the school's administration may request law enforcement to administer a portable breathalyzer test (PBT) at school and school related activities.

10. Cell Phones and Wireless Communication Devices

Students may possess cellular telephones and other wireless communication devices at school, on buses, and at school functions. However, they must be turned off, stored in student's backpack, purse, locker or vehicle. The device shall not be used during the school day without administrative approval or on school buses to and from school. Upon administrative approval, use is limited between classes and during lunch only. Students may not use a wireless communication device during instructional time, except when expressly directed by a teacher solely for educational purposes. Failure to comply may result in the device being confiscated. Repeated failure to comply will be considered defiance of school rules.

Earbuds shall not be used during the school day without administrative approval. As a safety precaution only one earbud shall be utilized when not under direct supervision of the teacher. Failure to comply may result in the item being confiscated.

Any disruptive, harassing or other inappropriate use of a cell phone or wireless communications device in violation of this policy or school rules, shall be cause for disciplinary action, including confiscation of the device as Contraband and, in the event of repeated or serious misuse, loss of the privilege to possess such a device on school property or while attending a school function. Inappropriate use includes, but is not limited to: (1) texting, phoning or web browsing during prohibited times; (2) taping conversations, music or other audio at any time; (3) taking photographs or video at any time except as permitted by the Acceptable Use Policy; (4) “sexting;” and (5) any activity that could in any manner infringe upon the rights of other individuals, including but not limited to students, teachers and other staff members.

When there is reasonable suspicion that a student has used a cell phone or wireless communication device in violation of the Code of Conduct or other school rules, or for an unlawful purpose, the school administration may search the phone’s call log, voice messages, text messages, photographs and any other applications in furtherance of its investigation of the suspected violation.

11. Instructional Technology

The St. Johns County School District recognizes the value of instructional technology as a tool that assists student achievement within the classroom. Students may possess an instructional technology device and utilize it as an instructional tool in the classroom with the consent and under the direction of the school administration and teacher, as it pertains to the current curricular unit, lesson, etc., and only within the scope and sequence of the District’s Acceptable Use Policy. However, this device must be turned off and stored when not being used. Failure to comply may result in the item being confiscated. Repeated failure to comply will be considered defiance of school rules and may result in consequences as provided in the District’s Student Code of Conduct.

When there is reasonable suspicion that a student has used an instructional technology device in violation of the Code of Conduct/AUP or other school rules, or if used for an unlawful purpose, the school administration may review the device’s applications in furtherance of its investigation of the suspected violation.

12. Bullying and Harassment

SECTION 6

PROCEDURES RELATING TO DISCIPLINARY ACTION

1. Procedures for Out-of-School Suspension

Suspension, also referred to as out-of-school suspension, is the temporary removal of a student from all classes of instruction on public school grounds and all other school-sponsored activities, except as authorized by the principal, for a prescribed period of time not to exceed ten (10) school days at any one time. Referral to an alternative school is not a suspension, but rather a school assignment.

When a student is accused of misconduct that would warrant suspension under the Code of Conduct, the following procedures shall apply. Before suspension is imposed, students shall be given notice of the provisions of the Code of Conduct they are accused of violating and the factual basis for the charges. Students shall have an opportunity to present their version of the incident before suspension is imposed.

The principal is authorized to immediately suspend a student if the student has physically assaulted another individual, engaged in behavior posing an immediate danger to students or staff, substantially disrupted the orderly operation of the school, or otherwise committed any offense which the School Board has determined constitutes a serious breach of conduct, including any Level III or IV offense. However, in these cases, the student shall still be given oral notice of the allegations and an opportunity to explain or defend the conduct. In these cases where immediate suspension is not authorized in accordance with this paragraph, the principal or designee should make a good faith effort to seek parental assistance before suspension.

In a timely manner following the imposition of suspension, the principal or designee shall make a good faith effort to inform the student's parent or guardian by telephone of the suspension and the reason such action was taken in a timely manner. The suspension and the reason for the suspension shall be communicated in writing to the parent or guardian within twenty-four (24) hours by United States mail or hand delivery. In case of high school students, written notice of suspension may be hand delivered in the care of the student.

2. Review and Appeal of Out-of-School Suspension

The school staff shall notify the Superintendent in care of the School Services Department within twenty-four (24) hours of the suspension and the reasons therefor. The school shall use the District-approved Notice of Suspension form. The Superintendent's designee shall review such suspension for compliance with the requirements of the Code.

