Dear Chairman Coleman and Honorable Board Members,

My passion for providing students with pathways to success and solving complex problems through collaboration and clear communication are tenets of my professional successes. My career, experience, and overall body of work is aligned to St. Johns School District's strategic priorities of inspiring lifelong learning through providing meaningful learning paths for all students. I bring over 20 years of experience as an innovative and collaborative educator. My experiences gained from teaching at the middle school level, high school principalship, and multiple district leadership positions have provided invaluable perspective. Through maintaining high expectations coupled with high accountability and high levels of support, I have had the opportunity to build scalable systems to meet the needs of students, stakeholders, community and the entire organization. These principles guide my work towards a shared vision of excellence that permeates the organization and positively influences student achievement.

I have gained experiences through challenges associated with maintaining momentum of high-performing schools, as well as opportunities associated with declining populations and schools needing improvement. During that time, I have consistently demonstrated the ability to implement innovative strategies to drive systemic improvements collaboratively. Regardless of the strategic initiative, I prioritize and practice transparent and inclusive dialogue through the process and ground decisions in sound research and data. Through this approach, and working in partnership with board members, parents, teachers, administrators, other employee groups and community I have led initiatives that address current and future gaps. Examples of this approach include the successful development and implementation of professional learning communities, virtual school options, magnet programs, and data dashboards to inform instructional decisions. I spearheaded initiatives resulting in improved graduation rates, dual enrollment, acceleration opportunities, and alignment of Career and Technical Education programs to local workforce needs. Additionally, to meet the needs of the communities I have served, I have led teams that developed career-ready diploma options, school calendars, district-wide mental health plans, comprehensive school counseling plans, and attendance intervention plans. Further, to support consistency in student discipline and promotion/retention practices, I have participated in and led committees which revised student progression plans and the student code of conduct. All these efforts have directly resulted in system-wide improvements and improved student outcomes. In addition to improving student outcomes, I have improved policy for long-range facilities planning, participated in planning new facility projects, developed staffing allocation models, improved systems for tracking professional development, created professional development opportunities, demonstrated success in recruiting and retaining talent, supported oversight committees, developed and managed division and district budgets, and have collaborated with collective bargaining units.

My resume will verify I meet the requirements to be the next superintendent of St. Johns County School District. However, more than my professional experience has guided me to this opportunity. I have lived in Northeast Florida for over 30 years and have many friends and family members who have chosen St. Johns County to raise their children due to the reputation of excellence the school district has maintained. Having 2 nieces and 2 nephews attending 4 different schools in St. Johns County deepens my understanding of what that reputation means to the community and the current challenges the rapidly growing district faces. The next superintendent must balance the needs of the entire district to maintain and improve upon the level of excellence St. Johns County expects. My professional experiences and

personal connections give me the skill set necessary to maintain the level of excellence and improve the experience and outcomes for all students in St. Johns County.

Sincerely,

Corcy Wright

Dear Superintendent Search Committee:

I am pleased to write and recommend Corey Wright for the position of Superintendent of St. Johns County Schools.

It has been a pleasure to work with Mr. Wright during my tenure as School Board member over the past six years. His service to the Board and to our District in both academic and operational management has been exceptional. It is his vast expertise in these critical aspects of management that make him uniquely qualified to offer St, Johns County innovative and strategic leadership.

The depth and breadth of Mr. Wright's resume speaks for itself but I would highlight certain elements for your consideration. First, Mr. Wright was a key leader in the development our Duval Ready Diploma program. This strategic initiative from the Board ensures that our students graduate with the skills they need to enter either a career or college program and the critical thinking ability that allows them to be successful from the start. As a Board Member, I am very proud of the initiative and grateful for the creative work that Mr. Wright did to prepare our students for success, regardless of the post-secondary path they choose.

Another initiative Mr. Wright spearheaded under the direction of our Board is the growth in our Career and Technical Academies. He led the development of the accreditation process with the Jacksonville Chamber of Commerce and created curriculum relevant to Northeast Florida's workforce needs.

Finally, I would bring your attention to Mr. Wright's strong understanding of and leadership in the operations of Duval County Public School District. Mr. Wright has been instrumental in all aspects of our Master Facility Plan work, especially community engagement and policy initiatives that drive the operational future of our district.

