GENERAL INFORMATION

Facilities that are owned, operated, or maintained by the St. Johns County School District (District) for the conduct or support of educational programs may be made available for community purposes, provided that such use does not detract from the original and necessary purpose of the property or interfere with the educational programs of the schools. All use of facilities shall be in compliance with all applicable St. Johns County School Board Rules and Policies. Applying for facility use does not obligate the District or Site Administrator to lease to that potential lessee.

To maintain safety, security, and consistency in facility operations, the use of outside vendors by the lessee is strictly prohibited.

The following guidelines have been developed to implement procedures for use of school facilities.

CERTIFICATE OF LIABILITY INSURANCE REQUIREMENTS

All groups using school facilities must submit a current Certificate of Liability Insurance (COI) with their Facility Use Request. Governmental agencies may provide a statement of self-insurance, with limits pursuant to Florida Statute 768.28, in lieu of a COI.

The COI requirements are:

- **Commercial General Liability Coverage** must be indicated on an occurrence basis with minimum limits of \$1,000,000 per occurrence and \$2,000,000 general aggregate for property damage and bodily injury, including death to a third party.
- St. Johns County School Board must be listed as certificate holder and an Additional Insured as follows:

**St. Johns County School Board
40 Orange Street
St. Augustine, FL 32084**

Unless the COI reads as shown above, the certificate will be denied, and the request will be rejected.

- The COI must specify the general liability insurer's name affording coverage, the policy number, and effective dates. These dates must cover the date or dates being requested for the use of District facilities.
- The insured name on the COI must match the legal entity name on the Facilities Use Request.
- Where permitted by law, a waiver of subrogation or other rights to recovery against the St. Johns County School Board shall be indicated specific to the dates of use requested.
- The cancellation section of the COI must be completed.
- The COI must include an insurance broker or agency authorized representative signature.

See Sample Certificate of Insurance in Appendix B.

USER GROUPS

The primary purpose of District facilities is to support the delivery of educational services and programs to students. Accordingly, academic instruction, student extracurricular activities, staff development programs, and extended day care programs shall take precedence over all other uses except when facilities are required for community disaster shelter operations. User groups determine the fees charged to the facility user and the priority of use. The groups are defined as:

User Group 1: School-Based Organizations

User Group 1 includes activities directly organized, operated, and supervised by the District as part of official operations, and include instructional programs, athletics, and extracurricular activities that serve the students, parents, and teachers of the District.

Users in User Group 1 are not charged fees.

User Group 2: School Affiliated Organizations/Youth Organizations

User Group 2 includes school affiliated organizations that provide support to our schools such as PTAs, PTOs, and recognized booster clubs. Youth organizations are defined as secular and non-secular organizations that provide moral and character development programs that are consistent with the District's character development curriculum, and include Scouts BSA, Girl Scouts of America, 4-H, Campfire Girls, and Child Evangelism Fellowship/Good News Club.

Users in User Group 2 are not charged fees unless use of the facility results in non-scheduled work hours for a District employee.

User Group 3: Government and Community Agencies

User Group 3 includes recognized governmental and community agencies, primarily St. Johns County and its various municipal corporations, which provide programs which do not interfere with the operation of the school and do not conflict with programs operated and maintained by the District. These groups include but are not limited to city and county parks and recreation programs, and grant-funded partnerships that provide before and after-school tutoring or enrichment programs for District students. Activities exempted include town meetings sponsored by a municipality, voter precincts, and public hearings. These exempt activities are assessed at a User Group 1 level.

Users in User Group 3 are charged utility fees and personnel/service fees. When applicable, additional terms and conditions may apply.

User Group 4: Youth Athletic, Artistic, Recreational, and Educational Activities (When Program Participants are NOT Charged Fees)

User Group 4 includes organizations that provide District related community youth athletic, artistic, recreational, and educational activities and charge no fees to the students or their families other than the costs of any supplies and materials that may be consumed in the program.

Users in User Group 4 are charged utility fees, equipment fees, personnel/service fees and, when applicable, security/damage deposit. No facility use fees will be charged.

User Group 5: Private Interest or Non-Government Organizations

User Group 5 includes those citizens, associations, businesses, clubs, or other organizations who wish to use school facilities for commercial, for profit, or nonprofit purposes. Organizations include, but are not limited to, athletic, artistic, recreational, educational, economic, and faith or spiritual activities.

Users in User Group 5 are charged facility use fees, utility fees, equipment fees, personnel/service fees and, when applicable, security/damage deposit.