A student or student's parent or guardian may appeal a suspension by first contacting the principal. Thereafter, the student or parent/guardian may appeal to the Director of the Office of School Services as the Superintendent's designee. An appeal will not delay the imposition of the suspension.

The rules of evidence and judicial procedure do not apply to suspension procedures or appeals. The school's decision to impose suspension is not subject to further review or appeal beyond the School Services Office. The School Services Office's decision on review or appeal shall be final.

3. Procedures for Placement in an Alternative School

The Superintendent shall appoint a District Discipline Committee to review all recommendations for placement in an alternative school and/or expulsion. If the school principal or designee shall recommend alternative placement, the principal or designee shall appear before the Committee and explain the facts and the rationale for the recommendation. After due deliberation, this Committee shall act upon the recommendation and so advise the student and principal. The District Discipline Committee may accept, reject, or modify the principal's recommendation.

Students must complete the entry process at the Gaines Alternative Center following administrative assignment by the District Discipline Committee. Students who do not attend Gaines Alternative Center may not attend any St. Johns County School District school for the assigned period of time plus an additional equal period of time.

4. Procedures for Appeal of Alternative School Placement

The student, parent or guardian may request an appeal of the Discipline Committee's decision to administratively assign the student in an alternative school to the District Discipline Appeal Committee. However, the student must be in attendance at the alternative school while the appeal is pending. The Appeal Committee may request, receive, and will consider such additional information from the parties as necessary to properly review the initial decision. After due deliberation, the Appeal Committee shall make a recommendation to the Superintendent, who may affirm, reject or modify the original decision.

The Superintendent may request, receive, and review such additional information from the parties as necessary to properly review the Appeal Committee's decision. After due deliberation, the Superintendent shall act upon the Committee's recommendation and so advise the student and principal. The Superintendent may affirm, reject or modify the Appeal Committee's recommendation. The decision of the Superintendent is final, conclusive and binding.

For all meetings under this section, with the exception of the initial meeting of the District Discipline Committee, the student shall attend with the student's parent(s) or guardian or other responsible adult. The student may also invite others to attend on the student's behalf including legal counsel or other representation. The student shall have an opportunity to explain his or her actions and provide any additional information, as the student may believe necessary. These are not legal proceedings, and the rules of evidence and judicial procedure do not apply. No transcript of testimony will be required or provided. The Superintendent's decision is final.

5. Expulsion

The principal's recommendation of expulsion shall include a detailed report explaining the basis for the recommendation and alternative measures to expulsion considered by the principal before making the recommendation.

The school principal may recommend to the District's Discipline Committee the expulsion of any student who has committed a serious breach of conduct, including any Level IV or other offense that is subject to expulsion under this Code or Florida law.

The District Discipline Committee shall review the recommendation for expulsion and either accept, reject or modify the principal's recommendation. The Committee's decision shall be communicated in writing to the Superintendent and the student's parents or guardian.

The Superintendent shall consider the Committee's recommendation and may adopt, modify or reject it. If the Superintendent recommends expulsion, the recommendation shall be forwarded to the School Board for final action.

The student or parent or guardian shall have the right to an expulsion hearing before the School Board. The hearing shall be conducted in accordance with the requirements and safeguards of School Board Rule 5.12.

6. Discipline Procedures for Students with Disabilities

The District complies with all federal and state laws pertaining to students with disabilities. A student identified as disabled under Section 504 of the Rehabilitation Act of 1973 (Section 504) shall be subject to the same disciplinary procedures prescribed by Department of Education Rule 6A-6.03312 and the District's Exceptional Student Program Policies and Procedures.

Students with disabilities may be subjected to short-term or long-term removals depending on the disciplinary infraction of the Code of Conduct. A short-term removal is one in which a student with a disability is removed from a school up to ten (10) school days within a school year. Short-term removals do not require the school to provide services identified in the student's Individualized Education Plan (IEP) or Section 504 plan, or to conduct a manifestation determination meeting.

A long-term removal is one in which a student with a disability:

- is suspended for a period of more than ten (10) consecutive days, or
- has been suspended for more than ten (10) cumulative days in the school year, or
- is subject to expulsion.