Over the years I have worked with Mr. Wright on these and countless other initiatives and can assure you that he has met each challenge with an open mind and a creative instinct that has not only met but exceeded our Board's expectations.

If you have any questions or if I can be of any further assistance, please do not hesitate to contact me.

Sincerely,

s/Charlotte D. Joyce

Dear School Board Members,

I am writing to enthusiastically recommend Corey Wright for the position of Superintendent of the St. John's County School District. I have had the distinct pleasure of working with Mr. Wright for over two decades in Duval County Public Schools, and in that time, I have witnessed first hand his remarkable leadership and dedication to student achievement. Having supported his work as a high school principal, collaborated with him while serving as district leaders together, and, most recently, working alongside of him as the School Board Member for District 1 while he has served in the role of Assistant Superintendent of Accountability and Assessment, I am confident that Mr. Wright possesses the skills, vision, and commitment necessary to lead your district to new heights.

Corey Wright's career in education has been distinguished by his exceptional ability to improve academic outcomes, foster a positive school culture, and strategically use data to drive decision-making. As a high school principal, he led a school community with challenging demographics to achieve record-high graduation rates. As High School Region Superintendent, he oversaw more than 25 schools serving over 30,000 students, consistently driving impressive proficiency rates across all content areas. Most recently, as Assistant Superintendent of Accountability and Assessment, Mr. Wright spearheaded efforts to increase graduation and acceleration rates, bringing Duval County Public Schools to historic highs. His work in this area has garnered national recognition, with his graduation and acceleration rate analytics being showcased at various conferences.

Additionally, Mr. Wright has been instrumental in advancing Career and Technical Education (CTE) programs in Duval County, leading to the introduction of numerous new programs that provide students with valuable career opportunities, particularly for those not pursuing a traditional college route. His efforts to build strong business partnerships have further enriched these programs. Furthermore, his expertise in data analytics helped Duval County Public

Schools come within a few points of achieving a district grade of "A" grade under Florida's Accountability System, a testament to his commitment to school improvement and academic excellence.

Beyond his technical expertise, Mr. Wright is a highly collaborative leader. He has worked closely with school board members, district staff, and community stakeholders to ensure that initiatives are not only effective but also aligned with the district's long-term goals. His leadership extends beyond his own division to include support for the district's budgeting process, tax referendum and school construction efforts, academic services strategies, and enrollment management.

Corey Wright is a visionary leader who combines deep knowledge of education, data, and policy with a compassionate, student-centered approach. His ability to build a culture of empowerment among teachers and school leaders is what truly sets him apart. He is committed to ensuring that every child achieves their highest potential, and he brings out the best in those around him. I have no doubt that he would bring this same dedication and expertise to the role of Superintendent in St. Johns County.

In closing, I offer my highest recommendation for Corey Wright to serve as Superintendent of St. Johns County School District. His proven track record, leadership abilities, and unwavering commitment to student success make him an ideal candidate for the role. Should you require any further information, please do not hesitate to contact me.

Sincerely,

Kelly G Coker-Daniel

Dear Search Committee,

It is with great pleasure that I recommend Corey Wright for Superintendent of St. Johns County School District. I have had the distinct privilege of working with Corey during my six-year tenure at JAXSUSA Partnership, collaborating on programming, observing his exceptional leadership and operational skills as well as his dedication to improving educational outcomes.

JAXUSA Partnership is the JAX Chamber's private, nonprofit economic development division. Our mission is to be a catalyst for economic growth and maximize the region's unique resources to aggressively recruit jobs and capital investment to our seven-county region in Northeast Florida, which includes St. Johns County – paramount to these efforts and goal #1 of the region's strategic plan is talent development.

As a thoughtful and strategic leader, Corey recognizes the importance of engagement with the business community and community at large. Corey proactively engages with our work at JAXUSA to align the district's efforts with the needs of the business community. As a result, the Duval Ready Diploma and the Career Technical Education Academy Accreditation process were launched in cooperation and in response to the needs of the business community. Also paramount to building the future workforce was strategic growth of Career Academy programs, which align to our region's areas of growth, and an increased focus on acceleration programs as well as increased graduation rates. All of these efforts under Corey's leadership are developing a workforce that increases our competitiveness as a region but also contributes to the economic mobility of the students being served.

