Specific questions regarding when content will actually be addressed in a specific course is best answered by the individual teacher. In general, teachers should remain within 1-2 weeks of the suggested pacing.

Teachers may use a wide variety of instructional materials throughout their course. Resources may include district adopted instructional resources or supplemental resources that align to the topic and/or standard.

DBQ Project

The documents from each designated DBQ Project assignment should be woven into your instruction for the corresponding unit. Whenever possible, use the documents to introduce the content. Avoid utilizing the DBQ Project as a stand-alone activity.

* Required Instruction per Florida statute is embedded at several points throughout the year.