A long-term removal of a student with a disability requires the following:

- The school will schedule a manifestation determination meeting with the relevant members of the IEP or Section 504 team including the parent and student. At this meeting, the team reviews the student's IEP or Section 504 plan, the student's file, teacher observations, and relevant information provided by the student and student's parents. Following this review, the IEP or Section 504 team shall determine whether the student's behavior was a manifestation of his/her disability.
- If the behavior is not a manifestation of the student's disability, then the student may be disciplined in the same manner as non-disabled students. Additionally, the student may be removed to an alternative education setting if recommended by the District Discipline Committee. The District Discipline Committee will also serve as an IEP team to consider any educational placement issues relating to the student's disability. Students with disabilities may also be recommended for expulsion by the District Discipline Committee when appropriate.
- If the behavior is a manifestation of the student's disability, the District shall conduct a functional behavioral assessment (FBA) and implement a behavior intervention plan (BIP) for the student to address the behavior. The student may not be disciplined and shall be returned to his/her original placement unless the parent and District agree otherwise as part of the student's IEP. However, if recommended by the District

Discipline Committee, a student may be removed to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the student's behavior is determined to be a manifestation of his/her disability if the student: (a) carries a weapon to or possesses a weapon at school, on school premises, or at a school function; (b) knowingly possesses or uses illegal drugs at school, or solicits the sale of a controlled substance while at school, on school premises, or at a school function; or (c) has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function.

- If the student is recommended to the District Discipline Committee and has 504/IEP, parents/students may attend the initial meeting of the District Discipline Committee if the behavior was determined to be a manifestation of the student's disability and the incident involved drugs, weapons, or serious bodily injury.

Additional requirements for the suspension and expulsion of students with disabilities are detailed in the District's Exceptional Student Program Policies and Procedures, and Florida Department of Education Rule 6A-6.03312. Any time a significant change in placement (such as an exclusion of more than ten (10) consecutive days) is being considered, the parent(s) or guardian of a student with a disability shall be provided a copy of the notice of procedural safeguards for parents of students with disabilities and written notice, or the procedural safeguards and parent rights for Section 504.

7. Procedures for Felony Suspension

A student may be suspended from all regular classes when formally charged with a felony, or with a delinquent act which would be a felony if committed by an adult, by a proper prosecuting attorney for an incident which allegedly occurred on other than school property, but which is shown to have an adverse impact on the educational program, discipline, or welfare in the school in which the student is enrolled. The procedures and requirements for felony suspensions are prescribed by Florida Statute 1006.09(2) and Department of Education rules.

8. Appeals of Other Disciplinary Action

In cases where the student has not been identified as disabled and discipline has been imposed other than out-of-school suspension, alternative school placement, expulsion or felony suspension, the student or the student's parent or guardian may appeal the discipline by submitting an appeal in writing to the principal within 5 school days of the imposition of the discipline. The principal's decision may be promptly appealed to the Office of School Services. The Office of School Services' decision on the appeal shall be final. The appeal will not delay imposition of the discipline.

9. Disruptive Students – Staff Intervention

An administrator or teacher shall have the authority, while on duty, to come into physical contact with a student or students to the degree necessary for the purpose of establishing or maintaining control of students, including to reasonably protect himself/herself, other people or property. The use of reasonable physical force must be consistent with federal and state laws, School District rules and School Board policy. Such physical contact shall not be construed to be corporal punishment.

9. Homeless Students

The federal McKinney-Vento Homeless Assistance Act, as amended by the Every Student Succeeds Act (ESSA), ensures that each homeless child and youth has equal access to the same free, appropriate public education, including a public pre-school education, as other children and youth. The requirements of the McKinney-Vento Act are implemented by School Board Rule 4.18.

Homeless children and youth must have access to the educational and other services that they need to enable them to meet the same challenging state student academic achievement standards to which all students are held. In addition, homeless students may not be separated from the mainstream school environment based on homelessness alone.

Children and youth who lack a fixed, regular and adequate nighttime residence are considered homeless. If, due to a loss of housing, a child must live in a shelter, motel, vehicle, or campground, on the street, in abandoned buildings or doubled-up with relatives or friends, then he/she is eligible to receive services provided under the McKinney-Vento Act.

For further information, please visit www.stjohns.k12.fl.us/homeless, or contact the SJCSO Homeless Liaison at 904-547-7593.

The District collects students' Social Security numbers for use in performance of the District's duties and responsibilities. To protect students' identity, the District will secure the Social Security number from unauthorized access. The District will never release a student's Social Security number to unauthorized parties; in addition, each student in the District will be issued a unique student identification number. A student's identification number is used for all educational purposes while enrolled in the District schools, including registration, access of your online record, etc.