User Group 6A: Youth Athletic and Artistic Camps and Programs Conducted During District-Recognized School Breaks and Holidays Led by a Head Coach/Head Director, Employed by the District or Serving in an Adjunct Role (Non-Contract Hours Only)

User Group 6A consists of youth athletic and artistic camps, clinics, leagues, and related programs that are independently owned, operated, and directly managed by an active Head Coach/Head Director. Rates established under this User Group apply only to athletic or artistic programs overseen by the Head Coach/Head Director, and only at the facility where those services are provided.

Eligibility for User Group 6A rates shall commence upon the individual's employment or appointment by the District as a Head Coach/Head Director and shall remain in effect for the entirety of the applicable fiscal year, July 1 through June 30, regardless of the duration or timing of the athletic or artistic season associated with the assignment. Eligibility shall be subject to annual verification and renewal for each subsequent fiscal year.

Eligibility for User Group 6A rates shall terminate immediately upon resignation, retirement, non-renewal, termination, or any other separation from District employment or from the individual's appointment as a Head Coach/Head Director. Any facility use occurring after the effective date of such separation shall be assessed at the applicable rate for the appropriate user group.

Users in User Group 6A are charged facility use fees. At the discretion of the school, personnel/service fees may be incurred when an event or activity requires additional custodial services.

User Group 6B: Off Season Athletic Activities for Currently Enrolled Students Led by a Head Coach, Employed by the District or Serving in an Adjunct Role (Non-Contract Hours Only)

The District recognizes the value of providing student-athletes with opportunities for athletic development outside of their sport season. Head Coaches may be granted access to District athletic facilities for approved off-season activities directly related to their assigned sport and involving students enrolled at their school. Such requests must be submitted by and operated through the Head Coach's independent business, company, or organization. Activities shall comply with applicable FHSAA rules, School Board policies, and District procedures. Head Coaches may charge a reasonable participation fee subject to District approval.

All facility use must be approved through the District's facility reservation process and is subject to facility availability, maintenance schedules, and administrative approval. Facilities and equipment must be returned to the District in the same condition as provided, ordinary wear and tear excepted.

The Head Coach or designated representative of the independent business, company, or organization shall be present during all activities and is responsible for participant safety, facility security, and compliance with applicable laws, regulations, District policies, and FHSAA rules. The District reserves the right to deny, suspend, or revoke facility use privileges for violations of District policies, facility use requirements, safety regulations, FHSAA rules, or when in the best interest of the District.

Eligibility for User Group 6B rates shall terminate immediately upon resignation, retirement, non-renewal, termination, or any other separation from District employment or from the individual's appointment as a Head Coach.

Users in User Group 6B are charged facility use fees. At the discretion of the school, personnel/service fees may be incurred when an event or activity requires additional custodial services.

Facility users are responsible for all applicable Personnel/Service Fees associated with the District employee(s) required to be on-site to monitor activities and ensure the security of District property and facilities. District employees assigned as Facility Supervisors or providing Facility Oversight during a rental are not permitted to participate in the event. Their responsibilities are limited to monitoring the campus, responding to emergencies, and restocking supplies as needed.

For rentals occurring on weekends and other non-school days, the cost of one Facility Supervisor for the duration of the rental period may be added to the rental invoice. If the assigned Facility Supervisor is not a custodian, at least one custodian must also be assigned to the reservation. Custodians assigned to evening, weekend, or holiday rentals should not be expected to perform event-related cleaning during their regular workday. When Facility Oversight is provided by a custodian, additional staffing may not be required. However, additional custodial personnel may be assigned to events that are expected to require substantial cleanup or considerable time to restore the facility to its standard configuration for the following school day.

The school principal or site administrator reserves the right to require law enforcement and determine the number of officers necessary to be on-site for any event. Additionally, the renting organization shall at all times provide sufficient supervision of its activities and attendees.

Outstanding Balance/Overdue Accounts

Facility users with outstanding balances or overdue accounts will not be permitted to use District facilities until the outstanding balance is satisfied.

In-Kind Agreements for Civic or Community Connected Organizations

School facilities, such as auditoriums, cafeterias, classrooms, and stadiums, may be made available to civic or community connected organizations for specific, temporary, short-term purposes upon payment of the fees established by the School Board or, when approved by the school principal or site administrator, in exchange for non-monetary contributions that are considered to have equivalent value.

Equivalent value refers to the **fair market value** of the services, goods, or benefits provided by the third party in exchange for facility use. These contributions must be:

- **Tangible and measurable** (e.g., tutoring services, after-school programs, maintenance work, equipment donations);
- **Comparable in value** to what the district would have charged in rental or usage fees; and
- **Documented in the request** to ensure transparency and compliance with district policies and state law.
