

Please Note:

This guide represents a recommended time line and sequence to be used voluntarily by teachers for planning purposes. Specific questions regarding when content will actually be addressed in a specific course is best answered by the individual teacher. In general, teachers should remain within 1-2 weeks of the suggested pacing.

Teachers may use a wide variety of instructional materials throughout their course. Resources may include district adopted instructional resources or supplemental resources that align to the topic and/or standard.

* Required Instruction per Florida statute is embedded at several points throughout the year.