In addition to the federal reporting requirements, the public school system in Florida uses the Social Security number as a student identifier. This use is authorized in Florida Statutes 229.559 and 1008.386. In a seamless K-20 educational system, it is beneficial for postsecondary institutions to have access to the same information for purposes of tracking and assisting students in the transition from one educational level to the next.

All Social Security numbers are protected by federal regulations and are never released to unauthorized parties.

SECTION 8

Student-Athlete Code of Conduct

1. Introduction to the Pursuing Victory With Honor Program

At its best, athletic competition can hold intrinsic value for our society. It is a symbol of a great ideal: victory with honor. The love of sports is deeply embedded in our national consciousness. The values of millions of participants and spectators are directly and dramatically influenced by the values conveyed by organized sports. Thus, sports are a major social force that shapes the quality and character of the American culture. In the belief that the impact of sports can and should enhance the character and uplift the ethics of the nation, we seek to establish a framework of principles and a common language of values that can be adopted and practiced widely. The essential elements of character-building and ethics in sports are embodied in the concept of sportsmanship and the six core principles: trustworthiness, respect, responsibility, fairness, caring, and good citizenship. (Preamble to the Arizona Sports Accord – Pursuing Victory with Honor)

Athletics is an important part of the total school program in the St. Johns County Schools and works in conjunction with the other educational experiences to provide students the environment and opportunity to develop the values of character and ethical decision-making. This opportunity to participate in interscholastic athletics is an extracurricular activity and privilege that carries with it responsibilities to the school, the sport, other students, the family, and the community, as well as the student-athlete.

The Student-Athlete Code of Conduct governs all student-athletes (including home school and virtual school students) in the District who participate in interscholastic athletics. These standards of conduct shall supplement, and not supplant or replace, the District's Student Code of Conduct or any additional or more stringent rules and standards of conduct that the Head Coach of each athletic team lawfully imposes as a condition of participation in such activity. Discipline imposed as a result of a violation of the Student-Athlete Code of Conduct shall not preclude additional discipline or consequences under the Student Code of Conduct or the rules and bylaws of the Florida High School Athletic Association (FHSA). The Pursuing Victory with Honor Program and Student-Athlete Code of Conduct hold student-athletes to a higher standard of conduct than the general student body. Participation in interscholastic athletics is a privilege, not a right, and that privilege is conditioned upon the student-athlete's compliance with the Student Code of Conduct, FHSA rules and by-laws, and, in addition, the Student-Athlete Code of Conduct. Student-athletes and their parents should be aware that the Student-Athlete Code of Conduct applies not only at school and school events and activities, but also off-campus and during non-school hours, including breaks and vacations.

It is the intent of the Student-Athlete Code of Conduct to provide a clearly defined course for student-athletes to follow, at school and in the community. It is also the intent that a onetime infraction should result in appropriate consequences without causing lasting hardship.

2. Parent and Student Contracts

In order to participate in the interscholastic athletics, student-athletes and their parents are required to execute the Pursuing Victory with Honor Contract and agree to abide by the terms and conditions of the Pursuing Victory with Honor program and the Student-Athlete Code of Conduct. These contract forms for student and parents are found within this Student Code of Conduct.

3. Prohibited Conduct

Each student-athlete is expected to display good sportsmanship, win or lose. This means that student-athletes must demonstrate the “Six Pillars of Character” Counts in both school and in the community at large during the time that the student is enrolled in the District. Student-athletes are subject to disciplinary action under the District’s Code of Conduct and Student-Athlete Code of Conduct, as well as FHSAA rules and by-laws. Such disciplinary action may include suspension or termination of the privilege of participating in any or all extracurricular activities. Sanctions may apply to all practices and meetings and at all times before, during and after games or school-sponsored events, as well as to bus trips to and from games or school sponsored events. Ejection from any contest or event will result in a suspension from subsequent contests under the rules and bylaws of FHSAA and the Student-Athlete Code of Conduct. The following are violations of the Student-Athlete Code of Conduct:

A. Violations of the Student Code of Conduct.

B. Disrespectful, derogatory, harassing comments and/or conduct (verbal, written, electronic), disruptive conduct, and insubordination by a student-athlete directed toward any other person or group, including but not limited to game officials, coaches, advisors, teammates, athletes or members of opposing teams or schools, fans, spectators, other students, and the general public.

