SUBJECT: 2015-2016 Budget Letter of Transmittal
DATE: September 15, 2015

On the following pages, you will find the St. Johns County School District's 2015-2016 Budget.

The 2015-2016 Budget is allocated among the following funds:

Fund Name	Budgeted Revenue Transfers & Fund Balances	Budgeted Expenses & Transfers	Budgeted Fund Balances
General	\$309,561,068.46	\$284,917,109.00	24,643,959.46
Capital Outlay	\$122,495,489.36	\$122,131,514.25	\$363,975.11
Debt Service	\$23,431,466.68	\$18,725,308.34	\$4,706,158.34

Total	\$534,896,256.17	\$499,534,335.77	\$35,361,920.40

This budget will allow us to provide a learning environment for over 36,512 (K-12) students.

Although this is the tentative budget based on revenue from the second calculation, we should be aware of the potential for additional budget cuts from the state.

On Thursday, July 23, 2015, you approved our Tentative Millage and Budget Advertisement. On Sunday, July 26, 2015, the advertisement appeared in the *St. Augustine Record*. On the evening of Thursday, July 30, 2015, we held our first public hearing concerning the 2015-2016 Tentative Budget. Immediately after the public hearing, you approved the 2015-2016 Tentative Budget. This evening, Tuesday, September 15, 2015, we will hold our final public hearing. Immediately after the public hearing, we will ask you to adopt the 2015-2016 Millage Rate and the 2015-2016 Budget.

If you have any questions or need additional information, please contact the Superintendent's Office at (904) 547-7502.

Respectfully submitted,

Joseph G. Joyner, Ed.D., Superintendent of Schools

The St. Johns County School District will inspire good character and a passion for lifelong learning in all students, creating educated and caring contributors to the world.

Executive Summary

From 2007-08 through 2011-12, the St. Johns County School District saw its amount of funds per student decreased by the legislative allocation process. When budgets are being reduced, the District still remains responsible for managing student growth, maintaining the constitutional class-size requirements, opening new schools and most recently implementing the new teacher and administrator evaluation system.

Although the 2015 Legislature increased funding for St. Johns County schools by approximately \$16.8 million, the financial and economic pressures still facing the District are tremendous. As an example, despite the increase of 9.47 percent in property value this year, the capital outlay millage remains at 1.5 mills rather than the previous levy allowed by law of 2.0 mills. Thus, the ability to raise revenue commensurate with the District's capital needs is severely restricted. Revenues for the Local Capital Improvement Fund are being projected to be \$31.7 million, or approximately \$2.7 million more than the prior year, yet the 2007-08 Local Capital Improvement Funds generated approximately \$46.8 million. This equates to an approximate 32 percent decrease in revenue sources for capital projects, while at the same time the number of students being served increased by 31.6 percent from 27,737 students in 2007-08 to 36,512 students in 2015-16. Since 2007-08, the capital outlay budget has lost access to more than \$180 million. This revenue loss will continue to jeopardize our ability to maintain existing schools or build new ones as needed. In addition, the ongoing lack of funding could negatively impact the District's credit rating and its ability to efficiently manage its debt.

The District's revenue and expenditure budgets have changed significantly since July 2014. Highlights from the 2015-16 budget process are as follows:

- State & local funding has increased by approximately \$16,860,426.
- Per student funding for 2015-16 is \$6,914.91, which remains well below the 2007-08 per student funding of \$7,202.43.
- Student population for 2015-16 is projected to grow by 4.6 percent, or 1,605 students.
- As a result of the lack of previously experienced state funding, the loss of the stimulus funding, continued student growth and other downward pressures on the budget, the District could use approximately \$23.5 million from its fund balance to sustain school operations during 2015-16.
- The 2015-16 budget will provide 122 additional instructional staff units.
- The Board's contribution to the medical, dental and vision plans will increase by 12 percent for the 2015-16 fiscal year in an effort to allow revenues an opportunity to catch up with the claims experienced by the plans. In addition, the employees who participate in these benefit plans will also experience a similar increase in their premiums for the 2015-16 fiscal year.
- In addition, other pressures on the District's budget include the proper funding mechanisms and related plan designs for its self-funded medical plan, the funding of the teacher performance pay system, the funding of the "one to one" digital learning initiative, the expiration of the federally funded Race to the Top grant and the various staffing changes necessary to maintain support of teaching and learning in our schools.

Florida continues to be in the lowest tier in the nation in terms of per student funding for operational needs when compared to other states. As previously mentioned, the funding did increase for 2015-16; however, the state has a long way to go to restore Florida K-12 funding to the 2007-08 level.

Finally, it cannot be understated that the District's capital and maintenance expense budgets continue to be restricted. This is due mainly to the fact that the District is currently growing at 4.6 percent this year and, as stated earlier, has endured several years of declining capital revenue. In fact, the 2007-08 capital fund generated approximately \$46.8 million. The same capital fund will generate only \$31.7 million in 2015-16. This disparity is due mainly to the continuing negative impacts of previous years' declining property values as a result of the housing market collapse and the related economic meltdown. More importantly, the Florida Legislature reduced the allowable millage levy from 2.0 mills to 1.75 mills in 2008-09 and then again to 1.5 mills in 2009-10. It currently remains at 1.5 mills for 2015-16. For the foreseeable future, capital and maintenance projects must be prioritized with a focus on critical needs only. The District will be forced to move away from being prepared for growth and using preventive maintenance (in order to minimize costs), to only meeting critical needs. A backlog of growth and maintenance needs (deferred maintenance) will surely develop.

If the District does not see a leveling or improvement in per student spending in the future, it will be necessary to once again reduce operating and capital expenditures budgets so there is not an emergency when our fund balance has been exhausted.

In closing, past performance is a good predictor of future performance. To review our past financial performance, please visit our web page at www.stjohns.k12.fl.us, and click on **Financial Transparency**. Here you will find detailed information about our financial activity.

INTRODUCTION

Core Beliefs

WE BELIEVE THAT.....

- Trustworthiness, respect, responsibility, fairness, caring and citizenship are essential to the well-being of individuals and society.
- All individuals have intrinsic value.
- Every individual can contribute something of worth to society.
- Individuals are responsible and accountable for their choices and decisions.
- In order to grow and thrive, individuals need caring relationships and a nurturing environment.
- Supportive family relationships are the foundation of the community.
- High expectations lead to higher performance which, in turn, empowers the individual and strengthens society.
- Continuous learning is a lifelong process that is essential to a productive and enriched life.
- A safe and orderly environment is conducive to learning.

Mission Statement

The St. Johns County School District will inspire good character and a passion for lifelong learning in all students, creating educated and caring contributors to the world.

Strategic Delimiters

We will not initiate any new program or service unless:

- It is consistent with and contributes to our mission.
- It is accompanied by the training, staff development and resources needed to assure its effectiveness.

Strategic Objectives

- By the year 2015, all students will consistently make choices that reflect district standards of good character.
- By the year 2015, all students will continually seek and share new knowledge and experiences related to their personal interests and goals.
- By the year 2015, each student will master all academic standards set forth by the district.
- By the year 2015, all students will consistently and willingly identify community needs and proactively take action for improvement through service learning.

DISTRICT OVERVIEW

The district is organized under Section 4, Article IX, of the Constitution of Florida and Chapters 1000 & 1001, Florida Statutes, as amended. The district covers the same geographic areas as St. Johns County, Florida. Management of the schools is independent of the county government and local governments within the county.

The School Board

The School Board is a corporate body existing under the laws of the state and is the governing body of the district. The Board consists of five members elected for overlapping four-year terms. The Board's duties and powers include the following:

- Requiring the District School Superintendent, as secretary, to keep such minutes and records as are necessary to set forth clearly all actions and proceedings of the Board.
- Control of and conveyance of real and personal property.
- Adoption of a school program for the entire school district.
- Adoption and execution of plans for the establishment, organization and operation of the school district.
- Designation of positions to be filled and qualifications for those positions, and provision for the appointment, compensation, promotion, suspension and dismissal of employees.
- Providing for the proper accounting for all children of school age, for the attendance and control of students at school, and for proper attention to health, safety and other matters relating to the welfare of children.
- Making provisions for the transportation of students to public schools or school activities they are required or expected to attend.
- Approving plans for locating, planning, constructing, sanitizing, insuring, maintaining, protecting and condemning school property.
- Providing adequately for the proper maintenance and upkeep of school facilities.
- Carrying insurance on every school building including contents, boilers and machinery.
- Taking steps to assure students have adequate educational facilities through the financial procedures authorized.
- Providing for the keeping of all necessary records and the making of all needed or required reports.
- Cooperating with other district school boards.
- Adopting procedures whereby the general public can be adequately informed of the educational programs, needs and objectives of public education within the district, including educational opportunities.
- Maintaining a system of school improvement and education accountability.
- Adopting policies that clearly encourage and enhance maximum decision making appropriate to the school site.
- Providing educational opportunities for all public K-12 students.

The Board also has broad financial responsibilities, including the approval of the annual budget, the levy of the school tax millage and the establishment of a system of accounting and budgetary controls. Accounting reports and the annual budget are required by state regulations to be filed with the state Department of Education.

The Chairman of the Board is elected by the members of the Board annually. It is the general practice of the Board to rotate the position of Chairman among the members of the Board. The Superintendent of Schools is the ex-officio Secretary of the Board. The following are current Board members:

Name	District	Elected November	Term Expires November
Beverly Slough	1	2014	2018
Thomas Allen, Jr.	2	2012	2016
Bill Mignon	3	2014	2018
Kelly Barrera	4	2014	2018
Patrick Canan	5	2012	2016

Administration

The Chief Executive Officer of the district is the Superintendent of Schools, an appointed position. The Superintendent's powers and duties include the following:

- Presiding at the organizational meeting of the Board.
- Attending all regular meetings of the Board.
- Keeping minutes of all official actions and proceedings of the Board.
- Acting as custodian of school property.
- Supervising and sponsoring studies and surveys essential to the development of a planned school program for the entire district.
- Recommending the establishment, organization, and operation of schools, classes and services that are needed to provide adequate educational opportunities for all children in the district.
- Directing the work of district personnel.
- Recommending plans for improving, providing, distributing, accounting and caring for textbooks and other instructional aids.
- Providing for student transportation.
- Recommending and executing plans regarding all phases of the school plant program.
- Recommending measures to the Board to assure adequate educational facilities throughout the district.
- Recommending such records as should be kept in addition to those prescribed by rules of the State Board of Education.
- Cooperating with governmental agencies in enforcement of laws and rules.
- Requiring that all laws and rules of the State Board of Education are properly observed.
- Cooperating with the Board.
- Visiting the schools.
- Conducting conferences and community meetings with employees of the district, Board, stakeholders and other interested citizens.
- Attending conferences for district school superintendents as may be called or scheduled by the Department of Education.
- Recommending in writing to the Department of Education the sanctioning of any certificate for good cause.
- Recommending to the Board procedures whereby the general public can be adequately informed of the educational programming, needs and objectives of public education within the district.

Academic

The St. Johns County School District provides educational opportunities to over 36,512 K-12 students through the following programs:

- Basic K-12 Programs
- Exceptional Student Education Programs
- Alternative Education Programs
- Early Childhood Programs
- Dual Enrollment Programs
- Programs of Choice: Career Academies and Advanced Academics
- Charter School Programs
- Department of Juvenile Justice Programs
- Course/Credit Recovery Programs
- St. Johns Virtual Programs

These programs are conducted at 18 elementary schools, three K-8 schools, seven middle schools, seven high schools, one alternative school, six charter schools, three juvenile justice facilities, one virtual program, and one separate school for students with disabilities who have severe behavior disorders.

Basic K-12 Programs

The St. Johns County School District provides standards-based programs to serve students of widely varying academic levels, interests and needs. The majority of the district's students are served in the K-12 standard programs. These include programs in reading and language arts, mathematics, science, social studies, the arts, world languages, technology, and physical education/health.

Exceptional Student Education

The Exceptional Student Education program is designed to meet the individual needs of students ages 3 through 21 as mandated by federal and state guidelines. The program provides instructional services for students identified as Gifted, students who are Deaf or Hard-of-Hearing, Visually Impaired, Dual Sensory Impaired, or Homebound or Hospitalized, students with Autism Spectrum Disorder, Emotional or Behavioral Disabilities, Intellectual Disabilities, Orthopedic Impairment, Other Health Impairment, Traumatic Brain Injury, Specific Learning Disabilities, Speech Impairments, or Language Impairments, and prekindergarten students with disabilities or who are Developmentally Delayed.

Related services are also provided as needed and include the following:

- Specialized transportation
- Counseling
- Physical and occupational therapy
- Specially designed or adaptive physical education and assistive technology devices
- Speech and language services
- Orientation and mobility training
- Interpreter services
- Mental health services
- Behavioral consultation and training
- Nursing services

Alternative Education Programs

The St. Johns County School District operates one alternative education center, serving students in grades 5-12. The Gaines Alternative Program at the Evelyn Hamblen Center offers a behavior and academic program designed to meet the needs of students who have experienced challenges in regular programs. Students are referred to the Gaines program after repeated violations of the Student Code of Conduct at their home school and are assigned for periods ranging from 45 days to a full academic year.

Early Childhood Programs

There is an emphasis on early childhood education in the district, both in basic programs and in special education programs. The school district offers Head Start programs for 3 and 4-year-old children, and a Voluntary Pre-Kindergarten (VPK) program for 4-year-old children at selected school sites during the school year and in the summer. The Exceptional Student Education program offers a program for 3 through 5-year-old students with disabilities or developmental delays.

