

Please Note:

All standards are designed to be learned by the end of the course. This guide represents a recommended time line and sequence to be used by teachers for planning purposes. Specific questions regarding when content will actually be addressed in a specific course is best answered by the individual teacher. In general, teachers should remain within 1-2 weeks of the suggested pacing. The list of terms and concepts is not an all-inclusive list.

Teachers may use a wide variety of instructional materials throughout their course. The possible resources listed may include the district adopted instructional resource or supplemental resources that align to the topic and/or standard. These possible resources provide sample problems that align to the topic/standard.