C. Conduct at school, at related activities, on school transportation, or in the community which is clearly beyond the bounds of what is acceptable and tolerable. Any misconduct in the community that would constitute a Level III or Level IV offense if committed at school constitutes a violation of this standard of conduct.

D. No student-athlete shall knowingly attend any party or other social gathering where underage drinking and drug use occurs. This rule is intended to apply to gatherings that consist primarily of students and student age individuals where underage drinking is occurring, usually without the knowledge or acquiescence of the parents, and shall not apply to events such as a wedding, family reunion, or the like. **It shall not be a defense to this rule that a gathering of students at which alcohol and drugs are consumed was sanctioned by any parent or held with parental consent. It is the attendance at such gatherings that is prohibited by this rule. Actual consumption of alcohol or use of drugs is not a prerequisite to establish a violation of this rule. Any student-athlete who is found to have voluntarily remained in the vicinity of a gathering prohibited by this section shall be guilty of a violation of this rule whether or not he or she consumes or uses any prohibited substance.** No student-athlete will be deemed to have violated this rule if he or she can show to the satisfaction of the school Principal, Athletic Director and Head Coach that, immediately upon becoming aware that underage drinking and/or drug use is present at a party or social gathering, he/she completely removed himself/herself from the place where the party or social gathering was held, including parking areas.

E. A student-athlete’s use, distribution and possession of alcohol (including hosting a party where alcohol is available) drugs or controlled substance, possession of drug paraphernalia, use of performance enhancing substances; use of tobacco products or any other misconduct that, if committed at school would violate the rules governing drug and alcohol use, as set forth in Section 4 of the Student Code of Conduct, or misuse of prescription medication, as set forth in Section 4 of the Student Code of Conduct. For purpose of this provision, the definition of “drugs” in Section 4 of the Student Code of Conduct applies.

F. Felony arrest.

4. Disciplinary Procedure

Student-athletes who are accused of a violation of the Student Code of Conduct shall be subject to the disciplinary procedures specified in Sections 4 and 6 of the Student Code of Conduct. In conjunction with that disciplinary process, the principal or designee shall impose such athletic sanctions as may be appropriate under the paragraph below.

Some offenses under the Student-Athlete Code of Conduct may not be subject to Student Code of Conduct discipline because the alleged offense occurred off-campus, after school hours or for some other reason. In those cases, the principal or the principal's designee shall give the student-athlete oral notice of the allegations and an opportunity to explain or defend the conduct. The principal or designee shall then determine whether the student-athlete violated the Student-Athlete Code of Conduct. If a violation is found, the principal or designee shall impose such sanctions as may be appropriate under paragraph 5 below. The sanctions and the reason for the sanctions should be communicated in writing to the student-athlete's parent or guardian within twenty-four (24) hours by United States mail or hand delivery, including hand delivery in the care of the student-athlete, following the conclusion of the school-based investigation.

The school should notify the Superintendent in care of the Office of School Operations within twenty-four (24) hours of the Student-Athlete Code of Conduct disciplinary action and the reasons therefor. The Superintendent's designee shall review the case for compliance with the requirements of the Student-Athlete Code of Conduct.

A student-athlete may appeal disciplinary action imposed under the Student-Athlete Code of Conduct to the Student-Athlete Disciplinary Review Committee, by scheduling a hearing through the Office of School Operations. However, the pendency of the appeal shall not delay the commencement of any sanctions, including suspension from athletic contests.

The rules of evidence and judicial procedure do not apply to disciplinary proceedings under the Student-Athlete Code of Conduct. The decision of the Student-Athlete Disciplinary Review Committee shall be final and shall not be subject to further review.

5. Responses and Sanctions

The following are the sanctions for student-athletes who are found to have violated the Student-Athlete Code of Conduct. The sanctions listed shall not be construed as a promise or guarantee of any particular form of discipline. The District retains the right to take disciplinary action under this policy that is deemed to be appropriate under the individual circumstances of each case. These penalties can be assessed in addition to those assessed under the Student Code of Conduct.

All game(s) suspensions will be served during the athlete's current-year season of participation. In the event that a sanction is assessed at the end of the current season, the sanction will be carried over into the next sport season in which the student-athlete participates. Student athletes will begin serving sanctions immediately upon imposition. In the event a student-athlete files an appeal of a disciplinary action imposed as a result of a code violation, the game(s) suspension will be immediately served upon imposition and/or during the appeals process.