Dual Enrollment Programs

St. Johns County students may take courses for dual enrollment credit from St. Johns River State College or with special approval at other colleges. These advanced courses are considered honors level courses and have enrollment requirements as outlined in the articulation agreement between the school district and the individual college. Upon successful completion of the dual enrollment course work, students are awarded both high school and college credit.

Programs of Choice: Career Academies and Advanced Academics

Each high school in the district offers a unique set of educational experiences designated as Programs of Choice. These Programs are open to students from across the county and include career academies, accelerated course work and ROTC programs. An application process is required and families must provide transportation to students attending Programs of Choice away from their zoned school.

Charter School Programs

Currently, six charter schools exist in St. Johns County. They are First Coast Technical College (vocational/workforce training), Therapeutic Learning Center (serving pre-school students with disabilities), St. Johns Community Campus (serving students ages 18-22 with disabilities), The Academy of Business and Leadership Education (ABLE), (serving grades 5-8), St. Augustine Public Montessori School (serving grades 1-5) and St. Paul School of Excellence (serving grades K-4). All schools operate under the auspices of the district and work closely with district staff.

Department of Juvenile Justice (DJJ Programs)

The St. Johns County School District, through a contract with G4S Youth Services, provides academic instruction to students at the Department of Juvenile Justice facilities in the community of Hastings and at St. Johns County Detention centers.

Course/Credit Recovery Programs

Course/Credit Recovery programs are available at most middle, high and alternative schools in the district. Programmable Logic for Automated Teaching Operations (PLATO), Inc., a software program designed to provide support to students who are in need of course/credit assistance is the primary instructional tool used in the credit recovery computer labs.

St. Johns Virtual School (SJVS)

St. Johns Virtual School (SJVS) is a franchise through Florida Virtual School designed to provide on-line educational courses to qualified students in grades K-12 who choose this program of choice. Florida statute requires the successful completion of one high school virtual course to meet graduation standards.

Budgetary Process

Florida Law requires the School Board to adopt a balanced budget each fiscal year for all funds under its jurisdiction: General Fund, Debt Service Funds, Capital Outlay Funds, Special Revenue Funds and Internal Service Funds.

The law is very specific in defining the process and timetables to be followed in adopting the budget and ad valorem property tax millage rates. By law, the School Board must conduct two public hearings on the proposed budget and millage rates. At both public hearings, the public is invited to comment on the budget and millage rates.

Starting in January of each year, the District Budget Committee recommends priorities to the Superintendent for building the budget for the new year. The district is not required to do this, but chooses to do so because we believe that input from everyone has direct impact on our success as a district.

The Legislature normally finalizes the state budget in the May-June time period. Based on funds available, these priorities are included in the tentative budget.

Certification of Assessed Value of Property

The County Property Appraiser is required to certify to each taxing authority in the county the assessed value of all non-exempt taxable real property in the county. The Property Appraiser, who is independent of the School Board, is required to provide this certification no later than July 1 each year.

Proposed Tax

Based on the 2015 tax roll provided by the Florida Department of Revenue and certified by the Commissioner of Education on July 16, 2015, the following is a summary of the millages to be levied on the 2015 tax roll for 2015-2016 fiscal year.

	Proposed 2015-2016	Last Year 2014-2015	Increase (Decrease)
State Required Local Effort	4.979	5.094	-0.115
State Required Local Effort (Prior Year Adjustment)	0.001	0.000	0.001
Local:			
Basic Discretionary Effort	0.748	0.748	0.000
Supplemental Discretionary Millage	0.000	0.000	0.000
Local Capital Improvement Millage	1.500	1.500	0.000
Total Non-Voted Levy	7.228	7.342	-0.114
Debt Service (Voter-Approved)	0.000	0.000	0.000
Total Millage Levy	7.228	7.342	-0.114

Up until 2006-07, St. Johns County had experienced significant growth in taxable value of property. With the passage of Amendment 1 and the downturn of the economy, property assessments and new construction have been on the decline.

Since FY 2000-2001, the Florida Legislature has slowly shifted the majority of the funding for public education to the local property taxes. With the decline in state revenue, the Legislature has begun to reduce millage under local control and increase the Required Local Effort in order to fund basic education. **Also, the Legislature has shifted state funded categoricals to the FEFP formula where it is subject to local tax funding.**

In order to continue to fund basic education, the Legislature reduced local controlled millage and moved it to the Required Local Effort. This shift has reduced the Local Capital Improvement Millage from 2.00 mills to 1.50, which reduces the District's ability to fund growth for construction.

This year's proposed tax levy is \$159,134,801.00.

Millage Overview

The Required Local Effort Millage is an appropriated amount set by the Florida Department of Education. The School Board must levy this amount in order to receive state funding.

The Required Local Effort Millage Prior Year Adjustment is an appropriated amount set by the Florida Department of Education. This millage is levied if the prior period Unrealized Required Local Effort funds are greater than zero. The District is required to levy this amount.

Basic Discretionary Millage is used by the School Board to support the general operation of the district. Though this millage is optional, it is an integral part of the Operating Budget.

In FY 2009-10, the Legislature further reduced the Capital Outlay Millage by .25 and added it to the Discretionary Millage. The Discretionary Millage is now set at .748 mills.

For FY 2009-10, the Legislature eliminated the Supplemental .25 Mill Levy, not to exceed \$100 per student. This .25 mills was added to the Required Local Effort Millage.

A (**new**) Supplemental Discretionary Millage was established in FY 2009-10 by the Legislature and gave the school districts the option to levy an additional .25 Supplemental Millage for Critical Operating or Capital Outlay needs. This Supplemental Discretionary Millage was eliminated in FY 2011-12.

The Capital Improvement Millage is an amount levied to support the construction, maintenance and equipping of our schools. Its uses and implementation are set by the School Board. Since FY 1994-95, this millage was capped at 2.00 mills.

For FY 2008-09, the Legislature capped this millage at 1.750. The difference was used to help offset the increase in the Required Local Effort (RLE) to fund the FEFP formula.

In FY 2009-10, the millage was further reduced by .25 mills and added to the Discretionary Millage.

Page 116 outlines the history of these changes.

Advertisement of Tentative Budget and Millage Rates

The Superintendent is responsible for recommending a tentative budget and proposed ad valorem property tax millage rate to the School Board. By law, the School Board must advertise a tentative budget and the proposed millage rate in a daily newspaper of general circulation in the county within 29 days after receiving the certification from the Property Appraiser. The advertisements contain a budget summary, proposed millage rates, notice of budget hearing or notice of proposed tax increase, and a notice of tax for school capital outlay. The advertisements were published in the *St. Augustine Record* on July 26, 2015. **The Tentative Budget Hearing was held on July 30, 2015, at 5:30 p.m. in the School Board Auditorium.**

The Second (Final) Public Hearing

The second public hearing is required to be held at least 65 days, but not sooner than 60 days, after receiving the tax certification from the Property Appraiser. After this public hearing, the School Board adopts the final budget and a resolution stating the ad valorem property tax millage rates to be levied. **The Final Public Hearing is scheduled for September 15, 2015, at 5:30 p.m. in the School Board Auditorium.**

Accounting and Auditing System

Generally, accepted accounting principles are used in the financial accounting and reporting of the Board. These generally accepted accounting principles are promulgated and published by the Governmental Accounting Standards Board (an independent, non-governmental body). The Governmental Accounting Standards Board is the recognized authority on specific application of generally accepted accounting principles to governmental agencies.

The Board uses an account classification system specified in Financial and Program Cost Accounting and Reporting for Florida Schools. Staffs within the Financial Management Section of the Florida Department of Education review and the Commissioner of Education approves the School Board's annual budget.

The Florida Department of Education conducts regular financial compliance reviews of the Board to ensure compliance with state regulations. In conjunction with this, the Financial Management Section of the Florida Department of Education reviews the cost reporting system of each district to ensure that the procedures and policies outlined in the Financial and Program Cost Accounting and Reporting for Florida Schools are being properly implemented by the Board.

The Office of the Florida Auditor General or an Independent CPA Firm conducts an audit of the school district on an annual basis. This audit includes all federal and state programs within the district. The Florida Department of Education offers technical assistance to the Board to remedy any problems identified by the auditors.

The Board also contracts with an independent certified public accounting firm to perform its own internal audit functions, and has appointed community members to serve as an audit committee.

State Retirement Program

The Board does not administer a separate retirement plan for its officers and employees. However, pursuant to law, all employees are, with minor exceptions, members of defined retirement plans of the State of Florida administered by the Florida Department of Administration, Division of Retirement. The retirement plans of the State of Florida consist of contributory and non-contributory benefit plans. The plans' accounting and funding policies, actuarial present value of accumulated plan benefits, net assets available for benefits and other plan-related matters are the responsibility of the Florida Department of Administration, Division of Retirement, and are not computed on an individual agency basis.

HB 41 – Hazardous Walking Conditions

By Education Committee, Education Appropriations Subcommittee, Local Government Affairs Subcommittee, and Metz

AMENDS: Sections 1006.23 and 1012.45, F.S.

EFFECTIVE: July 1, 2015

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

This act may be cited as “Gabby’s Law for Student Safety.” The bill amends s. 1006.23, F.S. to revise and expand upon the criteria and procedures used to identify and correct a hazardous walking condition and amends s. 1012.45, F.S., to authorize the implementation of safe driver toll-free telephone hotline.

The bill amends and adds to the existing conditions that may constitute a hazardous walking condition. For walkways parallel to the road, the bill:

- Revises the requirement for an area at least 4 feet wide adjacent to the road upon which students may walk by specifically excluding drainage ditches, sluiceways, swales, or channels, from any calculation of that 4 foot area;
- Reduces the speed limit, from 55 miles per hour to 50 miles per hour or greater, for uncurbed roads requiring that the 4 foot wide walkway be set back 3 feet from the edge of the uncurbed road; and
- Eliminates the exception to these requirements for a residential area which has little or no transient traffic.

The bill also creates new criteria for “crossings over the road” to provide that a hazardous walking condition is considered to exist at any uncontrolled crossing site which students must use to walk to and from school if the road has a posted speed limit of 50 miles per hour or greater, or the road has six lanes or more, not including turn lanes, regardless of the speed limit.

The bill amends the process for inspection of a perceived hazardous walking condition to provide that, upon a request for review from the district school superintendent, the alleged hazardous condition must be inspected jointly by:

- A representative of the school district;
- A representative of the state or local governmental entity with jurisdiction over the perceived hazardous location;
- A representative of the municipal police department for a municipal road, a representative of the sheriff’s office of a county road, or a representative of the Department of Transportation for a State road; and
- If the jurisdiction is within an area for which there is a metropolitan planning organization, a representative of that organization.

If the governmental representatives concur that a condition constitutes a hazardous walking condition, the governmental entity with jurisdiction must report that determination in writing to the district school superintendent, who must initiate a formal request for correction. However, if the governmental representatives are unable to reach a consensus, the reasons for lack of a consensus must be reported to the district school superintendent, who must provide a report and recommendation to the district school

board. In this case, the bill provides that the district school board may initiate a declaratory judgment action under Chapter 86, F.S. Prior to pursuing such a legal judgement, the district school board must provide at least 30 days' notice, in writing, to the governmental entity having jurisdiction over the road of its intent to do so. If such a proceeding is initiated, the district school board has the burden of proving such condition by the greater weight of evidence. If the district school board prevails, the district school superintendent must report the outcome to the Department of Education and initiate a formal request for correction of the hazardous walking condition.

The bill provides that, upon a determination that a hazardous walking condition exists, the district school superintendent must request a position statement with respect to correction of the condition from the state or local governmental entity with jurisdiction over the road. Within 90 days after receiving such request, the governmental entity must inform the district school superintendent whether the entity will include correction of the hazardous walking condition in its next annual 5-year transportation work program and, if so, when correction of the condition will be completed. If the hazardous walking condition will not be included in the next annual 5-year transportation work program, the factors justifying such conclusion must be stated in writing to the district school superintendent and the Department of Education.

The bill specifies that, if a civil action for damages brought against a governmental entity under s. 768.28, F.S., relating to tort claims, the designation of a hazardous walking condition is not admissible in evidence. In addition, the bill specifies that the amendments to s. 1006.23, F.S., do not prohibit a district school board and other governmental entities from entering into an interlocal agreement pursuant to s. 163.31777, F.S., relating to growth management, that addresses the identification and correction of hazardous walking conditions, if such agreement:

- Implements the Safe Paths to Schools Program as provided in s. 335.066, F.S.; or
- Establishes standards for the safety of students walking to school and procedures for identifying and correcting hazardous walking conditions that meet or exceed the standards and procedures provided in the bill.

Finally, the bill amends s. 1012.45, F.S., to provide that each district school board may implement a safe driver toll-free telephone hotline for motorists or others who observe improper driving or operation by a school bus driver to report such violations to the district school board for investigation and corrective or disciplinary action by the school board.

HB 133 – Sexual Offenses

By Civil Justice Subcommittee and Plasencia

AMENDS: Sections 775.15, 847.0141, and 985.0301, F.S.

EFFECTIVE: July 1, 2015

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

This act may be cited as the “43 Days Initiative Act.” The bill addresses the statute of limitation on sexual battery, the punishment schedule for sexting, and the jurisdiction of the circuit court in certain cases involving minors.

