RE: Superintendent, St. Johns County School District

Dear Members of the St. Johns County School Board and Search Team,

I am excited to apply for the position of Superintendent of Schools for St. Johns County. With over two decades of leadership experience in education, technology integration, and strategic planning, I am committed to fostering an innovative learning environment that ensures student success and district-wide excellence.

Throughout my career, I have led initiatives that bridge technology and instruction, ensuring equitable access to digital learning tools while strengthening curriculum alignment. As Associate Director of Technology Innovation at Stockton University, I have spearheaded professional development programs, collaborated with district leaders to enhance PreK-12 education, and implemented data-driven strategies to improve learning outcomes. Previously, as a cabinet level Director at Interboro School District, I managed district-wide technology initiatives, implemented student programs, oversaw budgeting and staffing, and developed STEM frameworks that prepared students for college and careers.

My leadership philosophy is rooted in collaboration, continuous improvement, and a commitment to student-centered decision-making. Holding a Doctorate in Educational Leadership, I understand the evolving landscape of education and the importance of fostering partnerships among educators, families, and the community. Additionally, my experience with grant management, vendor negotiations, and data-driven decision-making aligns with the fiscal responsibilities of a superintendent.

St. Johns County School District's commitment to academic excellence and innovation resonates deeply with my passion for educational leadership. I would welcome the opportunity to bring my expertise and vision to your district, working alongside stakeholders to support students, educators, and the broader community. I look forward to the possibility of discussing how my skills align with your district's goals.

Thank you for your time and consideration. I welcome the opportunity to speak further about how I can contribute to St. Johns County's continued success.

Sincerely,

Barbara Hagerty, EdD

To Whom It May Concern,

I am writing this letter as a recommendation for Dr. Barbara Hagerty, who is applying for an administrative position in your organization. I have known Barb for approximately 19 years. We worked closely together for seven years while in the Penn Delco School District. Barb brings a wealth of knowledge in working with elementary and secondary students and staff, providing meaningful inservice opportunities, and working with special programs within the education system. Barb demonstrates excellence in working with technology, data collection and analysis, teaching staff, colleagues, and other administrators.

As a building administrator, I was able to observe Barb complete the following as a very high level: teacher supervision, data collection, working with challenging students, identifying systemic issues and developing a plan for improvement, and making positive changes within the school and district. Barb is thorough and always goes above and beyond in all that she does. One of her most impressive accomplishments in Penn Delco was her work in establishing the Virtual Academy.

I am confident that Barb will be an asset to your organization, just as she had been to the Penn Delco School District. She has the ability necessary to take the next step in her career. Barb is a quick learner and is dedicated to being successful. She possesses excellent written and verbal communication skills. Additionally, she has the ability to lead positive change in an organization. Barb possesses a wide array of leadership qualities that will be an enhancement to your organization. If you need any additional information, please call me at 484-886-7143 or email be at hacosta@mciu.org.

Sincerely,

Holly W. Acosta, Ed.D.

To the Recruiting / Application Team Personnel:

This is a letter of recommendation for Dr. Barbara Hagerty, a candidate for the posted administrative leadership positions.

I have worked with Dr. Hagerty for the past five years at Stockton University in the Southern Regional Institute / Educational Technology Training Center Office (SRI/ETTC). The relationship that we have developed, and continue through her service at Stockton, has been close enough for me to evaluate her character and ability to perform the duties of any position associated with leadership responsibilities.

Every once in a while you meet and work with individuals that were born to be educators and administrators. Barbara Hagerty is such a person. Her knowledge of curriculum, intelligence, self-directed nature, ability to teach, and talent to carry out difficult decisions and programming are nothing short of outstanding. She was an invaluable person to the University in the difficult transitions to create professional development platforms in a virtual environment for educators throughout the State of New Jersey during Covid restricted contact.

Dr. Hagerty is a leader capable of effectively assisting and directing personnel and programs through the challenging direction that school districts have presently been challenged with. She has unconditional positive regard for people and understands that increments for change must be challenged in order to maintain excellence and increase the readiness and opportunities for success to be realized. She is exceptional at what she does each and every day.

It is my honor and pleasure to recommend Dr. Barbara Hagerty for your administrative position. Barbara will provide an invaluable support to the Central Office in their efforts to move forward and maintain your outstanding reputation. I recommend her without reservation.

Sincerely,

Robert A. Previti, Ed.D.

Dear Sir or Madam,

I had the pleasure of working with Dr. Hagerty from September 2014 through September 2019 while she was the Director of Technology at the Interboro School District. Dr. Hagerty came into the position with a great deal of subject knowledge and an extensive educational background. When she became the Director of Technology, the department had several large projects that had been stalled in the early stages. Dr. Hagerty was able to "jump in" and familiarize herself with each of these projects and without delay was able to get these projects moving and completed. During her tenure as the Director of Technology, Dr. Hagerty had implemented a solid and effective "work order" system and made the technology staff more efficient in their daily tasks in order to better serve the technology needs of the school district. In addition, she worked with the professional staff to integrate technology into the educational programs of the school district. The professional staff has used the technology to improve teaching their students through their own professional development. Dr. Hagerty was also instrumental in starting an "in-house" cyber program for the school district.

Dr. Hagerty conducts herself in a professional manner and she is always willing to help her fellow directors and staff when needed. She has proven herself a team player and can be counted on to go the extra mile to get things done. She is respected by her peers and has proven to be a valuable asset.

Dr. Hagerty would be a valuable asset to any organization and she would bring both knowledge and a strong work ethic to the organization.

Sincerely,

Martin L. Heiskell

Founded in 1896, DELAWARE VALLEY UNIVERSITY is an independent, nonprofit, comprehensive university enrolling more than 2,000 undergraduate and graduate students. The institution's name was changed from National Agricultural College to Delaware Valley College of Science and Agriculture on September 20, 1960. To reflect its broadened educational program, the Board of Trustees approved the abbreviation of the College's name to Delaware Valley College in 1989. The institution became Delaware Valley University on April 8, 2015.

The University has been accredited by Middle States Association of Colleges and Schools since September 1962.

Notations:

** = Original grade changed

R = After course number and grade reflects this course has been replaced

Affects GPA as failure:

FA = Failure due to excessive absence WF = Withdrew/Failing after mid-semester

Does not affect GPA:

AP = Advanced Placement

CL = CLEP

= Incomplete (must be resolved by the end of add/drop of the next semester)

1P = In Progress

NG = No grade reported

W = Withdrew officially from course up to mid-semester

WP = Withdrew/Passing after mid-semester

P = Pass without credit

PC = Pass with credit

AU = Audit

CC = Course Challenge

TR = Transfer course

EC = Equivalent Competency

Lower case grade (a, a-, b+, b, b-, c+, c, c-, d+, d, d-, f, fa, wf)

Any grade in a remedial course (course numbers that begin with 00)

CLASS STANDING = Students are ranked in classes according to the schedule of successfully completed credits indicated below.

Credits Completed
0 to 27
28 to 59
60 to 91
over 91

A student must have a TOTAL CUMULATIVE GRADE POINT AVERAGE OF 2.0 (C) or better and meet all course requirements to graduate. The highest possible average is 4.00.

A MINOR consists of a minimum of fifteen elective credits in a discipline outside of the student's major.