A. Minor Violation - A coach shall be responsible for assessing penalties for violation of team and attendance rules. Such penalties may range from a verbal warning to expulsion from the team for repeat offenses. Coaches shall generally practice progressive discipline, depending on the facts and circumstances. A coach's decision to remove a student-athlete from a team will be approved by the

Athletic Director prior to the imposition of the penalty. The coach shall notify the parents of the imposition of any sanction including the nature of the offense and the reason(s) for the disciplinary action.

- B. Level 1 Violation** - Any student-athlete found to have engaged in prohibited conduct unless otherwise indicated at another Level. For a Level 1 violation, suspension from participation, probation and successful completion of educational component may be required.
- C. Level 2 Violation** - Any student-athlete found to have committed a second Level 1 violation while on probation or any student-athlete found to have hosted a party where alcohol is served or where drugs are present, or who participates in any bullying, harassment or hazing. For a Level 2 violation, suspension from participation, probation, and successful completion of educational component may be required. The commission of any drug or alcohol offense while serving probation for a current drug or alcohol offense will result in loss of participation for one calendar year.
- D. Level 3 Violation** - Any student-athlete found to have engaged in prohibited conduct while serving a Level 2 probation or to have committed a second Level 2 violation during his/her enrollment in the District. For a Level 3 violation, loss of participation for 1 calendar year, probation and successful completion of educational component may be required.
- E. Level 4 Violation** - Any student who is charged with or convicted of, a felony. Such a student-athlete will be suspended from participation (includes practices and meetings) until the case has been adjudicated after which a review will be conducted to determine eligibility. Level 4 also includes repeated violations while on probation. For a Level 4 violation, loss of athletic eligibility while enrolled in the District.

Drug testing may be required as part of a sanction at student or parent expense.

- **Probation** is a stipulated period of time (1 calendar year with a review after 6 months) assessed to an athlete as a consequence for violations of the Student-Athlete Code of Conduct. This period of time may be extended (extended probation) until the athlete has successfully fulfilled all requirements of the assessed for a violation. The **Educational Component** is a rehabilitative activity intended to reinforce the athlete's personal adherence to the policies and rules that govern the interscholastic program and is designed to educate the athlete about the violation committed and its impact on reaching personal and team goals. Following a meeting with the District Director for Athletics, this component will occur after school hours and will take place at the location of the provider in partnership with the St. Johns County School District. The Educational Component will be required for any student-athlete that is found to be in violation of the drug and alcohol policy outlined in the Student-Athlete Code of Conduct. Suspensions from team participation may continue until this meeting is held.

The St. Johns County School District is committed to creating a safe, secure and enjoyable experience for all fans. We want all event attendees to enjoy the experience in a responsible fashion. Event attendees are responsible for their own behavior. Any behavior that is deemed unruly, disruptive, or illegal in nature to officials, players, school administration and/or other spectators may result in removal from the event and loss of the privilege for attending future events.

Students, parents/guardians, teachers, counselors, administrators, and office staffs all have important roles to play in our schools. With so many people working together, problems may occur from time to time. Rules have been made to address these problems. Like laws, rules apply to everyone, and they work only when everyone knows what they are.

This booklet lists the District rules for students in St. Johns County. The rules apply to all activities occurring on school grounds, on other sites being used for school activities and for any vehicles authorized for the transporting of students. Please read them. Since parents/guardians can be held responsible for the actions of their children, it is important that they are aware of the rules and consequences if the rules are broken. Parents, students, school faculty and staff need to know the rules.

Parents need to become involved in the education of their children and have the responsibility to provide the school with the current emergency contact person and/or telephone numbers. They also have the responsibility to notify the school of anything (such as medical information) that may affect their child's ability to learn, to attend school regularly, or to take part in school activities. As a parent, you also authorize designated St. Johns County School District personnel and St. Johns County Health Department School Health personnel to provide emergency care for your child and to exchange medical information as necessary to support the continuity of care of your child. Parents should also take special notice of the Attendance section of this Booklet as well as the Suspension and Expulsion provisions, which are in accordance with School Board Rule.

Signed forms must be part of every student's record. Your signature means that you have read this booklet and understand the rules. (It does not mean that you agree or disagree with them.)

All forms must be signed by parent/guardian and student and returned to school.

CHARACTER COUNTS! Is a county-wide initiative involving our St. Johns County School District, community organizations, law enforcement, business sponsors and local government. These St. Johns County organizations have come together with a common approach in an effort to say children matter, values matter, and character matters...in our community and in our country.