The bill amends s. 775.15, F.S., relating to the statute of limitation, by extending the current statute of limitation, from 4 years to 8 years, for a first or second degree felony sexual battery when the victim is 16 years of age or older and does not report the crime within 72 hours. The bill applies to any such offense retroactively to previously committed offenses as long as the statute of limitation has not run out on these offenses prior to July 1, 2015.

The bill amends s. 847.0141, F.S., relating to the punishment schedule for the offense of sexting, by including the issuance of a citation for first violations, which are classified as noncriminal violations. The bill specifies that, for a first violation of sexting, the minor must sign and accept a citation indicating a promise to appear before the juvenile court. In lieu of appearing in court, the minor may complete 8 hours of community service work, pay a \$60 civil penalty, or participate in a cyber-safety program, if such a program is locally available. The minor must satisfy any penalty within 30 days after receipt of the citation.

The bill provides that, if the citation is contested and the court determines that the minor committed a noncriminal violation of sexting, the court may order the minor to perform 8 hours of community service, pay a \$60 civil penalty, or participate in a cyber-safety program. If the minor fails to comply with the citation, the minor waives the right to contest it and the court may order the minor to perform community service, pay a fine, participate in a cyber-safety program, or initiate contempt proceedings. Upon a finding of contempt, the court may impose additional penalties, such as suspending the minor's driver license, but the court may not impose incarceration. The bill also requires 80% of all civil penalties received by a juvenile court pursuant to the citation process outlined above to be remitted by the clerk of the court to the county commission to provide training on cyber safety for minors. The remaining 20% must remain with the clerk of the court to defray administrative costs.

Finally, the bill amends s. 985.0301, F.S., to specify that a circuit court has exclusive original jurisdiction over proceedings in which a minor is alleged to have committed a noncriminal violation that has been assigned to juvenile court by law.

SB 290 – Carrying a Concealed Weapon or Firearm / Evacuations

By Rules Committee, Criminal Justice Committee, and Brandes

AMENDS: Section 790.01, F.S.

EFFECTIVE: Upon becoming a law

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

The bill amends s. 790.01, F.S., to provide an exemption from criminal penalties for carrying a concealed weapon or firearm under certain circumstances. The bill provides the exemption to allow a person who lawfully possesses a weapon or firearm to carry a concealed weapon or firearm on or about his or her person while in the act of evacuating during a mandatory evacuation order issued during a state of emergency declared by the Governor or declared by a local authority. As used in this context, the term “in the act of evacuating” means the immediate and urgent movement of a person away from the evacuation zone within 48 hours after a mandatory evacuation is ordered. The 48 hours may be extended by an order issued by the Governor.

HB 361 – Military Housing Ad Valorem Tax Exemptions

By Local & Federal Affairs Committee, Finance & Tax Committee, Trumbull, and Smith

AMENDS: Section 196.199, F.S.

EFFECTIVE: July 1, 2015

The bill amends s. 196.199, F.S., relating to tax exemptions on government property, to provide that property of the United States that is currently exempt from taxation includes leasehold interests of and improvements affixed to land if the leasehold interest and improvements are used pursuant to the Military Housing Privatization Initiative of 1996. The bill exempts the actual housing units and directly-related facilities, such as housing maintenance facilities, housing management offices, parks and recreational facilities. The bill provides that it does not apply to public lodging establishments and does not affect existing agreements for municipalities or counties to provide municipal services. The provisions of the bill apply retroactively to January 1, 2007.

SB 378 – Juvenile Justice

By Criminal Justice Committee, Garcia, and Gibson

AMENDS: Section 985.12, F.S.

EFFECTIVE: October 1, 2015

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

The bill amends s. 985.12, F.S., relating to the use of civil citations for youth who commit a misdemeanor. The bill authorizes law enforcement to issue a simple warning to the youth or inform the youth's parents of the misdemeanor, as well as issue a civil citation or require participation in a similar diversion program. In addition, the bill provides that the use of a civil citation or participation in a similar diversion program is not limited to first-time misdemeanors and may be used in up to two subsequent misdemeanors. The bill also provides that, if an arrest is made, law enforcement must provide written documentation as to why the arrest was warranted.

SB 408 – Designated Areas for Skateboarding, Inline Skating, Paintball, or Bicycling

By Simmons

AMENDS: Section 316.085, F.S.

EFFECTIVE: July 1, 2015

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

The bill revises provisions relating to the limitation of liability for damages or injuries on property owned or controlled by a governmental entity, including a school district, that has specifically designated an area for skateboarding, inline skating, paintball, or freestyle or mountain and off-road bicycling. If the governmental entity has specifically designated such an area for paintball or mountain and off-road bicycling, the bill retains the requirement for each such governmental entity to post a rule in each specifically designated area for paintball or mountain and off-road bicycling which indicates that a child under 17 years of age may not engage in such activities until the governmental entity has obtained written consent, in a form acceptable to the governmental entity, from the child's parent or legal guardian. In effect, the bill eliminates the requirement that a governmental entity obtain a consent form from the parent of a child who uses a public skate park or area set aside for skateboarding, inline skating, or freestyle bicycling as a condition of limiting the governmental entity's liability for damages or injuries.

SB 538 – Disclosure of Sexually Explicit Images

By Rules Committee, Criminal Justice Committee, and Simmons

AMENDS: Sections 901.15 and 933.18, F.S.

CREATES: Section 784.049, F.S.

EFFECTIVE: October 1, 2015

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

The bill creates s. 784.049, F.S., to prohibit a person from willfully and maliciously sexually cyberharassing another person. The bill provides legislative findings relating to the expectation of privacy, the practice of posting sexually explicit images on the internet without consent, and the infliction of emotional distress and significant psychological harm.

The bill defines “sexually cyberharass” as publishing a sexually explicit image of a person that contains or conveys the personal identification information of the depicted person to an Internet website without such person’s consent, for no legitimate purpose, and with the intent to cause substantial emotional distress to such person. The bill provides that a person who commits sexual cyberharassment commits a first degree misdemeanor and a second or subsequent violation by a person with a prior conviction for sexual cyberharassment is a third degree felony.

The bill authorizes an aggrieved person to initiate a civil action against a person who commits sexual cyberharassment to obtain all appropriate relief in order to prevent or remedy a violation. This relief includes injunctive relief, monetary damages to include \$5,000 or actual damages incurred, whichever is greater, and reasonable attorney fees and costs. The bill specifies that sexual cyberharassment is considered to be committed in Florida if any conduct that is an element of the offense, or any harm to the depicted person resulting from the offense, occurs within the state.

The bill amends s. 901.15, F.S., to provide that a law enforcement officer may arrest a person without a warrant when there is probable cause to believe that the person has committed a criminal act of sexual cyberharassment. The bill also amends s. 933.18, F.S., to provide no search warrant of a private dwelling may be issued unless, among other things, an instrumentality or means by which sexual cyberharassment has been committed or evidence relevant to proving that sexual cyberharassment has been committed is contained therein.

HB 541 – Athletic Trainers

By Health Quality Subcommittee and Plasencia

AMENDS: Sections 456.0135, 468.70, 468.701, 468.703, 468.705, 468.707, 468.709, 468.711, 468.713, 468.715, 468.717, 468.719, and 468.723, F.S.

EFFECTIVE: January 1, 2016

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

The bill amends sections 468.7 - 468.723, F.S., to update the regulations relating to athletic trainers. The bill amends several definitions, including the following:

- “Athletic trainer” is defined to mean a person licensed and has met the requirements, including education requirements, set forth by the Commission on Accreditation of Athletic Training Education or its successor and necessary credentials from the Board

of Certification. An individual who is licensed as an athletic trainer may not provide, offer to provide, or represent that he or she is qualified to provide any care or services that he or she lacks the education, training, or experience to provide, or that he or she is otherwise prohibited by law from providing.

- "Athletic training" is defined to mean service and care provided by an athletic trainer under the direction of a physician. Such service and care must relate to the prevention, recognition, evaluation, management, disposition, treatment, or rehabilitation of a physically active person who sustained an injury, illness, or other condition involving exercise, sport, recreation, or related physical activity. For the provision of such care and services, an athletic trainer may use physical modalities, including, but not limited to, heat, light, sound, cold, electricity, and mechanical devices.

The bill requires a person who applies for licensure on or after July 1, 2016 to undergo background screening and authorizes the Board of Athletic Trainers (Board) to require background screening for others seeking renewal of their license or undergoing disciplinary action. The bill requires applicants to obtain a baccalaureate degree from a college or university professional athletic training degree program accredited by the Commission on Accreditation of Athletic Training Education or its successor, and to pass the national examination to be certified by the Board of Certification. In addition, the bill requires all applicants to have current certification in both cardiopulmonary cardiovascular pulmonary resuscitation and the use of an automated external defibrillator. The bill also specifies that it is a first degree misdemeanor for a person to practice athletic training, represent oneself as an athletic trainer, or provide athletic trainer services to a patient without being licensed.

The bill requires the athletic trainer to work under the direction of a physician. The physician must communicate his or her direction through oral or written prescriptions or protocols as deemed appropriate by the physician for the provision of services and care by the athletic trainer. An athletic trainer must provide service or care in the manner dictated by the physician. The bill directs the Board to adopt rules relating to mandatory requirements and guidelines for communication between the athletic trainer and a physician, including the reporting to the physician of new or recurring injuries or conditions.

HB 565 – Retirement

By Government Operations Subcommittee and Beshears

AMENDS: Section 121.055, F.S.

EFFECTIVE: July 1, 2015

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

The bill provides that, effective July 1, 2015, and every 5 years thereafter, each local agency employer may, between July 1 and December 31, reassess its designation of positions for inclusion in the Senior Management Service Class and may request removal from the class of any such positions that it deems appropriate. Such removal of any previously designated positions will be effective on the first day of the month following written notification of removal to the division before January 1.

SB 642 – Individuals with Disabilities

By Banking & Insurance Committee and Benacquisto

AMENDS: Sections 222.22 and 1009.971, F.S.

CREATES: Sections 1009.985 and 1009.986, F.S.

EFFECTIVE: Upon becoming a law

The bill creates the Florida Achieving a Better Life Experience (ABLE) program to align with the federal ABLE Act of 2014 which authorizes states to establish ABLE accounts that resemble the federal 529-college savings plans that are tax-advantaged savings accounts. The bill directs the Florida Prepaid College Board (Prepaid Board) to create Florida ABLE, Inc., as a direct support organization that must be organized as a not-for-profit corporation. The board of directors of Florida ABLE, Inc. must include the Chair of the Prepaid Board, one member appointed by the Prepaid Board, one member appointed by the Governor, one member appointed by the President of the Florida Senate, and one member appointed of the Speaker of the Florida House.

The bill provides that Florida ABLE, Inc. would operate under a contract with the Prepaid Board and is required to implement the Florida ABLE Program on or before July 1, 2016. In addition, the Agency for Health Care Administration, as the state Medicaid agency, would be a creditor of ABLE accounts. Upon the death of a designated beneficiary of an account, and subject to any outstanding payments due for qualified disability expenses, all amounts remaining in the account would be distributed to a state Medicaid program.

[NOTE: SB 642 is linked to two related bills that would become effective upon, and are contingent upon, SB 642 becoming a law. [SB 644](#) creates the Florida ABLE Program Trust Fund to hold appropriations and moneys for the Florida ABLE program. [SB 646](#) creates a public records exemption for specified personal financial and health information.]

SB 778 – Local Government Construction Preferences

By Governmental Oversight & Accountability Committee, Community Affairs Committee, and Hays

CREATES: Section 255.0991, F.S.

EFFECTIVE: July 1, 2015

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

The bill provides that, for a competitive solicitation for construction services in which 50% or more of the cost will be paid from state-appropriated funds appropriated at the time of the competitive solicitation, a state college, county, municipality, school district, or other political subdivision may not use a local ordinance or regulation that provides a preference based upon the contractor:

- Maintaining an office or place of business within a local jurisdiction;
- Hiring employees or subcontractors from within a local jurisdiction; or
- Making payment of local taxes, assessments, or duties within a local jurisdiction.

A state college, county, municipality, school district, or other political subdivision is required to disclose in the solicitation document that a local preference is not in effect for any project for which the prohibitions contained within the bill apply.

SB 954 – Involuntary Examinations of Minors

By Fiscal Policy Committee and Garcia

AMENDS: Sections 381.0056, F.S., 394.4599, 1002.20, and 1002.33, F.S.

EFFECTIVE: July 1, 2015

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

The bill amends s. 381.0056, F.S., relating to school health services. The bill expands the provisions that must be included in a school health services plan by adding a provision for the immediate notification to a student's parent, guardian, or caregiver if the student is removed from school, school transportation, or a school-sponsored activity and taken to a receiving facility for an involuntary examination pursuant to s. 394.463, F.S., relating to mental illness. The bill also amends s. 394.4599, F.S., to require a receiving facility to immediately notify a minor's parent, guardian, caregiver, or guardian advocate after the minor's arrival at the facility and to make repeated attempts at such notification until confirming that notice has been received.

The bill amends s. 1002.20, F.S., relating to student and parent rights with regard to health issues to provide that the public school principal or the principal's designee must immediately notify the parent of a student who is removed from school, school transportation, or a school-sponsored activity and taken to a receiving facility for an involuntary examination pursuant to s. 394.463, F.S. The principal or the principal's designee may delay notification for no more than 24 hours after the student is removed if the principal or designee deems the delay to be in the student's best interest and if a report has been submitted to the central abuse hotline, pursuant to s. 39.201, F.S., based upon knowledge or suspicion of abuse, abandonment, or neglect. The bill requires each district school board to develop a policy and procedures for notification as required by the bill. The bill also amends s. 1003.33, F.S., relating to charter schools, to mirror these notification provisions and to require each charter school governing board to develop a policy and procedures for notification as required by the bill.

