2024-2025

Please Note:

This guide represents a recommended timeline and sequence to be used voluntarily by teachers for planning purposes. Specific questions regarding when content will be addressed in a specific course is best answered by the individual teacher. In general, teachers should remain within 1-2 weeks of the suggested pacing.

Teachers may use a wide variety of instructional materials throughout their course. Resources may include district adopted instructional resources or supplemental resources that align to the instructional standards.

DBQ Project

The documents from each designated DBQ Project assignment should be woven into your instruction for the corresponding unit. Whenever possible, use the documents to introduce the content. Avoid utilizing the DBQ Project as a stand-alone activity.

Required Instruction

Per Florida Statute 1003.42, Required Instruction is embedded at several points throughout the year. Please plan to incorporate this instruction when it is assigned in the pacing guide.

Common Summative Assessment (CSA)

One district CSA will be administered per quarter. The CSA will serve as the summative for its assigned unit.
