Honors Biology - Year at a Glance	
• • • • • • • • • • • •	Course # 2000320
knowledge of variou in critical thinking. discussions, writing	State standards require your child's science teacher to plan lessons that build us scientific concepts, develop the ability to apply these concepts, and engage students To achieve these goals, students will take part in a range of activities including reading, , lab activities and projects, and more. Safety is paramount in science labs and your ensure a safe learning environment.
	What is the purpose of this course?
<ul><li>heredity and</li><li>A passing gr</li></ul>	l explore biological concepts that include molecular and cellular biology, classification, evolution, and ecosystems. rade in this course is required to satisfy state graduation requirements. Students who s course will take the state end of course exam which comprises 30% of their grade for
	What will students be learning in this course?
	Topics
Quarter 1	<ul> <li>The Nature of Science</li> <li>Organic Molecules</li> <li>Properties of Water</li> <li>Cell Theory, Structure and Function of all Cell Types</li> </ul>
Quarter 2	<ul> <li>DNA Replication</li> <li>Protein Synthesis</li> <li>Cell Cycle, Mitosis, and Meiosis</li> <li>Genetics</li> </ul>
Quarter 3	<ul> <li>Natural Selection/Evolution</li> <li>Classification</li> <li>Plants</li> <li>Photosynthesis/Cellular Respiration</li> </ul>
Quarter 4	<ul> <li>Food webs</li> <li>Biogeochemical Cycles</li> <li>Populations</li> <li>Renewable/Nonrenewable Resources</li> <li>Circulation, The Brain, Reproductive System</li> </ul>
	Possible Support Resources
Student tutorials: <u>h</u> Bozeman Science v	Biological Topics: <u>https://www.youtube.com/user/AmoebaSisters</u> <u>ttps://www.floridastudents.org/#29 0 0 0</u> ideos: <u>http://www.bozemanscience.com/</u> her's site will have assignment information

Courses are designed so that all standards will be learned by the end of the course. This guide represents a recommended timeline and sequence to be used voluntarily by teachers for planning purposes. Specific questions regarding when content will y be addressed in a specific course are best answered by the individual teacher.