SB 982 – Florida Civil Rights Act

By Thompson

AMENDS: Sections 509.092, 760.01, 760.05, 760.07, 760.08, 760.10, and 760.11, F.S.

EFFECTIVE: July 1, 2015

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

This bill amends several sections of chapter 760, F.S., relating to the Florida Civil Rights Act to expressly prohibit discrimination on the basis of pregnancy in education, employment, housing, and public accommodation. The bill also reenacts s. 760.11(1), F.S., relating to administrative and civil remedies to incorporate amendments made by the bill that relate to unlawful employment practices. In effect, this codifies a Florida Supreme Court decision that found that discrimination based on pregnancy in employment practices was subsumed in current prohibition on discrimination based on sex contained in the Florida Civil Rights Act.

SB 984 – Exemption from Legislative Lobbying Requirements

By Braynon

AMENDS: Section 11.045, F.S.

EFFECTIVE: July 1, 2015

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

The bill amends s. 11.045, F.S. relating to lobbying before the Legislature to provide that the term “expenditure” does not include the use of a public facility or public property that is made available by a governmental entity to a legislator for a public purpose, regardless of whether the governmental entity is required to register a person as a lobbyist.

SB 1312 – Strategic Lawsuits Against Public Participation

By Judiciary Committee and Simmons

AMENDS: Section 768.295, F.S.

EFFECTIVE: July 1, 2015

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

A strategic lawsuit against public participation (SLAPP) is one ostensibly brought to redress a wrong, such as an invasion of privacy, a business tort, or an interference with a contract, but actually brought to silence one or more critics. Currently, s. 768.295, F.S., prohibits governmental entities from filing SLAPP suits and provides for the expedited resolution of lawsuits alleged to violate the anti-SLAPP provisions. The bill expands the application of the anti-SLAPP provisions by more broadly prohibiting lawsuits filed in retaliation against a person who engaged in otherwise protected free speech. Specifically, the bill protects “free speech in connection with public issues” and defines that term to mean any written or oral statement that is protected under applicable law and is made:

- Before a governmental entity in connection with an issue under consideration or review by a governmental entity, or
- In connection with the publication of a play, movie, or other similar work of art.

In addition, the bill includes a person in the prohibition against bringing a SLAPP suit and in the provisions for expedited resolution of a lawsuit claimed to be a SLAPP suit.

HB 7019 – Workforce Services

By Economic Affairs Committee, Economic Development & Tourism Subcommittee, and Drake

AMENDS: Several sections of Florida Statutes

CREATES: An unnumbered section of Florida Statutes

EFFECTIVE: Upon becoming a law

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

The bill changes the name of Workforce Florida, Inc. to CareerSource Florida, Inc., throughout Florida Statutes. In addition, the bill creates a 20-member task force to develop recommendations for the state’s plan for implementing the federal Workforce Innovation and Opportunity Act of 2014 (WIOA). The task force must organize by June 1, 2015 with administrative support provided by CareerSource Florida, Inc. The recommendations of the task force must include:

- A review of the current workforce service delivery system and recommendations for inclusiveness of programs;
- A regional planning design;
- A one-stop service delivery design;
- A plan for integrating economic development, workforce development, and the state's education system; and
- A plan for developing sector strategies and career pathways.

The task force must submit its recommendations in a report to the Governor, President of the Senate, and Speaker of the House by December 1, 2015. CareerSource Florida, Inc. must incorporate the recommendations in the approved state plan required under WIOA, which must be submitted to the United States Department of Labor, with copies to the Governor, President of the Senate, and Speaker of the House. The task force is abolished June 30, 2016, or at an earlier date as provided by the task force.

SB 7024 – State Board of Administration

By Governmental Oversight & Accountability Committee

AMENDS: Section 218.421, F.S.

REPEALS: Section 121.153, F.S.

EFFECTIVE: July 1, 2015

The bill amends s. 218.421, F.S., to direct the State Board of Administration (SBA) to distribute any residual balance in the Fund B Surplus Funds Trust Fund to each participant in the Local Government Surplus Funds Trust Fund who had been entitled to, but had not received, a November 2007 interest payment on invested funds at any time during that month. The amount paid to such participants must be based on each participant's proportional share of the total November 2007 interest earned by such participants in the Local Government Surplus Funds Trust Fund which was not paid out but transferred to the Fund B Surplus Funds Trust Fund in order to maximize the payout of principal.

The bill also repeals the current limitation on the authority of the SBA to invest the funds of the Florida Retirement System Trust Fund in institutions doing business in or with Northern Ireland.

HB 7069 – Education Accountability

By Education Appropriations Subcommittee, Education Committee, and O'Toole

AMENDS: Sections 1001.42, 1002.20, 1003.4156, 1003.4282, 1003.4285, 1003.621, 1008.22, 1008.24, 1008.25, 1008.30, 1008.34, 1012.34, and 1012.98, F.S.

REPEALS: Section 1012.3401, F.S.

EFFECTIVE: April 14, 2015

THIS BILL COULD HAVE SCHOOL BOARD POLICY IMPLICATIONS

The bill revises requirements for setting the opening date of school, revises state and local assessment requirements, revises student progression provisions, revises school grading criteria, revises criteria and procedures for evaluating instructional personnel and school administrators, and generally provides greater local authority and flexibility with regard to assessment and accountability provisions.

Opening Date of School

The bill amends s. 1001.42, F.S., relating to the powers and duties of school boards, to set the opening date of school as no earlier than August 10. The bill also amends s. 1003.621, F.S., relating to high performing school districts, to require a high performing school district to comply with this limitation on the opening date of school.

Student Assessment

The bill amends s. 1002.20, F.S., by removing the requirement for an elementary school to regularly assess the reading ability of K-3 students and removing the title of “progress monitoring” with regard to .

The bill makes several amendments to s. 1008.22, F.S., and amends other sections of law to conform with these changes. Specifically, the bill:

- Adds to the purpose of the student assessment program to provide that, when available, instructional personnel must be provided with information on student achievement of standards and benchmarks in order to improve instruction.
- Deletes the requirement that the statewide, standardized English Language Arts (ELA) assessment be administered to students in grade 11. To conform with this provision, the bill amends s. 1003.4285, F.S., by deleting the requirement to take and pass the Grade 11 ELA in order to earn the scholar designation on the high school diploma.
- Provides that statewide, standardized End-of-Course (EOC) assessments for Algebra I, Geometry, Algebra II, Biology I, U.S. History, and Civics must be administered to students enrolled in such courses as specified in the course code directory.
- Specifies that students enrolled in a course with an associated statewide EOC assessment must take the EOC assessment for the course and may not take the corresponding subject or grade-level statewide, standardized assessment.
- Provides that s. 1003.4156, F.S., relating to middle grades promotion, and s. 1003.4282, F.S., relating to requirements for a standard high school diploma, govern the use of statewide, standardized EOC assessment results for students. Among other things, these sections of law provide that the EOC assessment results constitute 30% of each student’s final course grade.
- Retains the requirement that statewide, standardized assessments be delivered through computer-based format and provides an implementation schedule such that computer-based testing for the grade 3 ELA assessment will begin in the 2017-2018 school year, the grades 3 and 4 mathematics assessments will begin in the 2016-2017 school year, and the grade 4 ELA assessment will begin in the 2015-2016 school year.
- Revises provisions relating to assessment scores and achievement levels to provide that all statewide, standardized EOC assessments and ELA, Math, and Science assessments must use scaled scores and achievement levels, with achievement levels ranging from 1 through 5. Reference to the Writing assessment scale scores is deleted since the writing assessment is included as part of the ELA assessment.

- Moves and revises provisions relating to the reporting of results to provide that any contract with a vendor for assessments requires that student's performance results on statewide, standardized assessments, EOC assessments, and Florida Alternative Assessments (FAA) must be provided to the student's teachers and parents by the end of the school year, unless the commissioner determines that extenuating circumstances exist and reports the extenuating circumstances to the State Board of Education (SBE). This provision does not apply to existing contracts for such assessments, but shall apply to new contracts and any renewal of existing contracts for such assessments.
- Requires that, if applicable, DOE must collect liquidated damages that are due in response to the administration of the spring 2015 computer-based assessments of the Florida Standards Assessment contract with American Institutes for Research, and expend the funds to reimburse parties that incurred damages.
- Amends provisions relating to local assessment of student performance to:
 - Retain the requirement that measurement of student performance on state standards is the responsibility of school districts, except in those subjects and grade levels measured under the statewide, standardized assessment program;
 - Delete reference to local assessment of "all subjects and grade levels" not measured by statewide, standardized assessments;
 - Delete the specific list and related requirements of the assessments that could be used as local assessments; and
 - Retain the requirement that the commissioner assist districts in measuring student performance on state standards by maintaining a statewide item bank, but authorizes the commissioner to discontinue the item bank if district participation is insufficient for its sustainability.
- Requires that a statewide, standardized EOC assessment must be used as the final cumulative examination for its associated course and no additional final assessment may be administered in a course with a statewide, standardized EOC assessment. A district-required local assessment may be used as the final cumulative examination for courses that do not have a statewide, standardized EOC in accordance with the school district's policy.
- Requires a school district to provide a student's performance results on district-required local assessments to the student's teachers and parents no later than 30 days after administering such assessments, unless the superintendent determines in writing that extenuating circumstances exist and reports the extenuating circumstances to the district school board.
- Requires the commissioner to establish schedules for administration of statewide assessments and reporting of results. The schedules must consider religious and school holidays and must provide the earliest possible reporting of assessment results and, except for the 2014-2015 school year, results for the FSA and standardize EOC assessments must be made available no later than the week of June 8. School districts must administer statewide assessments in accordance with the schedule established by the commissioner.

- Provides that, beginning in 2016, by August of each year, the commissioner must publish on the DOE website a uniform calendar that includes the assessment and reporting schedules for the next 2 school years. The uniform calendar must be provided to districts in an electronic format that allows each school district and public school to populate the calendar with the following information:
 - Whether the assessment is a district or state-required assessment.
 - Specific assessment administration dates.
 - The time allotted to administer each assessment.
 - Whether assessment is a computer-based or paper-based assessment.
 - The grade level or subject area associated with the assessment.
 - The date the assessment results expected to be available to teachers and parents.
 - The type and purpose of the assessment, and the use of assessment results.
 - A glossary of assessment terminology.
 - Estimates of average time for administering state-required and district-required assessments, by grade level.
- Requires each district to establish schedules for the administration of any statewide, standardized assessments and district-required assessments and approve the schedules as an agenda item at a district school board meeting. The testing schedules must be published on the district website, using the uniform calendar and required information listed above. The schedule must also be submitted to DOE by October 1 of each year. The uniform calendar also must be included in the parent guide required by s. 1002.23(5), F.S.
- Prohibits a school district from scheduling more than 5% of a student's total school hours in a school year to administer statewide, standardized assessments and district-required local assessments. The district must secure written consent from a student's parent before administering district-required local assessments that, after applicable statewide, standardized are scheduled, exceed the 5% test administration limit.
- Provides that the 5% test administration limit may be exceeded, as needed, to provide test accommodations required by an IEP or for ELL students. In addition, a student may choose to take an examination or assessment adopted by SBE rule and s. 1007.27, F.S., relating to acceleration mechanisms, s. 1008.30, F.S., relating to common placement testing, and s. 1008.44, F.S., relating to CAPE industry certification.
- Requires the SBE to adopt rules for the development of the uniform calendar that, at minimum, define terms that must be used in the calendar to describe various assessments, including the terms "summative assessment," "formative assessment," and "interim assessment."

The bill amends s. 1008.24, F.S., relating to test administration to authorize the use of paraprofessionals to administer and proctor state assessments or assessments associated with the Florida Approved Courses and Tests initiative. The SBE must adopt rules that establish training requirements that must be completed by prior to performing these duties.

The bill also amends s. 1008.30, F.S., relating to common placement testing for public postsecondary education. The bill deletes the requirement that districts administer postsecondary readiness assessments and the requirement that certain 12th graders complete postsecondary preparatory instruction before high school graduation.

Student Remediation & Progression

The bill amends s. 1003.4156, F.S., relating to the general requirements for middle grades promotion, by deleting the requirements for remediation of a student who scores Level 1 or Level 2 on statewide assessments. Similarly, the bill amends s. 1003.4282, F.S., relating requirements for a standard high school diploma, by deleting requirements for remediation for a student scoring Level 1 or 2 on the state ELA assessment, state mathematics assessment, and/or state Algebra I EOC assessment.

