

Service Learning Report Form

Describe what took place in each of the following service learning steps below. Assure that all questions are answered in the narrative.

1) Determining the Need

A) How did students decide on this project?

B) What research was involved to determine that this was a real community need?

2) Action Plan

A) Include the steps and timeframe and/or dates that activities occurred.

B) Describe all areas of curriculum where learning took place during this activity.

Project Activities

Describe activities that occurred to make this project complete, including dates.

Reflection (do individually and as a class effort)

A) Did students learn what was projected? Give examples.

B) Did the project meet the identified need?

C) What went well and what did not go well with the project?

D) What changes would you suggest for the future?

Demonstration

Have students share their project with an audience outside of the classroom/club. Possible audiences could be parents, other classrooms, PTO, business partners, school administrators, etc. Presentation can be verbal, and/or with media such as power point, slide show, DVD, etc.