Corey possesses a rare combination of strategic vision, operational expertise, and interpersonal skills. He is a highly effective communicator, a skilled collaborator, and a dedicated advocate for students and educators. His ability to adapt their leadership style to different situations and build strong coalitions is truly commendable.

Corey is a leader of integrity, with a proven track record of achieving significant results. He is the exact leader needed to lead a school district such as St. Johns. I wholeheartedly recommend Corey to be the next Superintendent of St. Johns County.

If you would like any additional information, do not hesitate to reach out to me.

Sincerely,

SVP Strategy, Talent and Marketing

UNIVERSITY OF NORTH FLORIDA THE OFFICE OF THE REGISTRAR TRANSCRIPT GUIDE

THE CALENDAR YEAR:

Effective Fall 2005, all quarter hours were converted to semester hours.

Three Semesters:

Fall and Spring - approximately 16 weeks including examinations.

Summer - includes two terms of approximately 6 weeks each and one term of approximately 12 weeks.

Students may enter the University at the beginning of any term.

UNIVERSITY ADMISSION: The University of North Florida is a four-year institution offering associate, bachelor, master, and doctoral programs.

THE UNIT OF CREDIT: From 1972 through Summer Term 1981, the unit of credit is expressed in quarter hours. Effective Fall Term 1981, the unit of credit for course work is the semester hour. All cumulative totals for students who have attended under both types of credit are expressed in semester hours. A semester hour represents one hour of class work, per week for one semester or its equivalent in another form of instruction.

MINIMUM DEGREE REQUIREMENTS: Students who graduated prior to Fall 1981 were required to earn 180 quarter hours for a bachelor's degree. Beginning Fall Term 1981, a total of 120 semester hours minimum are required to earn the bachelor's degree. A grade point average of 2.00 is required (2.50 for College of Education and Human Services). Some degree programs require additional hours for graduation; see the appropriate college section of the University Catalog for specific requirements.

COURSE NUMBERS: 1000-2999 are lower level undergraduate courses; 3000-4999 are upper level undergraduate courses; 5000-6999 are graduate courses; 7000-7999 are doctoral level courses.

STUDENT IS IN GOOD ACADEMIC STANDING AND IS ELIGIBLE to re-register unless otherwise specified on the transcript. Disciplinary notations are NOT included. Questions concerning such matters should be directed to the Vice President of Student Affairs.

CONDITIONS OF RELEASE: In accordance with Federal Law, this transcript is provided with the condition that no other party have access to the information without the written consent of the student and that disposal be in a secure and non-compromising manner.

Grade Forgiveness. Undergraduate, degree-seeking students attempting their first baccalaureate degree may improve their GPA by repeating a course and requesting that the repeated grade be counted in GPA calculation. Only two such requests are available to any student during his/her undergraduate, UNF career. The repeated course must be the same course taken previously and must be completed at UNF. Once Grade Forgiveness has been granted, it may not be revoked nor transferred to another course. Grade Forgiveness is indicated by the symbol "*" appearing immediately before the letter grade of the course that is being forgiven. The policy affects UNF's GPA calculations only. The policy does not after the permanent record, all attempts for a given course and all grades will remain on the transcript.

GRADING SCALE: Letter grades are assigned for all courses. The grade/quality points awarded for each hour of credit earned are stated below. Effective Fall 1995, the grading system was expanded to include plus and minus grades.

Repeats Without Grade Forgiveness: Students may repeat courses without using the forgiveness policy. Both the original and the repeated grades will be used by UNF in the computation of the GPA, but only credit for the last attempt will apply toward graduation. A course repeated without grade forgiveness is indicated by the symbol "A" (course repeated and included in GPA) or "I" (included in earned hours and GPA), beneath the "R" column. (Prior to Fall 1985, all repeats were treated as grade forgiveness and only the last attempt counted in the GPA).

Term Forgiveness: Undergraduate, degree-seeking students seeking their first baccalaureate degree may request term forgiveness for an entire term in which they performed unsatisfactorily due to personal or financial issues. The transcript will note "Term Forgiveness" for the requested term and use the symbol "" immediately before the letter of the grade of the course that is being forgiven. The original grades will remain on the transcript. None of the courses will count toward graduation.