The bill amends s. 1008.25, F.S., relating to public school student progression, to revise several requirements for intervention and remediation for students. This section of the bill:

- Amends requirements for the district student progression plan (Plan) to provide that the Plan must provide for progression from one grade to another based on the mastery of state standards, specifically for ELA, math, science, and social studies.
- Deletes the requirement that the Plan include specific levels of student performance below which a student must receive remediation, be retained, or given an alternative placement.
- Requires that the Plan include criteria that emphasizes student reading proficiency in K-3 and provide targeted instructional support for students with identified deficiencies in ELA, math, science, and social studies. High schools must use all available assessment results to advise students of any identified deficiencies and to provide appropriate postsecondary preparatory instruction before high school graduation. The evaluation results used to monitor progress must be provided to teachers and parents in a timely manner. When available, teachers must be provided with information on student achievement of standards and benchmarks to improve instruction.
- Provides that each student that does not achieve a Level 3 or above on the ELA or math assessment or the Algebra I EOC must be evaluated to determine the areas of academic need and strategies for academic supports to improve performance. A student who is not meeting the district or state requirements for satisfactory performance in ELA or math must be covered by a federally required student plan such as an IEP, an individualized progress monitoring plan, or a school-wide system of progress monitoring for all students, except students scoring Level 4 or above on the ELA and mathematics assessment may be exempted from participation by the principal.
- Requires that any student who exhibits a substantial deficiency in reading in K-3 must be given intensive reading instruction. The student's reading proficiency must be monitored and intensive instruction must continue until the student demonstrates grade level proficiency in a manner determined by the district, which may include achieving a Level 3 on the ELA assessment. To be promoted to grade 4, a student must score a Level 2 or higher on the grade 3 ELA assessment.

- Revises the good cause exemption from mandatory retention for limited English proficient students who have less than 2 years of instruction in an ESOL program to clarify that the 2 years of instruction is based on the initial date of entry into a school in the United States.
- Provides that students promoted during the school year after November 1 must demonstrate proficiency levels in reading equivalent to the level necessary for the beginning of 4th grade. SBE rules must include standards that provide a reasonable expectation that the students' progress is sufficient to master appropriate 4th grade reading skills.

Verification & Transition

The bill amends s. 1008.34, F.S. relating to the transition to new state standards and statewide, standardized assessments. With regard to turnaround options, the bill adds the provision that, if a school using a turnaround option improves at least one letter grade during the 2014-2015 school year, the school is released from implementation of the turnaround option.

With regard to student progression and graduation, the bill provides that, until such time as an independent verification of the psychometric validity of the statewide, standardized assessments first implemented in 2014-2015 is provided, for purposes of grade 3 ELA student performance and high school graduation requirements, student performance on the 2014-2015 statewide, standardized assessments will be linked to 2013-2014 student performance expectations. Students who score in the bottom quintile on the 2014-2015 grade 3 ELA assessment shall be identified as students at risk of retention. School districts must notify parents of such students, provide evidence as outlined in s. 1008.25(6)(b), F.S., relating to retention and good cause exemptions, and provide the appropriate intervention and support services for student success in grade 4.

The bill requires independent verification of the psychometric validity of the statewide, standardized assessments first implemented in 2014-2015 must be completed before the 2014-2015 school grades results may be published and before the student performance data resulting from such assessments may be used for purposes of instructional personnel and school administrator evaluations.

The independent entity must be selected by a 3-member panel consisting of appointees by the Governor, the President of the Senate, and the Speaker of the House. The panel must select the independent entity no later than June 1, 2015. Upon selection of the independent entity, DOE must immediately contract with the independent entity to perform the independent verification, which must be completed by September 1, 2015. The provisions relating to the independent verification are repealed December 31, 2015.

Personnel Evaluations

The bill amends s. 1012.34, F.S., relating to personnel evaluation procedures and criteria. With regard to DOE approval and reporting on district evaluations systems, the bill requires that annually, by February 1 (rather than December 1), the commissioner must publish on the DOE website the status of each district's instructional personnel and school administrator evaluation system. The bill adds to the information that must be provided to

include an analysis that compares performance evaluation results calculated by each school district to indicators of performance calculated by DOE using the standards for performance levels adopted by the SBE.

The bill amends evaluation system requirements to provide that, in addition to other requirements, evaluation systems must provide timely feedback to teachers and school administrators. The bill deletes the requirement that the commissioner consult with stakeholders in developing criteria for performance levels, deletes the requirement that the evaluation system include a process for monitoring and evaluating the effective and consistent use of the evaluation criteria by employees with evaluation responsibilities, and deletes the requirement for a process for monitoring and evaluating the effectiveness of the system itself in improving instruction and student learning.

The bill substantially revises performance evaluation criteria. As amended, the criteria must include:

- Performance of Students - At least one-third (rather than 50%) must be based on data and indicators of student performance in accordance with s. 1012.34(7), F.S. This portion of the evaluation must include growth or achievement data of the teacher's students or, for a school administrator, students attending the school over the course of at least 3 years. If less than 3 years of data are available, the years for which data are available must be used. The proportion of growth or achievement data may be determined by instructional assignment.
- Instructional practice – For instructional personnel, at least one-third of the performance evaluation must be based on instructional practice. Evaluation criteria used when annually observing classroom teachers must include indicators based upon each of the Florida Educator Accomplished Practices adopted by the SBE. For instructional personnel who are not classroom teachers, evaluation criteria must be based upon indicators of the Florida Educator Accomplished Practices and may include specific job expectations related to student support.
- Instructional leadership – For school administrators, at least one-third of the performance evaluation must be based on instructional leadership. Criteria must include indicators based upon each of the leadership standards adopted by the SBE. The system may include a means to give parents and instructional personnel an opportunity to provide input into the evaluation.
- Other indicators of performance – For instructional personnel and school administrators, the remainder of a performance evaluation may include, but is not limited to, professional and job responsibilities as recommended by the SBE or identified by the school board and, for instructional personnel, peer reviews, objectively reliable survey information from students and parents based on teaching practices that are consistently associated with higher student achievement, and other valid and reliable measures of instructional practice.

The bill requires that all personnel must be fully informed of the criteria, data sources, and methodologies and procedures associated with the evaluation process before the evaluation takes place.

With regard to measurement of student performance, the bill retains the current state formula (VAM) to measure individual student learning growth on the statewide, standardized ELA and mathematics assessments and the commissioner is authorized (rather than required) to select additional formulas to measure student performance on the remainder of statewide, standardized assessments.

Each district must measure student learning growth using the formulas approved by the commissioner and the standards for performance levels adopted by the SBE for courses associated with statewide, standardized assessments no later than the school year immediately following the year the formula is approved by the commissioner. For grades and subjects not assessed by statewide, standardized assessments, each district must measure student performance using a methodology determined by the district.

The bill provides that no later than August 1, 2015, the SBE must adopt rules to establish uniform procedures and format for the submission, review, and approval of district evaluation systems and reporting requirements for the annual evaluation of instructional personnel and school administrators. The rules also must provide specific discrete standards for each performance level based on student learning growth models approved by the commissioner, the measurement of student learning growth and associated implementation procedures, and a process for monitoring school district implementation of evaluation systems. The bill deletes the requirement for rules establishing student performance levels that if not met will result in an unsatisfactory performance evaluation or levels that must be met to receive an effective or highly effective rating.

Finally, the bill repeals s. 1012.3401, F.S. This section addressed requirements for measuring student performance for performance evaluations and to performance evaluation of personnel for purposes of performance salary schedule. The provisions of the section are duplicative or are contradictory to the amendments made to the bill.

SB 7078 – Child Welfare

By Fiscal Policy Committee and Children, Families, & Elder Affairs Committee

AMENDS: Sections 39.0215, 39.3068, 125.901, 383.402, 402.301, 402.302, 409.977, 409.986, 409.988, 435.02, and 1006.061, F.S.

EFFECTIVE: July 1, 2015

The bill makes a number of changes to provisions relating to the child welfare system. Of particular interest to school boards, the bill amends s. 383.402, F.S., relating to child abuse death reviews to establish local child abuse death review committees. These local committees will be convened in accordance with the protocols established by the State Child Abuse Death Review Committee. The membership of the local death review committees must be appointed by the county health department directors and must include, among others, a representative of the school district.

The bill also amends s. 1006.061, F.S., to require each district school board, charter school, and private school that accepts scholarship students to post in a prominent place in a clearly visible location and public area of the school which is readily accessible to and widely used by students a sign in English and Spanish that contains:

- The statewide toll-free telephone number of the central abuse hotline;
- Instructions to call 911 for emergencies; and
- Directions for accessing the Department of Children and Families Internet website for more information on reporting abuse, neglect, and exploitation.

This information must be put on at least one poster in each school, produced in large print, and placed at student eye level for easy viewing.

Other Bills of Interest

HB 153 – Literacy Jump Start Pilot Project / St. Lucie County

The bill creates an unnumbered section of Florida Statutes to require the Office of Early Learning to establish the 5-year Literacy Jump Start Pilot Project in St. Lucie County to assist low-income, at-risk children in developing emergent literacy skills. In order to facilitate parent and child access to services, the emergent literacy instruction must be delivered in a subsidized housing unit. The Project may also coordinate to provide basic health screening and immunization in conjunction with emergent literacy instruction.

HB 157 – Fraud

The bill amends statutes relating to fraudulent practices against individuals, corporations, and governments to provide broader protection against fraud and business or individual identity theft. Of particular interest, the bill prohibits a person from manufacturing articles that have the name of a city, county, or political subdivision, that is not the same name as the one in which such articles are manufactured.

SB 228 – Online Voter Registration

The bill directs the Division of Elections in the Department of State to develop an operational, online voter registration application system by October 1, 2017. The Division of Elections must develop security measures to prevent unauthorized tampering with a voter's registration information. The online voter registration application system must be designed to submit a voter registration application and update voter registration information and obtain information sufficient to establish an applicant's eligibility to vote. The system must also be able to generate an immediate electronic confirmation that the Supervisor of Elections has received the application and provide instructions on how to check the status of the application.

HB 435 – Administrative Procedures

The bill appears to apply to state-level agencies. The bill makes a number of changes to the Administrative Procedure Act which relate to a state agency's reliance on unadopted or invalid rules and the notices and information made available in the Florida Administrative Register and to the public.

HB 437 – Guardians for Disabled or Incapacitated Dependent Children

The bill creates a framework for identifying and appointing guardian advocates, limited guardians, and plenary guardians for children who have a developmental disability or are incapacitated who may require decision-making assistance beyond their 18th birthday. It also authorizes guardianship courts to exercise jurisdiction over these children to appoint guardian advocates, limited guardians, and plenary guardians.

HB 489 – Value Adjustment Board Proceedings

The bill alters the process for taxpayers to petition the Value Adjustment Board (VAB). The bill requires the clerk of the VAB to have available and to distribute petition forms, allows an owner of multiple items of tangible personal property to file a single, joint petition, and requires the property appraiser to include the property record card during the evidence exchange process even though the clerk of the VAB may have already provided it.

HB 461 – Independent Nonprofit Higher Education Facilities

The bill expands the types of projects that the Higher Education Facilities Financing Authority may finance for independent nonprofit higher education colleges and universities. The definition of the term “project” is expanded to include facilities such as a dining hall, student union, laboratory, athletic facility, health care facility, maintenance facility, storage or utility facility, and other structures or facilities required or useful for the instruction of students, the conducting of research, or the operation of an institution of higher education.

HB 553 – Public Libraries

The bill primarily addresses the Division of Library and Information Services (Division) within the Department of State. The Division is required to coordinate with the Division of Blind Services of the Department of Education in the provision of library services to the blind and physically handicapped persons. In addition, the bill establishes the State Publications Program requiring each state official, department, court, or agency to designate a state publications liaison who must maintain a list of their respective entity’s state publications and to furnish an updated list to the Division by December 31 of each year. Of interest to school districts, the bill amends s. 257.02, F.S., relating to the State Library Council. The duties of the State Library Council are expanded to include advising and assisting the Division with planning, policy, and priorities related to the development of statewide information services. In addition, the composition of the Council is modified to include, among others, one member to represent a school library media center.

SB 1216 – Community Development

The bill is an omnibus growth management bill that addresses several issues. Of interest, but not direct impact, to school districts, the bill eliminates one regional planning council (RPC) and repeals provisions relating to RPCs that have been completed or are duplicative or unnecessary. The bill also provides requirements that certain new projects go through the State Coordinated Review Process rather than the development of regional impact process.

HB 1253 – School District of Palm Beach County

The bill establishes the School District of Palm Beach County Business Partnership Recognition Program to authorize the school district to recognize its business partners by publicly displaying signs with the names of the business partners on school district property in the unincorporated areas of Palm Beach County. The bill provides limitations on the number, size, placement, and appearance of the signs, provides for the removal of any nonconforming recognition signs, and specifies that the provisions of the bill prevail if there is a conflict with county ordinances relating to signs in the unincorporated areas of the county.

HB 7001 – Intercepting and Recording Oral Communications

The bill creates an exception to the general prohibition against interceptions of oral communications. The bill allows a child who is under 18 years of age and a party to the communication to intercept and record an oral communication if the child has reasonable grounds to believe that recording the communication will capture a statement by another party to the communication and the statement by the other party is that he or she intends to commit, is committing, or has committed an unlawful sexual act or an unlawful act of physical force or violence against the child.

HB 7023 – Administrative Procedures

The bill applies to state-level agencies. Each state agency is required to determine whether each new law creating or affecting the agency's authority requires new or amended rules. If so, the agency must initiate rulemaking and if not, the agency must state why the law may be implemented without additional rulemaking. In addition, the bill revises the existing 180-day requirement to coincide with the specific publishing requirements for state agencies that consist of October 1 for the regulatory plan, November 1 for the rule development, and the following April 1 for the notice of proposed rule.

SB 7028 – Educational Opportunities for Veterans

The bill expands the Congressman C. W. "Bill" Young Veteran Tuition Waiver Program to provide out-of-state fee waivers to a person who is entitled to and uses educational assistance provided by the United States Department of Veterans Affairs for a quarter, semester, or term beginning after July 1, 2015, who physically resides in this state while enrolled in the institution. The bill also directs the Board of Governors and the State Board of Education to adopt regulations and rules to administer these provisions.

SPECIFIC APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Education as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay.

EDUCATION, DEPARTMENT OF
PROGRAM: EDUCATION - FIXED CAPITAL OUTLAY

The Legislature hereby finds and determines that the items and sums designated in Specific Appropriations 18 through 22, 25, 26, and 26A from the Public Education Capital Outlay and Debt Service Trust Fund constitute authorized capital outlay projects within the meaning and as required by section 9(a)(2), Article XII of the State Constitution, as amended, and any other law. In accordance therewith, the moneys in the following items are authorized to be expended for the enumerated authorized capital outlay projects.

The sum designated for each project is the maximum sum to be expended for each specified phase of the project from funds accruing under section 9(a)(2), Article XII of the State Constitution. The scope of each project shall be planned so that the amounts specified shall not be exceeded, or any excess in costs shall be funded by sources other than this appropriation. Such excess costs may be funded from the Public Education Capital Outlay and Debt Service Trust Fund only as a result of fund transfers pursuant to section 216.292 (4)(c), Florida Statutes. Each project shall be constructed on the site specified. If existing facilities and acquisition of new sites are a part of these projects, each such building and site must be certified to be free of contamination, asbestos, and other hazardous materials before the facility or site may be acquired. The provisions of section 216.301 (2), Florida Statutes, shall apply to all capital outlay funds appropriated

from the Public Education Capital Outlay and Debt Service Trust Fund for the Fiscal Year 2015-2016 in Specific Appropriations 18 through 22, 25, 26 and 26A.

Funds in Specific Appropriation 82 require a match from local sources for working poor eligible participants of six percent on child care slots. In-kind match is allowable provided there is not a reduction in the number of slots or level of services from the provision of in-kind match. The Office of Early Learning may adopt a policy to grant a waiver of the six percent match requirement to a rural county that demonstrates a significant hardship in meeting the match requirement. Progress towards meeting this requirement shall be monitored by the Office of Early Learning, and shall be considered satisfactorily attained if the six percent requirement is met on a statewide basis.

For the funds in Specific Appropriation 82, expenditures for Gold Seal Quality Expenditure payments shall be reported as Direct Services. The Office of Early Learning shall have the authority to reclassify Gold Seal Quality Expenditure payments by the Early Learning coalitions and statewide contractors to meet targeted federal requirements for improving the quality of infant and toddler child care to the extent allowable in the state's approved Child Care and Development Fund Plan.

Funds in Specific Appropriation 82 are provided for the School Readiness Program and are allocated to early learning coalitions as follows:

PROGRAM: STATE GRANTS/K-12 PROGRAM - FEFP

The calculations of the Florida Education Finance Program (FEFP) for the 2015-2016 fiscal year are incorporated by reference in SB 2502-A. The calculations are the basis for the appropriations made in the General Appropriations Act in Specific Appropriations 7, 8, 9, 90, and 91.

90

AID TO LOCAL GOVERNMENTS

GRANTS AND AIDS - FLORIDA EDUCATIONAL FINANCE PROGRAM

FROM GENERAL REVENUE FUND. 7,488,209,041

FROM STATE SCHOOL TRUST FUND.. . . . 51,038,902

Funds provided in Specific Appropriations 7 and 90 shall be allocated using a base student allocation of \$4,154.45 for the FEFP.

Funds provided in Specific Appropriations 7 and 90 for the supplemental allocation for juvenile justice education programs shall be allocated pursuant to the formula provided in section 1011.62(10), Florida Statutes. The allocation factor shall be \$1,238.32.

From the funds provided in Specific Appropriations 7 and 90, juvenile justice education programs shall receive funds as provided in section 1003.52(13), Florida Statutes. Up to \$341 per student may be used for high school equivalency examination fees for juvenile justice students who pass the high school equivalency exam in full, or in part, while in a juvenile justice education program and may be used for students in juvenile justice education programs to support equipment, specially designed curricula, and industry credentialing testing fees, for students enrolled in career and technical education (CTE) courses that lead to industry recognized certifications.

The district cost differential (DCD) for each district shall be calculated pursuant to the provisions of section 1011.62(2), Florida Statutes.

From the funds provided in Specific Appropriations 7 and 90, \$52,800,000 is provided for the Sparsity Supplement as defined in section 1011.62(7), Florida Statutes, for school districts of 24,000 and fewer FTE in the 2015-2016 fiscal year.

Total Required Local Effort for Fiscal Year 2015-2016 shall be \$7,605,422,572. The total amount shall include adjustments made for the calculation required in section 1011.62(4)(a) through (c), Florida Statutes.

The maximum nonvoted discretionary millage which may be levied pursuant to the provisions of section 1011.71(1), Florida Statutes, by district school boards in Fiscal Year 2015-2016 shall be 0.748 mills. This millage shall be used to calculate the discretionary millage compression supplement as provided in section 1011.62(5), Florida Statutes. To be eligible for the supplement, a district must levy the maximum.

Funds provided in Specific Appropriations 7 and 90 are based upon program cost factors for Fiscal Year 2015-2016 as follows:

1. Basic Programs	
A. K-3 Basic..	1.115
B. 4-8 Basic..	1.000
C. 9-12 Basic.	1.005
2. Programs for Exceptional Students	
A. Support Level 4..	3.613
B. Support Level 5..	5.258
3. English for Speakers of Other Languages.	1.180
4. Programs for Grades 9-12 Career Education.	1.005

From the funds in Specific Appropriations 7 and 90, \$959,182,058 is provided to school districts as an Exceptional Student Education (ESE) Guaranteed Allocation as authorized by law to provide educational programs and services for exceptional students. Funds provided for gifted educational programs and services must primarily be focused on advanced mathematics and science curriculum and enrichment with instruction provided by an in-field teacher. The ESE Guaranteed Allocation funds are provided in addition to the funds for each exceptional student in the per FTE student calculation. Each district's ESE Guaranteed Allocation for the 2015-2016 appropriation shall not be recalculated during the school year. School districts that provided educational services in 2014-2015 for exceptional students who are residents of other districts shall not discontinue providing such services without the prior approval of the Department of Education. Expenditure requirements for the ESE Guaranteed Allocation shall be as prescribed in section 1010.20(3), Florida Statutes, for programs for exceptional students.

From the funds provided in Specific Appropriations 7 and 90, the value of 43.35 weighted FTE students is provided to supplement the funding for severely handicapped students served in ESE programs 254 and 255 when a school district has less than 10,000 FTE student enrollment and less than three FTE eligible students per program. The Commissioner of Education shall allocate the value of the supplemental FTE based on documented evidence of the difference in the cost of the service and the amount of funds received in the district's FEFP allocations for the students being served. The supplemental value shall not exceed three FTE.

The Declining Enrollment Supplement shall be calculated based on 25 percent of the decline between the prior year and current year unweighted FTE students pursuant to section 1011.62(8), Florida Statutes.

From the funds in Specific Appropriations 7 and 90, \$64,456,019 is provided for Safe Schools activities and shall be allocated as follows: \$62,660 shall be distributed to each district, and the remaining balance shall be allocated as follows: two-thirds based on the latest official Florida Crime Index provided by the Department of Law Enforcement and one-third based on each district's share of the state's total unweighted student enrollment. Safe Schools activities include: (1) after school programs for middle school students; (2) middle and high school programs for correction of specific discipline problems; (3) other improvements to enhance the learning environment, including implementation of conflict resolution strategies; (4) behavior driven intervention programs that include anger and aggression management strategies; (5) alternative school programs for adjudicated youth that may include a web-based virtual system that results in mastery and certification, competency or credentials in the

following inter-related counseling disciplines necessary for success in education and the work environment, including adjustment, educational, employment and optimal mental health areas that will include, but are not limited to, anger and impulse control, depression and anxiety, self-esteem, respect for authority, personal behavior, goal setting, time and stress management, social and workplace adjustment, substance use and abuse, workplace soft skills, communication skills, work ethic, the importance of timeliness, attendance and the self-marketing skills for future educational and/or employment opportunities; (6) suicide prevention programs; (7) bullying prevention and intervention; (8) school resource officers; and (9) detection dogs. Each district shall determine, based on a review of its existing programs and priorities, how much of its total allocation to use for each authorized Safe Schools activity. The Department of Education shall monitor compliance with reporting procedures contained in section 1006.147, Florida Statutes. If a district does not comply with these procedures, the district's funds from the Safe Schools allocation shall be withheld and reallocated to the other school districts. Each school district shall report to the Department of Education the amount of funds expended for each of the nine activities.

From the funds in Specific Appropriations 7 and 90, \$648,910,576 is for Supplemental Academic Instruction to be provided throughout the school year pursuant to section 1011.62 (1)(f), Florida Statutes. From these funds, at least \$75,000,000, together with funds provided in the district's research-based reading instruction allocation and other available funds, shall be used by districts with one or more of the 300 lowest performing elementary schools based on the statewide, standardized English Language Arts assessment to provide an additional hour of instruction beyond the normal school day for each day of the entire school year for intensive reading instruction for the students in each of these schools. This additional hour of instruction must be provided by teachers or reading specialists who are effective in teaching reading, or by a K-5 mentoring reading program that is supervised by a teacher who is effective at teaching reading. Students enrolled in these schools who have level 5 reading assessment scores may choose to participate in the additional hour of instruction on an optional basis. ESE centers shall not be included in the 300 schools. The 300 lowest performing schools shall be the same schools as identified for the 2014-2015 fiscal year.

The Department of Education shall provide guidance to school districts for documentation of the expenditures for the additional hour of instruction to ensure that all local, state, and federal funds are maximized for the total instructional program and that the funds used for the additional hour of instruction in these 300 schools do not supplant federal funds. School districts shall submit a report to the Department of Education in a format prepared by the department that includes summary information, including funding sources, expenditures and student outcomes for each of the participating schools that shall be submitted to the Speaker of the House of Representatives, President of the Senate, and Governor by September 30, 2016. Pursuant to section 1008.32, Florida Statutes, the State Board of Education shall withhold funds from a school district that fails to comply with this requirement.

From the funds in Specific Appropriations 7 and 90, \$130,000,000 is provided for a K-12 comprehensive, district-wide system of research-based reading instruction. The amount

of \$115,000 shall be allocated to each district and the remaining balance shall be allocated based on each district's proportion of the total K-12 base funding. From these funds, at least \$15,000,000 shall be used to provide an additional hour of intensive reading instruction beyond the normal school day for each day of the entire school year for the students in the 300 lowest performing elementary schools based on the statewide, standardized English Language Arts assessment pursuant to sections 1008.22(3) and 1011.62(9), Florida Statutes. This additional hour of instruction must be provided by teachers or reading specialists who are effective in teaching reading. Students enrolled in these schools who have level 5 reading assessment scores may choose to participate in the additional hour of instruction on an optional basis. ESE centers shall not be included in the 300 schools. The 300 lowest performing schools shall be the same schools identified for the 2014-2015 fiscal year. Pursuant to section 1008.32, Florida Statutes, the State Board of Education shall withhold funds from a school district that fails to comply with this requirement.

From the funds provided in Specific Appropriations 7 and 90, \$225,830,113 is provided for Instructional Materials including \$11,925,049 for Library Media Materials, \$3,259,514 for the purchase of science lab materials and supplies, \$10,109,552 for dual enrollment instructional materials, and \$3,048,661 for the purchase of digital instructional materials for students with disabilities. The growth allocation per FTE shall be \$297.22 for the 2015-2016 fiscal year. School districts shall pay for instructional materials used for the instruction of public high school students who are earning credit toward high school graduation under the dual enrollment program as provided in section 1011.62(1)(i), Florida Statutes.

From the funds provided for Instructional Materials, \$165,000,000 shall be available to school districts to purchase instructional content as well as electronic devices and technology equipment and infrastructure. The purchases made in the 2015-2016 fiscal year must comply with the minimum or recommended requirements for instructional content, hardware, software, networking, security and bandwidth and the number of students per device as developed and published by the Department of Education. Prior to release of the funds by the department to the school districts, each school district shall certify to the Commissioner of Education an expenditure plan for the purchase of instructional content and technology. If the district intends to use any portion of the funds for technology, the district must certify that it has the instructional content necessary to provide instruction aligned to the adopted statewide benchmarks and standards. If the district intends to use the funds for technology the district must include an expenditure plan for the purchase of electronic devices and technology equipment and infrastructure that demonstrates the alignment of devices and equipment with the minimum or recommended requirements. The department shall provide a report to the Legislature on or before March 1, 2016, that summarizes the district expenditures for these funds.

From funds provided in Specific Appropriations 7 and 90, \$429,530,450 is provided for Student Transportation as provided in section 1011.68, Florida Statutes.

From funds provided in Specific Appropriations 7 and 90, \$45,286,750 is provided for the Teachers Classroom Supply Assistance Program and shall be given to teachers pursuant to section 1012.71, Florida Statutes. The allocation shall not be recalculated during the school year.

From the funds provided in Specific Appropriation 7 and 90, \$12,404,401 is provided for a Federally Connected Student Supplement to be calculated to support the education of students connected with federally-owned military installations, National Aeronautics and Space Administration (NASA) property, and Indian lands. The supplement shall be the sum of a student allocation and an exempt property allocation. To participate, districts must be eligible for federal Impact Aid funding under Section 8003, Title VIII of the Elementary and Secondary Education Act of 1965.

The student allocation shall be based on the total number of students, including students with disabilities, reported for federal impact aid who: 1) reside with a parent on active duty in the uniformed services or who is an accredited foreign government official and military officer, 2) reside on eligible Indian lands, or 3) reside with a civilian parent who lives or works on eligible federal property connected with a military installation or NASA. This third category shall be multiplied by a factor of 0.5. Students with disabilities shall also be counted separately for the first two categories. The total number of federally-connected students and the total number of students with disabilities shall be multiplied by 3 percent and 10.5 percent of the base student allocation, respectively. The exempt property allocation shall be equal to the tax-exempt value of federal impact aid lands reserved as military installations, real property owned by NASA, or eligible federally-owned Indian lands located in the district, multiplied by the millage authorized and levied under section 1011.71(2), Florida Statutes.

For the 2015-2016 fiscal year, this allocation shall be derived from the data reported by school districts for the federal Impact Aid Program, Section 8003, Title VIII of the Elementary and Secondary Education Act, for the 2015 federal fiscal year. The Department of Education shall establish a process to collect student enrollment for this allocation during the student surveys for application in subsequent fiscal years. Each district's Federally Connected Student Supplement for the 2015-2016 appropriation shall not be recalculated during the fiscal year.

Funds provided in Specific Appropriations 7 and 90 for the Virtual Education Contribution shall be allocated pursuant to the formula provided in section 1011.62(11), Florida Statutes. The contribution shall be based on \$5,230 per FTE.

Districts may charge a fee for grades K-12 voluntary, non-credit summer school enrollment in basic program courses. The amount of any student's fee shall be based on the student's ability to pay and the student's financial need as determined by district school board policy.

From the funds in Specific Appropriations 7 and 90, school districts may execute an appropriate contract for full-time virtual instruction through K-8 virtual schools that received funds from Specific Appropriation 93 of chapter 2008-152, Laws of Florida. School districts may expend a negotiated amount per student for each student who was enrolled and served during the 2014-2015 fiscal year and who is re-enrolled and eligible to be served during the 2015-2016 fiscal year. Each of the K-8 virtual schools shall provide to the Department of Education the name and address of each student who was enrolled and served during the 2014-2015 fiscal year and who is re-enrolled and is eligible to be served during the 2015-2016 fiscal year. The department shall verify the eligibility

of the students, assist with placement of each student in a school district virtual instruction program regardless of the student's district of residence, and assist the school district with executing an appropriate contract with an approved K-8 virtual school for payment for virtual instruction for each student. The maximum number of students to be funded pursuant to this provision is the number of students served in the 2014-2015 fiscal year.

Funds in Specific Appropriation 99A are provided to implement Florida's Best and Brightest Teacher Scholarship Program. The funds shall be used to award a maximum of 4,402 teachers with a \$10,000 scholarship based on high academic achievement on the SAT or ACT. To be eligible for a scholarship, a teacher must have scored at or above the 80th percentile on either the SAT or the ACT based upon the percentile ranks in effect when the teacher took the assessment and have been evaluated as highly effective pursuant to section 1012.34, Florida Statutes, or if the teacher is a first-year teacher who has not been evaluated pursuant to section 1012.34, Florida Statutes, must have scored at or above the 80th percentile on either the SAT or the ACT based upon the percentile ranks in effect when the teacher took the assessment. In order to demonstrate eligibility for an award, an eligible teacher must submit to the school district, no later than October 1, 2015, an official record of his or her SAT or ACT score demonstrating that the teacher scored at or above the 80th percentile based upon the percentile ranks in effect when the teacher took the assessment. By December 1, 2015, each school district, charter school governing board, and the Florida School for the Deaf and the Blind shall submit to the department the number of eligible teachers who qualify for the scholarship. By February 1, 2016, the department shall disburse scholarship funds to each school district for each eligible teacher to receive a scholarship. By April 1, 2016, each school district, charter school governing board, and the Florida School for the Deaf and the Blind shall provide payment of the scholarship to each eligible teacher. If the number of eligible teachers exceeds the total the department shall prorate the per teacher scholarship amount.

GRANTS AND AIDS - STRATEGIC STATEWIDE INITIATIVES

FROM GENERAL REVENUE FUND. 65,000,000

Funds in Specific Appropriation 105 are provided for:

Personal Learning Scholarship Accounts. 55,000,000
Standard Student Attire Incentive Fund. 10,000,000

All of the funds provided in Specific Appropriation 105 for Personal Learning Scholarship Accounts as provided in section 1002.385, Florida Statutes, shall be released to the Department of Education at the beginning of the first quarter of the fiscal year.

From the funds provided in Specific Appropriation 105 for Personal Learning Scholarship Accounts, \$53,398,058 is provided for scholarship awards. In addition to funds for scholarship awards, three percent of the amount of each award, up to \$1,601,942, is provided for reasonable and necessary administrative expenses for each scholarship funding organization's management and distribution of scholarships for this program. No funds may be used for lobbying or political activity or related expenses. Funds for administrative purposes shall only be provided if the scholarship funding organization has operated as a nonprofit entity for at least 3 fiscal years and has not had any findings of material weakness or material noncompliance in its most recent audit under section 1002.395(6)(m), Florida Statutes. A student's scholarship award shall not be reduced for administrative expenses, application fees, or debit card or electronic payment fees. If an eligible nonprofit scholarship funding organization charges an application fee for a scholarship, the application fee must be immediately refunded to the person who paid the fee if the student is determined to be ineligible for the program or placed on a wait list.

From the funds in Specific Appropriation 105, \$10,000,000 is provided for the Standard Student Attire Incentive Fund for school districts to establish and implement, consistent with guidelines established by the Department of Education, a district-wide, standard student attire policy to promote safe and supportive learning environments and improve school safety and discipline. The standard attire policy may prohibit types or styles of clothing and require solid colored clothing and fabrics for pants, skirts, shorts, or similar clothing, and short or long sleeved shirts with collars. The policy may authorize a small logo but may not authorize a motto or slogan. The policy must allow parent opt-out exceptions for religious purposes or by reason of a student's disability. A district school board that implements the policy, district-wide, for all students in kindergarten through grade 8 is immune from civil liability resulting from adoption of the policy.

A district school board that voluntarily adopts and implements a district-wide standard student attire policy that meets the requirements established by the Department of Education, shall receive an incentive funding award of \$10 per student for students in kindergarten through grade 8. Charter schools shall be eligible to participate. No later than September 1, 2015, the district superintendent shall certify to the commissioner that the district school board has implemented the approved district-wide, standard student attire policy. The commissioner shall subsequently make payment of awards to approved school districts in the order in which certifications from the district school superintendents are received, following procedures established by the department. The commissioner shall report to the Governor, President of the Senate, and Speaker of the House of Representatives by December 1, 2015, the status of implementation, and on June 30, 2016, shall submit a final report that summarizes the program and its effect on student learning.

Funds provided in Specific Appropriation 107 for Communication/Autism Navigator shall be awarded to the Florida State University College of Medicine for statewide implementation of an exceptional student education communication/autism navigator that includes core strategies and interventions through the Early Steps Program to increase the number of full integration placements of exceptional students into the standard classroom.

Funds provided in Specific Appropriation 107 for Auditory-Oral Education Grants shall only be awarded to Florida public or private nonprofit school programs serving deaf children in multiple counties, from birth to age seven, including rural and underserved areas. These schools must solely offer auditory-oral education programs, as defined in section 1002.391, Florida Statutes, and have a supervisor and faculty members who are credentialed as Certified Listening and Spoken Language Specialists.

The amount of the grants shall be based on the specific needs of each eligible student. Each eligible school that has insufficient public funds to provide the educational and related services specified in the Individual Education Plan (IEP) or Individual Family Service Plan (IFSP) of eligible students aged birth to seven years may submit grant applications to the Department of Education. Applications must include an itemized list of total costs, the amount of public funds available for those students without the grant, and the additional amount needed for the services identified in each students' respective IEP or IFSP. The department shall develop an appropriate application, provide instructions and administer this grant program to ensure minimum delay in providing the IEP or IFSP services for all eligible students. Each school shall be accountable for assuring that the public funds received are expended only for services for the eligible student as described in the application and shall provide a report documenting expenditures for the 2015-2016 fiscal year to the Department of Education by September 30, 2016.

Funds in Specific Appropriation 107, shall include, but not be limited to, allocations for the Florida Diagnostic and Learning Resource System (FDLRS) Associate Centers and the Florida Instructional Materials Center for the Visually Impaired.

The funds allocated in Specific Appropriation 118 for the Department of Education Workforce Education Student Information System are provided for continued implementation of the system during the 2015-16 fiscal year. The department shall determine districts to participate in the system based on the highest priority of need. The department is authorized to select a school district to serve as the coordinator of the system for assistance in development and deployment of the student information system in districts chosen by the department to participate. The system shall include student registration and reporting and tracking of instructional hours, student achievement levels, and industry credentials. Additional features of the system shall provide an on-line student registration with debit/credit card payment capability; case-management of all students enrolling,

including time on task and achievement benchmarks; case management for awarding and tracking student financial assistance; integrated electronic gradebook and student attendance components, including a student progression system to track student progress by course / program; an email system; capability to custom design multi-functional dashboards for use by administrators, teachers, and counselors; and standardized data reports that can be used to improve and enhance student achievement and school performance.

For programs leading to a career certificate or an applied technology diploma, and for adult general education programs, tuition and fees shall be assessed in accordance with section 1009.22, Florida Statutes.

Funds collected from standard tuition and out-of-state fees shall be used to support school district workforce education programs as defined in section 1004.02(25), Florida Statutes, and shall not be used to support K-12 programs or district K-12 administrative indirect costs.

The funds provided in Specific Appropriations 10, 116, and 118 shall not be used to support K-12 programs or district K-12 administrative indirect costs. The Auditor General shall verify compliance with this requirement during scheduled audits of these institutions.

Pursuant to the provisions of section 1009.26(1), Florida Statutes, school districts may grant fee waivers for programs funded through Workforce Development Education appropriations for up to eight percent of the fee revenues that would otherwise be collected.

From the funds provided in Specific Appropriations 10 and 118, each school district shall report enrollment for adult general education programs identified in section 1004.02, Florida Statutes, in accordance with the Department of Education instructional hours reporting procedures. The Auditor General shall verify compliance with this requirement during scheduled operational audits of the school districts.

District superintendents shall certify that workforce education enrollment and performance data used for funding allocations to districts is accurate and complete in accordance with reporting timelines established by the Department of Education. Upon certification, the district data shall be considered final for purposes of use in state funding formulas. After the final certification, the Department of Education may request a supplemental file in the event that a district has reported a higher level of enrollment or performance than was actually achieved by the district.

MILLAGE

MILLAGE OVERVIEW

Annually, property owners in St. Johns County pay property taxes. Part of their property taxes is levied by the School Board to support the St. Johns County School District.

This year, the proposed tentative levy is 7.228 and is composed of the following:

Required Local Effort	4.980
Basic Discretionary	0.748
Capital Improvement	<u>1.500</u>
Total Millage	7.228

The Required Local Effort Millage is an appropriated amount set by the Florida Department of Education. The School Board must levy this amount in order to receive state funding. The Required Local Effort Millage (Prior Year Adjustment) is an appropriated amount set by the Florida Department of Education. This millage is levied if the prior period Unrealized Required Local Effort funds are greater than zero. The district is required to levy this amount.

Basic Discretionary Millage is used by the School Board to support the general operation of the district. Though this millage is optional, it is an integral part of the Operating Budget. Since FY1991-1992, this millage had been set at .510 mills. For FY 2008-09, the Legislature capped this millage at .498.

For FY 2009-10, the Legislature further reduced the Capital Outlay Millage by .25 and added it to the Discretionary Millage. The Discretionary Millage is now set at .748 mills.

The Capital Improvement Millage is an amount levied to support the construction, maintenance and equipping of our schools. Its uses and implementation are set by the School Board. Since FY 1994-95, this millage was capped at 2.00 mills.

For FY 2008-09, the Legislature capped this millage at 1.750. The difference was used to help offset the increase in the Required Local Effort (RLE) to fund the FEFP formula. For FY 2009-10, the millage was further reduced by .25 mills and moved to the Discretionary Millage.

Page 116 outlines the history of these changes.

GENERAL FUND

GENERAL OPERATING FUND OVERVIEW 2015-16

The St. Johns County School District's General Fund or Operating Fund is the largest fund in the District's budget.

The General Operating Fund is used to pay the salaries and benefits of employees such as classroom teachers, school principals, school secretaries, and school custodians. The funds also are used to buy items such as textbooks, library books, classroom supplies, equipment, etc. In addition, these monies provide for such expenses as the schools' utility and communications bills.

The General Fund is supported mainly through the Florida Education Finance Program (FEFP). The funding source for the FEFP comes from two primary sources, state sales tax and local millage. The local millage is, of course, the property taxes collected in St. Johns County.

From 2008-09 through 2011-12, the St. Johns County School District had its amount of funds per student decreased by the legislative allocation process. While budgets were being reduced, the District remained (and still remains) responsible for managing student growth, maintaining the constitutional class-size requirements, opening of new schools and most recently implementing the new teacher and administrator evaluation system district-wide.

For example, the total funds per student in 2007-08 were \$7,202.43 and in 2015-16, the total funds per student are \$6,914.91. The 2015-16 funding is still \$287.52 lower than what was funded by the FEFP formula in 2007-08. To put that into perspective, if we were funded in 2015-16 at the same level as 2007-08, the District would receive approximately \$10.5 million in additional revenue that could be used for school operations.

Although the 2015 Legislature increased funding for St. Johns County schools by \$16.8 million, the financial and economic pressures still facing the District are tremendous. Due to several years' worth of declining property value and the legislatively reduced millage, revenues for the Local Capital Improvement Funds have declined significantly.

Transfers to the General Fund from Capital for the maintenance of our schools are now in jeopardy.

As this year's Operating Budget will total approximately \$309 million, Florida continues to be in the lowest tiers in terms of per student funding for operational needs when compared to other states. As previously mentioned, the funding did increase for 2015-16; however, the state has a long way to go to restore Florida K-12 funding to the 2007-08 level.

The following list reflects the budget cuts that were implemented since 2006. However, please note some of the personnel cuts have been restored, and others may be restored in the future as the economy continues to recover and demonstrates sustainable growth:

- Eliminated more than 300 positions
- Reduced energy cost by \$2.5 million (current cost avoidance is approximately \$33 million)
- Controlled the cost of the District's benefits package
- Delayed textbook purchases
- Reduced school operating budgets by 25 percent
- Reduced department operating budgets by 30 percent
- Reduced contractor payments by more than \$500,000
- Reduced the number of Youth Resource Officers in our schools from twenty-one to nine

These reductions have allowed the District to stabilize its operations since 2006 and to accumulate needed reserves to help balance our budget for the next couple of years. If there is no sustainable recovery in the state's economy and/or in the emphasis K-12 education receives from the Florida legislature within the next 24 months, public education in St. Johns County will face significant reductions in services for our students in 2017-18 or sooner.

The District's revenue and expenditure budgets have changed significantly since July 2014. Highlights are as follows:

- State & local funding has increased by approximately \$16,680,426.
- Per student funding for 2015-16 is \$6,914.91, which remains well below the 2007-08 per student funding of \$7,202.43.
- Student population for 2015-16 is projected to grow by 4.6 percent, or 1,605 students.
- As a result of the lack of previously experienced state funding, the loss of the stimulus funding, continued student growth and other downward pressures on the budget, the District could use approximately \$23.5 million from its fund balance to sustain school operations during 2015-16.
- The 2015-16 budget will provide 122 additional instructional staff units.
- The Board's contribution to the medical, dental and vision plans will increase by 12 percent for the 2015-16 fiscal year in an effort to allow revenues an opportunity to catch up with the claims experienced by the plans. In addition, the employees who participate in these benefit plans will also experience a similar increase in their premiums for the 2015-16 fiscal year.

Finally, the District's capital and maintenance expense budgets continue to be restricted. This is due mainly to the fact that the District is currently growing at 4.6 percent per year and has endured several years of declining capital revenue. In fact, the 2007-08 capital fund generated approximately \$46.8 million. The same capital fund will generate only \$31.7 million in 2015-16. This disparity is due mainly to the continuing negative impacts of previous years' declining property values as a result of the housing market collapse and the related economic meltdown. More importantly, the Florida Legislature reduced the allowable millage levy from 2.0 mills to 1.75 mills in 2008-09 and then again to 1.5 mills in 2009-10. It currently remains at 1.5 mills for 2015-16. For the foreseeable future, capital and maintenance projects must be prioritized with a focus on critical needs only. The District will be forced to move away from being prepared for growth and using preventive maintenance (in order to minimize costs), to only meeting critical needs. A backlog of growth and maintenance needs (deferred maintenance) will surely develop.

If the District does not see a leveling or improvement in per student spending in the future, it will be necessary to once again reduce operating and capital expenditures budgets so there is not an emergency when our fund balance has been exhausted.

In closing, past performance is a good predictor of future performance. To review our past financial performance, please visit our web page at www.stjohns.k12.fl.us. CALCULATION OF THE 2015-2016 FLORIDA EDUCATION FINANCE PROGRAM

In 1973, the Florida Legislature enacted the Florida Education Finance Program (FEFP), which offers as its purpose:

To guarantee to each student in the Florida public educational system the availability of programs and services appropriate to his (or her) educational needs which are substantially equal to those available to any similar student notwithstanding geographical differences and varying local economic factors.

The FEFP provides a formula that substantially determines the amount of money that will be available to the St. Johns County School District within its General Fund for the 2015-2016 fiscal year. The formula considers the varying local non-exempt assessed valuations for property taxing purposes, the costs of varying educational programs, the varying costs of providing education services within the vast geographic area of the state and the costs of education within a given school district. The actual formula for the 2015-2016 school year appears as follows:

PROJECTED WEIGHTED FTE		BASE STUDENT ALLOCATION		DISTRICT COST DIFFERENTIAL		SAFE SCHOOLS ALLOCATION		SUPPLEMENT ACADEMIC INSTRUCTION
39,625.79	x	\$4,154.45	x	0.9864	+	\$589,210.00	+	\$6,890,657.00
READING ALLOCATION		ESE GUARANTEED ALLOCATION		DJJ SUPPLEMENTAL ALLOCATION		DIGITAL CLASSROOM ALLOCATION		INSTRUCTIONAL MATERIALS
\$1,689,955.00	+	\$10,422,121.00	+	\$221,857.00	+	\$806,002.00	+	\$3,224,271.00
TRANSPORTATION		LEAD TEACHER		VIRTUAL EDUCATION CONTRIBUTION		PRORATION TO FUNDS AVAILABLE		GROSS STATE AND LOCAL FEFP
\$8,540,187.00	+	\$603,103.00	+	\$72,008.00	+	(\$73,788.00)	=	\$195,370,069.00

Approximately 63 percent of the available operating revenues are generated through the Florida Education Finance Program (FEFP). This formula now determines both categorical and non-categorical amount of dollars to be generated by the district and is composed of both state and local funds. The Legislature sets the Base Student Allocation (BSA), the District Cost Differential (DCD) and the program weights to be used as factors in the formula. The funded BSA for FY 2015-2016 is \$4,097.95 (BSA x District Cost Differential). This is an increase of \$127.46 as compared to FY 2014-2015 funded BSA of \$3,970.49.

Projected revenues, transfers, and fund balances for the General Operating Fund total \$309,382,166.17. State sources amount to \$131,959,548.00. This represents 43 percent of the operating revenues. It includes \$71,963,609.00 categorical/mandated funding (Transportation, Instructional Materials, Lead Teacher, School Recognition, Class Size Reduction, ESE Guarantee, DJJ Supplement, Digital Classroom Allocation, Safe Schools, Reading Allocation, SAI and Virtual Education) which are restricted to certain uses as determined by the Legislature and represent 23 percent of the operating revenues. Total local sources are projected at \$123,185,899.00. They are made up of taxes, interest earnings, and other miscellaneous revenues. Local sources make up approximately 40 percent of the operating revenues.

FLORIDA EDUCATION FINANCE PROGRAM DEFINITIONS/TERMS

FLORIDA EDUCATION FINANCE PROGRAM (FEFP):

The funding formula established by the Legislature in 1973 for funding public schools.

FULL TIME EQUIVALENT STUDENT (FTE):

A definition utilized in the state funding formula for identifying the student count for each district for the programs offered. Often referred to as unweighted FTE, it is student membership within the programs offered.

PROGRAM COST FACTORS:

Program cost factors serve to assure that each program receives its equitable share of funds in relation to its relative cost per student. The cost factors help recognize the varying costs among programs based on a three-year average.

WEIGHTED FTE:

This is derived by multiplying the unweighted FTE by the program cost factors.

BASE STUDENT ALLOCATION (BSA):

This is set annually by the Legislature. This is the amount a full-time equivalent student (FTE) will generate in a program with a cost factor of 1.00. For 2015-2016, the BSA is \$4,154.45.

DISTRICT COST DIFFERENTIAL (DCD):

This is used to adjust funding to reflect the differing costs of living in the various districts within the state. The DCD is based on the average of each district's three most recent years of the Florida Price Level Index. For St. Johns County, this figure for 2015-2016 is 0.9864.

BASE FUNDING:

This is derived by the following formula:

(Unweighted FTE x program cost factors x BSA x DCD)

SUPPLEMENTAL FUNDING:

Additional funding within the formula allocated for a specific purpose.

CAPITAL OUTLAY BUDGET FY 2015-2016

The Capital Outlay Budget for 2015-2016 is designed to support the St. Johns County School District Strategic Plan, provide for the continued implementation of the District's Building Program, provide necessary resources for maintenance, and support an increasing demand for technology.

The 2015-2016 Capital Outlay Budget reflects a gradual increase in local revenue, albeit still short of the funding trend of seven years ago, but a decline in state revenue to support capital needs.

The 2015-2016 Capital Outlay Budget includes funding for school expansions and a partial new school and several critical capital improvement projects. The Budget does not include adequate funding for planning and new construction in future years. The present funding condition has caused the District to defer some projects in both maintenance and construction. During the 2015-2016 school year, the Facilities Department will continue to evaluate the present plan for maintenance services and new construction.

The 2015-2016 Capital Outlay Budget is comprised of four parts:

Part I Summary Budget (pages 2-7) including summary of estimated revenue and appropriations (page 2), identifies new and continuing projects in summary (pages 3-5), identifies local millage and how it will be allocated (pages 6-7).

Part II Summary spreadsheet (page 8) by facility including Continuing Projects, New Projects, Equipment Purchases, Maintenance, Existing Conditions, and Facility Total.

Part III Distribution of Capital Outlay Equipment Allocation to schools (page 9).

Part IV Details of Capital Outlay Maintenance & Existing Conditions by facility (pages 10-26).

The 2015-2016 Capital Outlay Budget is built on the legislatively capped 1.5 millage rate. Likewise, the Five-Year Work Plan is also based on 1.5 mills over the next five years.

The Fund Balance/Continuing Projects were adjusted based on the final closeout of the 2014-2015 budget. Unencumbered funds from previous capital projects were reallocated to high priority current and future projects. Other adjustments, including additional revenues and allocations of the Fund Balance, were made prior to submittal of the Final Budget for approval.

Deputy Superintendent for Operations

These allocations are incorporated with State allocations and identified on Page 3 as the total "New Projects, Continuing Projects and Transfers" for 2015-2016. These appropriations are also used to identify the allocations as required in our Notice of Tax for School Capital Outlay on Page 7.

NOTICE OF TAX FOR SCHOOL CAPITAL OUTLAY

The St. Johns County School Board will soon consider a measure to continue to impose a **1.5 mill** property tax for the Capital Outlay projects listed herein.

This tax is in addition to the School Board's proposed tax of **5.728 mills** for operating expenses and is proposed solely at the discretion of the School Board.

THE PROPOSED COMBINED SCHOOL BOARD TAX INCREASE FOR BOTH OPERATING EXPENSES AND CAPITAL OUTLAY IS SHOWN IN THE ADJACENT NOTICE.

The Capital Outlay tax will generate approximately **\$31,703,669** to be used for the following projects:

FOOD SERVICE

FOOD SERVICE BUDGET OVERVIEW FY 2015-2016

The school district's Food Service Program is self-sustaining and is funded primarily through the National School Lunch Act, which provides federal reimbursement for meals served; and the sale of breakfast and lunch meals and a la carte food items, which is a local source of revenue.

Approximately 9,287 students in the school district are approved to receive free or reduced price meals each day. School cafeterias will serve more than 59,845 breakfasts and lunches each week.

Local sales also generate approximately 45,764 a la carte meals each week.

NOTICE OF PROPOSED TAX INCREASE

The St. Johns County School Board will soon consider a measure to increase its property tax levy.

Last year's property tax levy

- A. Initially proposed tax levy.....\$147,693,435
- B. Less tax reductions due to Value Adjustment Board and
other assessment changes.....\$27,257
- C. Actual property tax levy.....\$147,666,178

This year's proposed tax levy.....\$159,134,801

A portion of the levy is required under state law in order for the school board to receive **\$131,685,798** in state education grants.

The required portion has **increased** by **3.76** percent, and represents approximately **seven tenths** of the total proposed taxes.

The remainder of the taxes is proposed solely at the discretion of the school board.

All concerned citizens are invited to a public hearing on the tax increase to be held on July 30, 2015, at 5:30 P.M. at the St. Johns County School Board Meeting Room, 40 Orange Street, St. Augustine, Florida.

A **Decision** on the proposed tax increase and budget will be made at this meeting.

**NOTICE OF TAX FOR
SCHOOL CAPITAL OUTLAY**

The St. Johns County School Board will soon consider a measure to continue to impose a **1.5 mill** property tax for the Capital Outlay projects listed herein.

This tax is in addition to the School Board's proposed tax of **5.728 mills** for operating expenses and is proposed solely at the discretion of the School Board.

THE PROPOSED COMBINED SCHOOL BOARD TAX INCREASE FOR BOTH OPERATING EXPENSES AND CAPITAL OUTLAY IS SHOWN IN THE ADJACENT NOTICE.

The Capital Outlay tax will generate approximately **\$31,703,669** to be used for the following projects:

Background Information:

Each year, the St. Johns County School District must determine Revenue and Millages to be levied.

Required Local Effort	4.980
Basic Discretionary	0.748
Capital Improvement	<u>1.500</u>
Total Millage	7.228

Educational Impact:

These millages support a wide spectrum of educational opportunities across the district.

Strategic Plan Impact:

Our budget is a revenue and expense plan that ensures the financial stability for the district and the academic success of our students.

Fiscal Impact:

The 2015-2016 millage for Required Local Effort, Basic Discretionary, and Capital Improvement will contribute to the day-to-day operations of the district and the capital needs of the district, including the retirement of Certificates of Participation debt.

Recommendation:

Adoption of the Resolution Determining the 2015-2016 Revenue & Millage Levied for Required Local Effort, Basic Discretionary and Capital Improvement.
